## U.S. Ready To Push For Broad Mideast Stabilization Plan

### Security Council Of U.N. Prepares To Call Assembly

UNITED NATIONS, N.Y. (AP)—The United States will urge a broad stabilization program for the Middle East when the U.N. General Assembly gathers in emergency session next week.

Informed sources said Wednesday the United States will push a plan that calls for handing over to the United Nations a key role in keeping the Middle East stable. Details have not been worked out.

The 11-nation Security Council meets Thursday afternoon to consider rival U.S. and Soviet proposals for the emergency session of the Middle East.

**Council To Act Swiftly**

The Council is expected to act without delay. The U.S. proposal is given the best chance of winning the required seven votes. The veto does not apply.

While U.N. rules say an emergency session must be convened within 24 hours after the Council acts, most delegates believe that the 81-nation Assembly will not be under way until next Tuesday.

The White House said President Eisenhower is considering whether to deliver the opening speech for the United States. Eisenhower told his news conference he wants the Assembly to discuss the whole range of Mideast problems.

**Constructive Approach**

The United States believes that a constructive approach will win the most support, especially from nations who do not want to see the Assembly turn into a bitter propaganda exchange between East and West.

Informants said the United States wants to deal with at least three major problems in the Middle East—Arab nationalism, economic development, and the Palestine refugee situation.

Britain gave outright support to the U.S. resolution but France only grudging approval. A French Foreign Ministry spokesman said his country would go along, but expressed doubt that the emergency session would settle anything.

**DENIAL** — Teamster Union President James R. Hoffa points a finger toward the Senate Rackets Committee as he undergoes quizzing about his finances. Hoffa denied he received any part of a $17,500 payoff made by Detroit laundry owners to avert a strike in 1949. But Hoffa said he couldn't go into details about $60,322 of his income between 1948 and 1956. He said he won most of it gambling on horse races. **(AP Photofax)**

## President Signs Bill Revamping Defense Setup

WASHINGTON (UPI) — President Eisenhower signed into law Wednesday legislation to streamline the Defense Department for the nuclear-space age and give him firmer control over the nation's military machine.

The President hailed the new law as "a major advance in our organization for defense." He said Defense Secretary Neil H. McElroy was beginning at once to carry out its provisions.

Eisenhower's signature on the defense reorganization bill ended one of the hottest disputes of the current legislative session between Congress and the administration.

The final version was worked out by a House-Senate conference committee and gave Eisenhower most, but not all, he wanted in the way of power to revamp the Defense Department.

The new law is designed to:

1. Facilitate strategic operations by authorizing unified combat commands to be directed through a streamlined chain of command stretching directly to the President and the defense secretary.

2. Strengthen the defense secretary's control over the various armed services and cut down on friction within the Defense Department.

3. Beef up the defense department's research and development program by creating a new post of director of defense research and engineering.

The new law also requires that the Defense Department report to the House and Senate Armed Services Committee any peacetime changes in statutory missions of the armed services. This was to quiet fears the Marines, naval aviation or the National Guard might be swallowed up or abolished.

## Defense Fund Compromise Worked Out

WASHINGTON (UPI) — A House-Senate conference committee agreed Wednesday night on a compromise $39,602,827,000 defense money bill carrying $815,857,000 more than President Eisenhower originally requested.

The military spending total was $1,193,266,000 more than the House approved and $440,165,000 less than the record peacetime figure approved by the Senate.

The House quickly arranged to act on the compromise Thursday.

The conferees achieved the cut in the Senate total by chopping out 108 million dollars for 13 new B52 bombers, eliminating 18 million dollars for 30 F27 jet transports and cutting to 51 million dollars a Senate figure of 111 million dollars for 30 jet tankers.

The conferees just about split the difference between the House and Senate bills for the three military services, voting to give $17,877,624,000 to the Air Force, $11,359,427,000 to the Navy and $8,992,859,000 to the Army.

The President originally sought $17,652,854,000 for the Air Force, $10,870,181,000 for the Navy and $8,953,535,000 for the Army.

## Ike To Attend U.N. Session If Desirable

### U.S. Ready To Join In Any Middle East Plan Insuring Peace

WASHINGTON (UPI) — President Eisenhower offered Wednesday to support any United Nations plan that would guarantee Middle East nations against aggression or infiltration and provide economic aid to the area.

In a new challenge to Soviet Premier Nikita S. Khrushchev, he told a news conference he hoped Russia would join in any such U. N.-backed border guarantees and then "actually observe its commitments."

The President also declared he would be willing to attend the emergency Mideast session of the U. N. General Assembly which is expected to open in New York next week—provided it was necessary or desirable. But he said he had no present plans to do so.

**"Master Stroke"**

Several members of Congress promptly urged him to go. Sen. John J. Sparkman (D-Ala.) of the Senate Foreign Relations Committee said it would be a "master stroke" if the President could take the initiative before the assembly.

The Middle East crisis dominated the President's first news conference since July 2—and his first since he dispatched U. S. troops to Lebanon on July 15. He looked well and said he felt fine despite the hectic events of the past month.

The President said Khrushchev did not kill all possibility of a summit meeting when the Soviet leader suddenly switched tactics Tuesday and called instead for a General Assembly meeting on the Mideast.

**Full Airing Of Problem**

Eisenhower, who snapped up Khrushchev's proposal — but on this country's terms—said he still was willing to attend a summit conference if there was sufficient advance planning to make it worthwhile.

The President served notice that the United States would not permit any U. N. assembly meeting to be limited to Russia's charge that the United States was guilty of aggression in sending troops into Lebanon.

He said this country wants a full airing of the whole Middle Eastern problem, not a discussion limited to "little Lebanon".

## Hemispheric Summit Talks Set This Year

RIO DE JANEIRO (AP)—Secretary of State Dulles and President Juscelino Kubitschek have agreed on a summit conference later this year of the 21 American presidents, official sources said Wednesday.

Dulles is flying back to Washington after winding up his 2½-day visit during which he reviewed world affairs and inter-American relations with Brazilian leaders.

Sources at the presidential palace said the 21 American ambassadors will meet in Washington next month to arrange for the presidents' meeting, to be held as soon as groundwork can be laid.

Purpose of the meeting would be to bind the American nations closer politically and economically. It would mark the first gathering of American presidents since July 1956.

### Weekend On Farm

WASHINGTON (AP)—President Eisenhower is planning to spend this weekend at his Gettysburg, Pa., farm.

## *House Approves Labor Pension Plan Safeguards*

WASHINGTON (AP) — The House Wednesday shouted passage of a bill requiring public reporting of labor pension and welfare plans.

Passage by voice vote came after the House had defeated by a 131-104 standing vote a proposal by Rep. Albert H. Bosch (R-NY) to exempt employer-run "level-of-benefit plans."

These are programs set up by an employer who guarantees a definite amount of benefits to an employe. Management, employes or both pay the cost of various such plans.

The Senate has previously passed a bill requiring disclosure of welfare - pension plans. Differences between the two bills remain to be worked out.

With the failure of the Bosch amendment, the House bill requires administrators of all plans to make available to the participants a description of the plan and an annual report of its financial operations. Copies would have to be filed with the secretary of labor.

The bill was helped through Congress by disclosures of abuses, in hearings of the Senate Rackets Investigation Committee, of various pension and welfare funds in prior years.

The AFL-CIO has supported the legislation, to cover all types of plans, not just those managed by unions.

Rep. Ludwig Teller (D-NY), author of the House bill, said there was heavy pressure for the Bosch amendment from the National Assn. of Mfrs., the U.S. Chamber of Commerce and insurance firms.

## "Human Torch" Story Doubted By Authorities

PONTIAC, Mich. (UPI)—Investigators punched holes today in union boss Frank Kierdorf's statement that two strangers turned him into a human torch, and started questioning officials of James R. Hoffa's Teamsters Union for clues to the full story of his burning.

They sought to learn whether Kierdorf was burned accidentally, perhaps in a bombing attempt.

Michigan Attorney General Paul L. Adams took direct control of the inquiry and said "There appears to be a tie-up with Hoffa-type unionism."

Louis Linteau, a former vice president of Teamsters Local 614, which is under the trusteeship of Hoffa's international union, was the first union official questioned.

He was followed by Frank Orsini, Hoffa-appointed trustee of the Pontiac local.

Authorities said Linteau shortly after World War II was sentenced for extortion of about $100,000 from Detroit-area contractors.

Investigators kept mum as to the exact nature of the questioning and what, if anything, they learned from the union men.

Adams moved into the case at the direction of Gov. G. Mennen Williams after chief assistant prosecutor George F. Taylor of Oakland County branded Kierdorf's story of being abducted and set afire as a "complete" and "deliberate" lie.

Authorities at Flint investigated a fire, which witnesses said was preceded by an explosion or "loud bang," at the Latreille Cleaners at the east edge of the city.

Firemen said the blaze was reported at 10:50 p.m. Sunday, about a half hour after Kierdorf, by his own story, left his home and about two hours before he turned up seared and dazed at the hospital entrance.

George Latreille, owner of the cleaning shop, was picked up by state police and questioned Wednesday. Firemen said first reports listed the cause of the fire as a short circuit.

Adams confirmed that an arson investigation is under way in the cleaning establishment fire but declined to say whether he thought there was a connection between the fire and Kierdorf's burns.

## Conferees Approve 4-Year Trade Plan

WASHINGTON (AP)—A Senate-House conference committee agreed Wednesday on a compromise to extend the reciprocal trade program four years and give the president authority to cut tariffs 20 per cent.

This falls short of the five-year 25-per-cent bill asked by President Eisenhower but not so short that he was not expected to accept it.

The outlook was for quick, final approval by the House, Senate and White House, thereby removing one more obstacle in the road to adjournment of Congress.

## Ike Warns Against Price, Wage Boosts

WASHINGTON (AP)—President Eisenhower said Wednesday that the American buying public will rebel and cause real trouble unless labor goes easy on wage demands and businessmen refrain from "robbing the public."

Eisenhower spoke out spiritedly on this point at a news conference mainly devoted to the Middle East, but touching also on home front problems, including what he frankly termed the depression.

He showed much more concern about the inflationary trends than he did about the economic downturn—which has brought him, he said, a constant stream of day-and-night problems. He added quickly, however, that his doctors say he is in good shape.

On the Middle East, Eisenhower said he has no particular intentions to attend the United Nations General Assembly session called for by the Soviet Union and agreed to by this country. But he said he might go "if I found it necessary or desirable."

The President did not rule out, either a possible summit meeting which would bring him together with Soviet Premier Khrushchev and the British and French heads of government. He said this country insists, however, that there must be preparatory talks to lay the groundwork.

On other points, Eisenhower said:

1. He hasn't changed his mind about Sherman Adams. A woman reporter nettled Eisenhower somewhat by asking how, in the light of a speech he made earlier this year to the effect that government employes must be beyond reproach, he can justify retaining Adams and several other White House employes who have accepted gifts from Boston industrialist Bernard Goldfine.

Eisenhower replied crisply that he has made his position clear on the subject and will say no more. He had said previously that Adams may have been indiscreet in taking favors from Goldfine but that Adams is a man of integrity and one that he needs as his top assistant.

2. He is willing to meet Virginia Gov. J. Lindsay Almond for a talk about school desegregation — an issue increasingly tense as a new school year approaches — if the governor wants to see him. Rep. Joel T. Broyhill (R-Va) suggested such a meeting. Eisenhower said he hadn't heard of the suggestion.

3. He thinks Congress has a pretty good record of accomplishment on his legislative program but: "I am not yet satisifed, and they are not yet through." On one specific area of legislation, Eisenhower said he's prepared to approve a bill aimed at correcting labor - management abuses even though it may be not be just what he recommended.

## House Defeats Bill To Lower Farm Supports

WASHINGTON (AP) — Republicans and big - city Democrats teamed Wednesday to defeat a House farm bill Speaker Sam Rayburn (D-Tex) announced that killed any hope for farm legislation this year.

"We have been up and down this hill as many times as I care to go this year," he said tartly, putting blame for the defeat on the Republicans.

The Senate already has passed a farm bill that has Eisenhower administration backing. The House bill would have lowered price supports and provided some administration goals.

But Rayburn said Republicans twice before this year had teamed up to kill Democratic-backed agricultural proposals and he had had enough. President Eisenhower vetoed one bill and the House voted not even to take up another.

The bill came up for a House vote under a take-it-or-leave-it procedure prohibiting amendments and calling for a two-thirds majority for passage.

The roll call produced a 210-186 majority in favor of the bill—but that was 54 votes short of the required two-thirds and thus was defeated.

Voting for the bill were 172 Democrats and 38 Republicans. Against it were 38 Democrats and 148 Republicans.

## Kidnaper Refused Stay Of Execution

NEW HAVEN, Conn. (UPI) — Angelo La Marca, confessed kidnap-slayer of infant Peter Weinberger, lost his last court battle Wednesday in his two year fight to escape death in Sing Sing Prison's electric chair.

Judge Carroll C. Hincks of the Federal Court of Appeals, refused to hear a plea for a stay of execution for the 33-year-old mechanic who snatched month - old Peter from his carriage behind his Long Island home on July 4, 1956, and left him to die under a roadside bush.

La Marca thus was doomed to electrocution at 11 p.m. e.d.t. Thursday, unless he wins a reprieve from New York Gov. Averall Harriman.

## Nasser Makes Murphy Cool Heels All Day

CAIRO (AP)—President Nasser kept President Eisenhower's special envoy Robert Murphy waiting around all day in Cairo and then received him at the Nasser home in mid-evening.

They had a four-hour talk. No comment was available from either as to the details.

Murphy was flanked by U. S. Ambassador Raymond Hare and Nasser by his chief political advisers.

At about the same time in the leap-frogging diplomatic game on the Mideast front, Egypt's Middle East news agency reported Nasser's Field Marshal Abdel Hakim Amer had talked in Saudi Arabia with King Saud.

The Amer-Saud meeting was as much of a surprise as Murphy's heels-cooling in Cairo was not a surprise.

Amer is Nasser's No. 1 young revolutionary sidekick who as commander-in-chief of the United Arab Republic is in charge of the Egyptian and Syrian armed forces.

His flying trip to King Saud's summer residence for talks with the monarch who sits on an ocean of American-developed oil represented a somewhat sensational development.

Not long ago Nasser was accusing King Saud of financing a plot to assassinate him. But recently the Egyptian press has not mentioned Saud at all. The nature of the Amer-Saud talks was not disclosed.

MINNEAPOLIS (AP)—Thunder and lightning scare the wits out of Missie, the collie companion of four airline stewardesses here.

## *Steel Union Head Denies He'll Quit; Charges 'Plot'*

WASHINGTON, Pa. (UPI) — David J. McDonald charged Wednesday reports that he would resign as president of the United Steelworkers Union were part of a "vicious plot" to discredit organized labor.

"There is a well-designed plan, a scheme on the part of representatives of big business in our country today to discredit organized labor in every way they possibly can," McDonald told more than 300 delegates to a USW District 13 conference.

"I'm conceited enough to know that this organization needs David McDonald now, more than ever."

McDonald's denial was his first forceful repudiation of an article in Fortune Magazine predicting he would quit the union presidency under rank-and-file pressure. The story referred to McDonald's alleged "vanity."

"Many of the shafts being thrown at us now are meant simply to set the stage for the crucial negotiations we will have with the steel industry next summer," he said.

McDonald said the National Association of Manufacturers, the U. S. Chamber of Commerce, the Committee for Constitutional Government and the National Right to Work Committee were spending millions of dollars "to discredit us."

McDonald, who succeeded the late Philip Murray as head of the 1,200,000 - member union, pleaded for an end of disputes within the union.

"Right at this minute, I believe we could count on the Steelworkers to rally to the union and cope with any emergency," he said.

## Says Income Was Boosted By Gambling

### Business Partner Of Teamster Boss Refuses To Talk

WASHINGTON (AP)—James R. Hoffa denied at the top of his voice Wednesday that he got any part of a $17,500 payoff made by Detroit laundry owners to avert a strike in 1949.

But the president of the Teamsters Union told the Senate Rackets Committee he couldn't go into details about $60,322 of his income between 1948 and 1956.

He won most of it gambling on horse races, Hoffa said, and the details would have to come from his friend and business partner, Owen Bert Brennan, who owns a racing stable and a racetrack.

Shouting and arguing, Hoffa gave the senators a busy couple of hours.

**Brennan Invokes Fifth**

Asked about hearsay testimony that he might have shared in the $17,500 payoff, Hoffa said loudly: "I deny that under oath. I didn't get it." Or any part of it, he added under questioning by Robert F. Kennedy, committee counsel.

The committee called on Brennan, an international vice president of the Teamsters, for an explanation of Hoffa's income but found itself on a familiar dead end street. Brennan invoked the Fifth Amendment.

Through his lawyer, George S. Fitzgerald of Detroit, he pleaded that his income taxes are under investigation and he didn't want to be a witness against himself.

Chairman John L. McClellan (D-Ark) tried to induce him to talk by promising that he would not be asked anything about his own winnings or his personal finances, only about Hoffa's.

**Gambling Gains Listed**

"You can cooperate (confer) with him," McClellan said. "If you made bets for Mr. Hoffa and turned the winnings over to him, it will corroborate Mr. Hoffa."

But Brennan still refused to answer questions.

A committee investigator read off figures from Hoffa's income tax returns. The $60,322 share of his income was listed as gambling gains, miscellaneous earnings and collections received.

"How can you be in gambling games for a period of eight years and continuously win?" Kennedy asked Brennan. The witness refused to answer.

Hoffa's Washington lawyer, Edward Bennett Williams, accused the committee of treating his client unfairly.

## Debt Lid Hike Voted By House

WASHINGTON (UPI) — The House voted 286-108 Wednesday to grant President Eisenhower's request for authority to let the national debt rise to an all-time peak of 288 billion dollars to cover climbing federal costs.

The measure now goes to the Senate for final congressional action some time before the lawmakers wind up their legislative chores for the year, probably late next week. There seemed no question but what it would pass.

The legislation was designed to enable the Treasury to borrow needed funds during the next few critical months when spending is scheduled to jump sharply for defense and anti-recession programs while income will be down because of the recession.

The bill would raise the permanent debt ceiling from 275 to 285 billion dollars and the temporary top from 280 to 288 billion.

### Weekend On Farm

WASHINGTON (AP)—President Eisenhower is planning to spend this weekend at his Gettysburg, Pa., farm.

## Defense Fund Compromise Worked Out

WASHINGTON (UPI) — A House-Senate conference committee agreed Wednesday night on a compromise $39,602,827,000 defense money bill carrying $815,857,000 more than President Eisenhower originally requested.

The military spending total was $1,193,266,000 more than the House approved and $440,165,000 less than the record peacetime figure approved by the Senate.

The House quickly arranged to act on the compromise Thursday.

The conferees achieved the cut in the Senate total by chopping out 108 million dollars for 13 new B52 bombers, eliminating 18 million dollars for 30 F27 jet transports and cutting to 51 million dollars a Senate figure of 111 million dollars for 30 jet tankers.

## "Human Torch" Story Doubted By Authorities

PONTIAC, Mich. (UPI)—Investigators punched holes today in union boss Frank Kierdorf's statement that two strangers turned him into a human torch, and started questioning officials of James R. Hoffa's Teamsters Union for clues to the full story of his burning.

They sought to learn whether Kierdorf was burned accidentally, perhaps in a bombing attempt.

Michigan Attorney General Paul L. Adams took direct control of the inquiry and said "There appears to be a tie-up with Hoffa-type unionism."

Louis Linteau, a former vice president of Teamsters Local 614, which is under the trusteeship of Hoffa's international union, was the first union official questioned.

He was followed by Frank Orsini, Hoffa-appointed trustee of the Pontiac local.

Authorities said Linteau shortly after World War II was sentenced for extortion of about $100,000 from Detroit-area contractors.

Investigators kept mum as to the exact nature of the questioning and what, if anything, they learned from the union men.

Adams moved into the case at the direction of Gov. G. Mennen Williams after chief assistant prosecutor George F. Taylor of Oakland County branded Kierdorf's story of being abducted and set afire as a "complete" and "deliberate" lie.

Authorities at Flint investigated a fire, which witnesses said was preceded by an explosion or "loud bang," at the Latreille Cleaners at the east edge of the city.

Firemen said the blaze was reported at 10:50 p.m. Sunday, about a half hour after Kierdorf, by his own story, left his home and about two hours before he turned up seared and dazed at the hospital entrance.

George Latreille, owner of the cleaning shop, was picked up by state police and questioned Wednesday. Firemen said first reports listed the cause of the fire as a short circuit.

Adams confirmed that an arson investigation is under way in the cleaning establishment fire but declined to say whether he thought there was a connection between the fire and Kierdorf's burns.

## Hemispheric Summit Talks Set This Year

RIO DE JANEIRO (AP)—Secretary of State Dulles and President Juscelino Kubitschek have agreed on a summit conference later this year of the 21 American presidents, official sources said Wednesday.

Dulles is flying back to Washington after winding up his 2½-day visit during which he reviewed world affairs and inter-American relations with Brazilian leaders.

Sources at the presidential palace said the 21 American ambassadors will meet in Washington next month to arrange for the presidents' meeting, to be held as soon as groundwork can be laid.

Purpose of the meeting would be to bind the American nations closer politically and economically. It would mark the first gathering of American presidents since July 1956.

## Ike Warns Against Price, Wage Boosts

WASHINGTON (AP)—President Eisenhower said Wednesday that the American buying public will rebel and cause real trouble unless labor goes easy on wage demands and businessmen refrain from "robbing the public."

Eisenhower spoke out spiritedly on this point at a news conference mainly devoted to the Middle East, but touching also on home front problems, including what he frankly termed the depression.

He showed much more concern about the inflationary trends than he did about the economic downturn—which has brought him, he said, a constant stream of day-and-night problems. He added quickly, however, that his doctors say he is in good shape.

On the Middle East, Eisenhower said he has no particular intentions to attend the United Nations General Assembly session called for by the Soviet Union and agreed to by this country. But he said he might go "if I found it necessary or desirable."

The President did not rule out, either a possible summit meeting which would bring him together with Soviet Premier Khrushchev and the British and French heads of government. He said this country insists, however, that there must be preparatory talks to lay the groundwork.

On other points, Eisenhower said:

1. He hasn't changed his mind about Sherman Adams. A woman reporter nettled Eisenhower somewhat by asking how, in the light of a speech he made earlier this year to the effect that government employes must be beyond reproach, he can justify retaining Adams and several other White House employes who have accepted gifts from Boston industrialist Bernard Goldfine.

Eisenhower replied crisply that he has made his position clear on the subject and will say no more. He had said previously that Adams may have been indiscreet in taking favors from Goldfine but that Adams is a man of integrity and one that he needs as his top assistant.

2. He is willing to meet Virginia Gov. J. Lindsay Almond for a talk about school desegregation — an issue increasingly tense as a new school year approaches — if the governor wants to see him. Rep. Joel T. Broyhill (R-Va) suggested such a meeting. Eisenhower said he hadn't heard of the suggestion.

3. He thinks Congress has a pretty good record of accomplishment on his legislative program but: "I am not yet satisifed, and they are not yet through." On one specific area of legislation, Eisenhower said he's prepared to approve a bill aimed at correcting labor - management abuses even though it may be not be just what he recommended.

## House Defeats Bill To Lower Farm Supports

WASHINGTON (AP) — Republicans and big - city Democrats teamed Wednesday to defeat a House farm bill Speaker Sam Rayburn (D-Tex) announced that killed any hope for farm legislation this year.

"We have been up and down this hill as many times as I care to go this year," he said tartly, putting blame for the defeat on the Republicans.

The Senate already has passed a farm bill that has Eisenhower administration backing. The House bill would have lowered price supports and provided some administration goals.

But Rayburn said Republicans twice before this year had teamed up to kill Democratic-backed agricultural proposals and he had had enough. President Eisenhower vetoed one bill and the House voted not even to take up another.

The bill came up for a House vote under a take-it-or-leave-it procedure prohibiting amendments and calling for a two-thirds majority for passage.

The roll call produced a 210-186 majority in favor of the bill—but that was 54 votes short of the required two-thirds and thus was defeated.

Voting for the bill were 172 Democrats and 38 Republicans. Against it were 38 Democrats and 148 Republicans.

## Nasser Makes Murphy Cool Heels All Day

CAIRO (AP)—President Nasser kept President Eisenhower's special envoy Robert Murphy waiting around all day in Cairo and then received him at the Nasser home in mid-evening.

They had a four-hour talk. No comment was available from either as to the details.

Murphy was flanked by U. S. Ambassador Raymond Hare and Nasser by his chief political advisers.

At about the same time in the leap-frogging diplomatic game on the Mideast front, Egypt's Middle East news agency reported Nasser's Field Marshal Abdel Hakim Amer had talked in Saudi Arabia with King Saud.

The Amer-Saud meeting was as much of a surprise as Murphy's heels-cooling in Cairo was not a surprise.

Amer is Nasser's No. 1 young revolutionary sidekick who as commander-in-chief of the United Arab Republic is in charge of the Egyptian and Syrian armed forces.

His flying trip to King Saud's summer residence for talks with the monarch who sits on an ocean of American-developed oil represented a somewhat sensational development.

Not long ago Nasser was accusing King Saud of financing a plot to assassinate him. But recently the Egyptian press has not mentioned Saud at all. The nature of the Amer-Saud talks was not disclosed.

## *Tranquilizer Pill Makes Dog Too Tranquil*

MINNEAPOLIS (AP)—Thunder and lightning scare the wits out of Missie, the collie companion of four airline stewardesses here.

Monday night lightning flashed and storm clouds gathered. Before they went out, Missie's owners gave her a tranquilizer pill.

The dog, left alone, became exceedingly tranquil. She let a burglar crawl in through a window and prowl the house.

## Debt Lid Hike Voted By House

WASHINGTON (UPI) — The House voted 286-108 Wednesday to grant President Eisenhower's request for authority to let the national debt rise to an all-time peak of 288 billion dollars to cover climbing federal costs.

The measure now goes to the Senate for final congressional action some time before the lawmakers wind up their legislative chores for the year, probably late next week. There seemed no question but what it would pass.

The legislation was designed to enable the Treasury to borrow needed funds during the next few critical months when spending is scheduled to jump sharply for defense and anti-recession programs while income will be down because of the recession.

The bill would raise the permanent debt ceiling from 275 to 285 billion dollars and the temporary top from 280 to 288 billion.

## *House Approves Labor Pension Plan Safeguards*

WASHINGTON (AP) — The House Wednesday shouted passage of a bill requiring public reporting of labor pension and welfare plans.

Passage by voice vote came after the House had defeated by a 131-104 standing vote a proposal by Rep. Albert H. Bosch (R-NY) to exempt employer-run "level-of-benefit plans."

These are programs set up by an employer who guarantees a definite amount of benefits to an employe. Management, employes or both pay the cost of various such plans.

The Senate has previously passed a bill requiring disclosure of welfare - pension plans. Differences between the two bills remain to be worked out.

With the failure of the Bosch amendment, the House bill requires administrators of all plans to make available to the participants a description of the plan and an annual report of its financial operations. Copies would have to be filed with the secretary of labor.

The bill was helped through Congress by disclosures of abuses, in hearings of the Senate Rackets Investigation Committee, of various pension and welfare funds in prior years.

The AFL-CIO has supported the legislation, to cover all types of plans, not just those managed by unions.

Rep. Ludwig Teller (D-NY), author of the House bill, said there was heavy pressure for the Bosch amendment from the National Assn. of Mfrs., the U.S. Chamber of Commerce and insurance firms.

## Conferees Approve 4-Year Trade Plan

WASHINGTON (AP)—A Senate-House conference committee agreed Wednesday on a compromise to extend the reciprocal trade program four years and give the president authority to cut tariffs 20 per cent.

This falls short of the five-year 25-per-cent bill asked by President Eisenhower but not so short that he was not expected to accept it.

The outlook was for quick, final approval by the House, Senate and White House, thereby removing one more obstacle in the road to adjournment of Congress.

## Kidnaper Refused Stay Of Execution

NEW HAVEN, Conn. (UPI) — Angelo La Marca, confessed kidnap-slayer of infant Peter Weinberger, lost his last court battle Wednesday in his two year fight to escape death in Sing Sing Prison's electric chair.

Judge Carroll C. Hincks of the Federal Court of Appeals, refused to hear a plea for a stay of execution for the 33-year-old mechanic who snatched month - old Peter from his carriage behind his Long Island home on July 4, 1956, and left him to die under a roadside bush.

La Marca thus was doomed to electrocution at 11 p.m. e.d.t. Thursday, unless he wins a reprieve from New York Gov. Averell Harriman.

## *Steel Union Head Denies He'll Quit; Charges 'Plot'*

WASHINGTON, Pa. (UPI) — David J. McDonald charged Wednesday reports that he would resign as president of the United Steelworkers Union were part of a "vicious plot" to discredit organized labor.

"There is a well-designed plan, a scheme on the part of representatives of big business in our country today to discredit organized labor in every way they possibly can," McDonald told more than 300 delegates to a USW District 13 conference.

"I'm conceited enough to know that this organization needs David McDonald now, more than ever."

McDonald's denial was his first forceful repudiation of an article in Fortune Magazine predicting he would quit the union presidency under rank-and-file pressure. The story referred to McDonald's alleged "vanity."

"Many of the shafts being thrown at us now are meant simply to set the stage for the crucial negotiations we will have with the steel industry next summer," he said.

McDonald said the National Association of Manufacturers, the U. S. Chamber of Commerce, the Committee for Constitutional Government and the National Right to Work Committee were spending millions of dollars "to discredit us."

McDonald, who succeeded the late Philip Murray as head of the 1,200,000 - member union, pleaded for an end of disputes within the union.

"Right at this minute, I believe we could count on the Steelworkers to rally to the union and cope with any emergency," he said.

# Primaries In Four States Bring No Big Surprises

## Randolph, Byrd Win In West Virginia

[By The Associated Press]

Tennessee Democrats hold a primary Thursday featuring hotly contested races that may indicate how the border state feels about the segregation question.

Meanwhile, returns from primaries Tuesday in Michigan, Missouri, Kansas and West Virginia revealed no big surprises. Principal races came out as expected. A few House contests were close and official canvasses may be required to decide a couple.

In Tennessee, the 29th state to hold a primary this year, Democratic Sen. Albert Gore is in the fight of his life seeking a second term nomination.

His opponent, former Gov. Prentice Cooper, has accused Gore of favoring "creeping integration." He also says Gore deserted the South by voting for the compromise civil rights bill and by refusing to sign the Southern Manifesto denouncing the Supreme Court's school desegregation rulings.

Gore has replied he favors segregation and helped senators from the Deep South states remove the most objectionable features of the 1957 civil rights bill.

Two of the four candidates for governor, State Agriculture Commissioner Buford Ellington and Circuit Judge Andrew T. Taylor, are avowed segregationists. They promise to close public schools, if necessary, to prevent integration.

Mayor Edmund Orgill of Memphis, another candidate, has stated he prefers segregated schools, but that court orders must be obeyed

State Sen. Clifford Allen, fourth man in the race, says Ellington and Taylor are not facing reality when they talk of closing schools.

CHARLESTON, W. Va. (UPI)—Jennings Randolph carried 40 counties and Robert C. Byrd all 55 in winning Democratic nominations to two U. S. Senate seats to be filled by West Virginia voters this fall. They pledged themselves to wage a vigorous campaign to regain the seats from the Republican incumbents.

Randolph, a former congressman turned airline executive, defeated former Gov. William C. Marland by a surprising 25,000-vote margin in Tuesday's primary and will oppose Republican Sen. John D. Hoblitzell in the Nov. 4 election for an unexpired two-year term.

Byrd, nearing the end of his third term in Congress from the 6th District, overwhelmed his two opponents by a 4-to-1 margin for the right to oppose Sen. Chapman Revercomb in the general election for a full six-year term.

West Virginia voters — the only ones in the nation to elect two senators this fall — will be filling two Senate seats at a single election for the first time in state history. The second contest resulted from the death last January of Sen. M. M. Neely whose term would have expired in 1960.

Unofficial returns tabulated by United Press International from all but 18 of West Virginia's 2,803 precincts gave Randolph 100,241 votes to 76,522 for Marland, 25,325 for former State Senate president Arnold M. Vickers of Montgomery and 12,341 for W. R. Wilson of Fairmont.

Byrd piled up a whopping 166,919 votes to 23,834 for Fleming Alderson of Charleston and 18,296 for Jack Delligatti of Fairmont, both relatively unknown.

# Goldfine Urges House To Erase Contempt Move

WASHINGTON (UPI)—Bernard Goldfine, Sherman Adams' irrepressible millionaire friend, on Wednesday urged nearly 400 House members in a highly-unusual "true facts" letter to kill contempt of Congress charges against him.

Goldfine also sent notes to the congressmen's administrative assistants asking them to slip his letter "near the top of the pile on your boss' desk."

Speaker Sam Rayburn said the House probably would vote Friday on whether to cite Goldfine for contempt for refusing to answer 22 questions put by House influence investigators concerning his tangled financial dealings.

A spokesman for Goldfine said he sent the letters for fear "the House would vote swiftly on the contempt citation without being fully informed on the case."

The Boston textile tycoon had insisted that the financial questions were not revelant to the House influence investigating subcommittee's inquiry into his alleged influence - for - favors relationship with Adams.

# Three Indicted In State Police Officer's Death

LA PLATA, Md. (AP)—One man was indicted for murder and two others for conspiracy by the Charles County grand jury Wednesday in connection with the July 7 slaying of a state police lieutenant.

Lt. Leonard N. Brown, 46, was shot in the stomach at close range as he waited for an expected robbery of Smitty's Steakhouse at Bryans Road in northern Charles County.

Indicted for murder and conspiracy to break and enter the restaurant was Albert George Carbonneau, 33-year-old television repairman and Marine veteran who was selling used cars in Washington when arrested.

Albert John Salem, 37, part-time private detective and former policeman at the capitol in Washington, was indicted for conspiring with Carbonneau to break and enter the place, and also conspiring with restaurant owner Banks Smith to promote commission of a crime.

Smith, 35, was indicted for conspiring with Salem to promote commission of a crime.

Another count charged both Salem and Smith with acting to prejudice the state police. State's Attorney George W. Bolling said this was done under an old common law which makes it a crime to do something legal that results in an illegal act.

The grand jury heard witnesses in the case for two days before returning the indictments shortly after 5 p.m. Wednesday. All three will be arraigned Thursday or Friday before Judge J. Dudley Digges in Charles County Circuit Court.

## Wine Drinking Rise Presages Raisin Shortage

LONDON (AP) — A worldwide increase in wine drinking is going to mean a shortage of raisins for Christmas puddings.

This theory was advanced by H. C. Mills, London representative of the Australian Dried Fruits Board.

"Wineries generally are taking a very much greater share of the grape crop than before. One result is that this year's raisin market will be only about 50 per cent supplied," he said.

## Education Aid Bill Sent To House Floor

WASHINGTON (AP) — The House joined the Senate Wednesday in readying federal college scholarship bills for floor debate.

A $1,070,000,000 House bill that would set up a four-year program of some 20,000 scholarships was cleared by the House Rules Committee. There was no indication of just when it will get to the floor.

The Senate's more expensive 1½-billion-dollar measure is expected to be taken up there Thursday or Friday.

# Another Thor Missile Fired

CAPE CANAVERAL, Fla. (UPI) — The Air Force launched another intermediate range Thor Wednesday in a stepped-up program aimed at putting the missile in the hands of troops by the end of the year.

The snub-nosed Thor, equipped with a dummy rather than a tactical nose cone, blasted off from a tactical launching pad at 3:24 p.m. (e.s.t.) and headed southeast over the Atlantic tracking range in what was believed to be a full 1,500-mile flight.

The missile appeared to wobble just as it left the launching pad, but its small guidance engines apparently corrected the trouble and it climbed rapidly in a clear blue sky. The 18th Thor fired from the Cape, the rocket was visible for three minutes before its power was cut.

The Air Force described the firing as a "routine test" and said preliminary tracking reports "indicate the flight was normal."

The last Thor, launched July 26 with a delegation of congressmen looking on, exploded after 70 seconds of flight and the Air Force said the cause could not be determined "until data has been evaluated." There has been no further statement on that flop.

# FTC Head Defends Steel Price Boosts

WASHINGTON (AP) — The chairman of the Federal Trade Commission said Wednesday that recent steel price increases do not necessarily show there is a conspiracy by the industry.

"This has been a time of steady increases in prices," FTC Chairman John W. Gwynne told the Senate Monopoly and Antitrust subcommittee.

Gwynne said the FTC can't investigate all price increases, and that it knows of no price-fixing conspiracy by the steel companies. Steel prices have gone up about $4.50 a ton, or 3 per cent, in the last two weeks.

Chairman Estes Kefauver (D-Tenn) of the subcommittee argued that the steel rise was not just another price increase but a case of the companies acting in unison to put uniform boosts into effect at a time when production is down, and despite varying costs and profits.

# Airlift Over Jordan Resumes

AMMAN, Jordan (UPI) — A combined Anglo-American airlift to Britain's 2,000 paratroopers in Jordan resumed Wednesday night and new British forces were reported to have landed at Aqaba, the southern Jordanian port on the Gulf of Aqaba.

The airlift, severed four days ago by Israel, started up again with the landing of the first of six Globemasters and a Flying Boxcar expected in Wednesday night. The plane carried a load of sandbags.

The airlift was stopped Saturday when Israel withdrew permission for flights over its territory. Allied sources said the resumption might not last long.

## Wine Drinking Rise Presages Raisin Shortage

LONDON (AP) — A worldwide increase in wine drinking is going to mean a shortage of raisins for Christmas puddings.

This theory was advanced by H. C. Mills, London representative of the Australian Dried Fruits Board.

"Wineries generally are taking a very much greater share of the grape crop than before. One result is that this year's raisin market will be only about 50 per cent supplied," he said.

## Education Aid Bill Sent To House Floor

WASHINGTON (AP) — The House joined the Senate Wednesday in readying federal college scholarship bills for floor debate.

A $1,070,000,000 House bill that would set up a four-year program of some 20,000 scholarships was cleared by the House Rules Committee. There was no indication of just when it will get to the floor.

The Senate's more expensive 1½-billion-dollar measure is expected to be taken up there Thursday or Friday.

Orange sticks used by women to manicure their nails are known as that because they were made from orange wood, or of a citrus wood from a tree of the orange family.

# Another Thor Missile Fired

CAPE CANAVERAL, Fla. (UPI) — The Air Force launched another intermediate range Thor Wednesday in a stepped-up program aimed at putting the missile in the hands of troops by the end of the year.

The snub-nosed Thor, equipped with a dummy rather than a tactical nose cone, blasted off from a tactical launching pad at 3:24 p.m. (e.s.t.) and headed southeast over the Atlantic tracking range in what was believed to be a full 1,500-mile flight.

The missile appeared to wobble just as it left the launching pad, but its small guidance engines apparently corrected the trouble and it climbed rapidly in a clear blue sky. The 18th Thor fired from the Cape, the rocket was visible for three minutes before its power was cut.

The Air Force described the firing as a "routine test" and said preliminary tracking reports "indicate the flight was normal."

The last Thor, launched July 26 with a delegation of congressmen looking on, exploded after 70 seconds of flight and the Air Force said the cause could not be determined "until data has been evaluated." There has been no further statement on that flop.

# FTC Head Defends Steel Price Boosts

WASHINGTON (AP) — The chairman of the Federal Trade Commission said Wednesday that recent steel price increases do not necessarily show there is a conspiracy by the industry.

"This has been a time of steady increases in prices," FTC Chairman John W. Gwynne told the Senate Monopoly and Antitrust subcommittee.

Gwynne said the FTC can't investigate all price increases, and that it knows of no price-fixing conspiracy by the steel companies. Steel prices have gone up about $4.50 a ton, or 3 per cent, in the last two weeks.

Chairman Estes Kefauver (D-Tenn) of the subcommittee argued that the steel rise was not just another price increase but a case of the companies acting in unison to put uniform boosts into effect at a time when production is down, and despite varying costs and profits.

# Airlift Over Jordan Resumes

AMMAN, Jordan (UPI) — A combined Anglo-American airlift to Britain's 2,000 paratroopers in Jordan resumed Wednesday night and new British forces were reported to have landed at Aqaba, the southern Jordanian port on the Gulf of Aqaba.

The airlift, severed four days ago by Israel, started up again with the landing of the first of six Globemasters and a Flying Boxcar expected in Wednesday night. The plane carried a load of sandbags.

The airlift was stopped Saturday when Israel withdrew permission for flights over its territory. Allied sources said the resumption might not last long.

Tomatoes were cultivated in Mexico and Peru for many centuries before the coming of the Spaniards.

Q: How do you feel about Blue Cross?

A: "Blue Cross has been wonderful for my family!"
"Everyone in my family has reason to be grateful to Blue Cross. Just a few months ago, for example, my husband was hospitalized for 10 days. Blue Cross covered the bill *in full*. And we didn't have to file a claim or wait for reimbursement, either. Blue Cross handled everything—automatically."
*says Betty Jane Reed, Teller*
*Farmers and Mechanics-Citizens National Bank, Frederick*

A: "We've always been glad we chose Blue Cross!"
"Years ago, when we first became interested in a hospitalization program for our employees, we had several requirements in mind. First, the program had to be a good one . . . one that provided *comprehensive* benefits, and one our people liked. We also wanted our program to be easy to operate, involving us in a minimum of detail work. We chose Blue Cross—*and we've always been glad we did!*"
*says Benjamin L. Shuff, President*
*Farmers and Mechanics-Citizens National Bank, Frederick*

*Blue Cross is a non-profit plan for hospital care that provides broad protection economically.* Not only does Blue Cross protect subscribers and their families from unexpected hospital bills, but it keeps them protected for life, even though they move, change jobs or retire.

And Blue Cross pays the hospital directly. By providing care rather than dollar allowance, this unique plan handles all details in case of hospitalization. No claim filing, no waiting for reimbursements for the employee . . . no administrative problems for his company.

For full details, call the Blue Cross office listed in your telephone directory.

## Keeping Up With Hollywood

# by Louella Parsons

HOLLYWOOD — After Gene Kelly finished directing "Flower Drum Song" for Rodgers and Hammerstein on Broadway, he'll join TV producer - director Sheldon Reynolds in Germany to kick off a new association they've just formed. Gene will star in and Reynolds direct their co-production of "Lukardi," a suspense thriller movie about an American caught up in the web of intrigue at the start of World War II.

This new tie-up does not prohibit either Gene or Reynolds from continuing to operate independently in three mediums — Movies, TV and the theatre. Every one knows about Gene Kelly—and most hep TV fans know Sheldon Reynolds to be the producer of "Foreign Intrigue," "Sherlock Holmes," "Danger," etc. You may look for something special from these two.

There's no young actor in Hollywood more serious these days about his career than John Drew Barrymore. No more hijinks for him! The former "Angry young man" is a very happy young man after signing for two pictures at MGM, the first being "The Quarter Moon," for Al Zugsmith. He will be opposite Julie London.

Young Barrymore turned down two Broadway plays to accept the movie bid. He had been paged to replace Tony Perkins in "Look Homeward, Angel," and also to play John Wilkes Booth in Jose Ferrer's new play, "Edwin Booth".

Telephoned to wish Cecil B. De Mille a happy 77th birthday on Aug. 12, since I won't be in town on that day. C. B., who hasn't been out since his illness, expects to go to his ranch this week.

But don't for a moment think that he has been idle all these days. He ran "Buccaneer," which he supervised, the first picture he has seen in months. His son-in-law, Anthony Quinn, was the director. "How did you like it?" I asked.

"Well, like all my pictures there are some thing I like very much and some I don't. But this was just the first, rough cut."

C.B. says in a very few weeks he'll be back at Paramount planning a new picture. But he is superstitious and won't tell the name until it is definite. He believes people can remain sick by thinking sick — and he's not one to coddle himself.

Alfred Hitchcock, just back from Spain, was having dinner with his daughter, Pat, her husband, Joan Harrison and other friends when I saw him. He said he will start his next picture with Cary Grant in two weeks.

The setting of Hitchy's picture is Mt. Rushmore, with its carved faces of four Presidents. "So I wanted to call it 'The man on Lincoln's nose,' but they wouldn't let me," said Hitch.

"I should hope not!" I said.

"Not through any irrevernce," said the irrepressible Hitchy, "but because a picture with the name 'Lincoln' in it, never made a nickel!"

One coming up engagement for Judy Garland that is definite is the first week of October, when seh'll take her act to the Sands Hotel in Las Vegas for Jack Entratter. Judy, whose Cocoanut Grove run was a triumph from her opening night to her closing show, is in better voice and better health than she's been in a long time.

Sid Luft told me that Judy decided it's better to keep a little plump than to go through the strain and nervousness of dieting. He attributes this happy change to the fact that she's contented and doesn't let her weight become a problem.

Adm. Roeder was one of 30 Navy captains whose advance in rank was approved by the Senate.

### LIBYA RECOGNIZES IRAQ

BENGHAZI, Libya (UPI) — The Libyan government has decided to recognize the new Republic of Iraq. The decision was made after a period of court mourning for the late King Fasail, who was killed during the revolution in Baghdad.

## Keeping Up With Hollywood

# by Louella Parsons

HOLLYWOOD — After Gene Kelly finished directing "Flower Drum Song" for Rodgers and Hammerstein on Broadway, he'll join TV producer - director Sheldon Reynolds in Germany to kick off a new association they've just formed. Gene will star in and Reynolds direct their co-production of "Lukardi," a suspense thriller movie about an American caught up in the web of intrigue at the start of World War II.

This new tie-up does not prohibit either Gene or Reynolds from continuing to operate independently in three mediums — Movies, TV and the theatre. Every one knows about Gene Kelly—and most hep TV fans know Sheldon Reynolds to be the producer of "Foreign Intrigue," "Sherlock Holmes," "Danger," etc. You may look for something special from these two.

There's no young actor in Hollywood more serious these days about his career than John Drew Barrymore. No more hijinks for him! The former "Angry young man" is a very happy young man after signing for two pictures at MGM, the first being "The Quarter Moon," for Al Zugsmith. He will be opposite Julie London.

Young Barrymore turned down two Broadway plays to accept the movie bid. He had been paged to replace Tony Perkins in "Look Homeward, Angel," and also to play John Wilkes Booth in Jose Ferrer's new play, "Edwin Booth".

Telephoned to wish Cecil B. De Mille a happy 77th birthday on Aug. 12, since I won't be in town on that day. C. B., who hasn't been out since his illness, expects to go to his ranch this week.

But don't for a moment think that he has been idle all these days. He ran "Buccaneer," which he supervised, the first picture he has seen in months. His son-in-law, Anthony Quinn, was the director. "How did you like it?" I asked.

"Well, like all my pictures there are some thing I like very much and some I don't. But this was just the first, rough cut."

C.B. says in a very few weeks he'll be back at Paramount planning a new picture. But he is superstitious and won't tell the name until it is definite. He believes people can remain sick by thinking sick — and he's not one to coddle himself.

Alfred Hitchcock, just back from Spain, was having dinner with his daughter, Pat, her husband, Joan Harrison and other friends when I saw him. He said he will start his next picture with Cary Grant in two weeks.

The setting of Hitchy's picture is Mt. Rushmore, with its carved faces of four Presidents. "So I wanted to call it 'The man on Lincoln's nose,' but they wouldn't let me," said Hitch.

"I should hope not!" I said.

"Not through any irreverence," said the irrepressible Hitchy, "but because a picture with the name 'Lincoln' in it, never made a nickel!"

One coming up engagement for Judy Garland that is definite is the first week of October, when seh'll take her act to the Sands Hotel in Las Vegas for Jack Entratter. Judy, whose Cocoanut Grove run was a triumph from her opening night to her closing show, is in better voice and better health than she's been in a long time.

Sid Luft told me that Judy decided it's better to keep a little plump than to go through the strain and nervousness of dieting. He attributes this happy change to the fact that she's contented and doesn't let her weight become a problem.

Adm. Roeder was one of 30 Navy captains whose advance in rank was approved by the Senate.

# Single Transit System For D.C. Area Suggested

BALTIMORE (AP)—The Maryland Public Service Commission Wednesday withheld immediate comment on the offer of D. C. Transit System to make an extensive study of service in the Maryland suburbs of Washington.

In a letter to the PSC suggesting the survey, D. C. Transit hinted it is best qualified to provide one integrated, coordinated system.

The company said in the letter signed by President O. Roy Chalk that it is willing to make the survey which may cost from $50,000 to $100,000.

But, it added, "before making this study, we wish to know whether the Public Service Commission is satisfied to permit the present inadequacies to continue, or whether the commission is prepared to take such steps as may be necessary to provide Montgomery and Prince Georges counties with an integrated, coordinated mass transit system."

Two other companies operate in the area, Suburban Transit and W. M. A. Transit Co. In May, the PSC rejected D. C. Transit's request to extend its Z4 line from Four Corners to Wheaton, a distance of .84 miles. PSC said the line could only be lengthened to within a half mile of Wheaton.

Chalk's letter pointed out, "There is a confused pattern of routes and a serious lack of coordination in the existing transit service. This confusion and lack of coordination results from the spasmodic and irregular growth of the various communities, many of which are widely separated and detached.

"A transit operator must be encouraged to provide the required service. He must be afforded fair treatment by the regulatory bodies and not be restricted from selected profitable routes.

"The general proposition that competition is healthy does not always apply to transit operations which have traditionally been franchised as public utilities. Where certain areas cannot support more than one transportation company, permission granted to several competing lines frequently injures and harms the transit service."

Chalk contended that revision of routes by each transit company in the area would not solve the problem. He said there still would be a "deplorable lack of coordination and the neglect of certain areas. . ."

D. C. Transit suggested that a single company "which is most able and best disposed to fill the public transit needs" throughout the two counties should be permitted to provide service in the area.

Chalk suggested any study should keep the following four factors in mind: Need for service, fitness and willingness of a transit company to provide adequate service under progressive management, public support, and economic soundness of the total transit program.

# Woman Relates Story Of Kidnap, Beating, Rape

BALTIMORE (AP) — A beaten, semi-conscious woman told police she was raped and tossed out of a car after being abducted by four men in Baltimore Tuesday night.

In another incident, a 20-year-old girl said she fought off a man after he threw her to a lawn and threatened to knife her.

The woman in her 40s who said she was pulled into a car by four men outside a tavern, was found sprawled on a lawn in Anne Arundel County early Wednesday.

Police said the Baltimore woman had been tossed down a highway embankment before she made her way to the spot where she was found on Furnace Branch Road. Her clothing was blood-spattered.

Doctors at University hospital said she apparently had been beaten about the face, choked and had suffered a back injury.

She told Anne Arundel police she knew the men who pulled her into the car. She said one raped her and the others forced her into perverted acts.

A 20-year-old telephone operator from suburban Parkville, Patricia Ann Stilson, said a youthful assailant knocked her down and threatened to stab her if she screamed.

She said that when she saw the lights of an oncoming car she screamed anyway and the youth fled.

# Jobless Longshoreman Lands $25,000 Rockfish

BALTIMORE (AP) — William Simmons, jobless longshoreman who does a lot of angling, landed a $25,000 rockfish today under the Chesapeake Bay Bridge.

The 10-pound prize had a tag on his lower jaw, "Diamond Jim III."

It was a promotional stunt by a local brewery which dumped the fish June 19 about 15 miles away from the spot where it was caught.

Simmons, 30, was fishing from a boat with two companions when he got the strike. At first the fish spit out the lure with a small live eel as bait. The second time it struck, Simmons landed it.

It was 10 minutes later before he and his friends noticed the tag saying "this fish is worth $25,000."

The tanned, T - shirted, mustachioed fisherman said he would buy a home and pay a lot of bills. He and his wife are expecting their first child in December.

What are his immediate plans? Simmons says he plans to go deep sea fishing for a week.

**TOO MUCH SPORT**

MANCHESTER, England (UPI) —The Granda Television Service Sunday rejected an opportunity to televise the Duke of Edinburgh playing polo Monday. An official arranging the company's telecasts for its north of England audiences said "Monday's program is already overloaded with sport."

**EMBARRASSES PRINCE PHILIP**

LONDON (UPI) — Lt. Cmdr. Peter Dillnot started the sailboat Bluebottle in the wrong direction in a race Tuesday — but what made it really bad was that Prince Philip, husband of the Queen, was one of the three crewmen.

"I misread the program and directed Prince Philip to the northeast," Dillnot said. "It's going to take me a little time to live this thing down."

# Hagerstown Debates Water Problem

HAGERSTOWN (AP)—The mayor and City Council are debating a weighty water matter.

It's this: How many more suburban homes can the city supply with water without running into a costly new project to run an auxiliary line to the Potomac River.

Estimates are it would cost more than 2 million dollars and city users would have to foot most of the bill.

Councilman Ralph Fiery said Wednesday that allowing more developments to attach to the city water supply hastens the day for building a new line. He mentioned the 350-house development south of the city as one that will want to be serviced by the city.

Most of the burden for financing it would fall on city users, since they must pay for 70 per cent of the costs of capitalization and suburban users 30 per cent. This ratio has been upheld in a decision by the Court of Appeals.

The meadowlark was picked as the state bird of Nebraska in 1929.

# Drowning Toll Shows Decline

BALTIMORE (AP) — Eighty-five persons drowned in Maryland waters during the first seven months of the year.

This was 10 fewer than during the same period of 1957, said Dr. Arthur S. Kraus, chief of the division of vital records and statistics of the State Health Department.

However, drownings in July of this year totaled more than twice as many as in the same month last year, 36 compared with 17.

Baltimore City leads in drownings this year with 21. Among the counties, Anne Arundel with its long Chesapeake Bay shoreline has had the most—13. Only three of those victims were Anne Arundel residents.

Other counties reported the following: St. Mary's 8, Baltimore 5, Cecil, Montgomery, Talbot and Wicomico 4 each, Calvert, Kent, and Queen Anne's 3 each, Charles, Garrett and Prince George's 2 each, and the following which recorded one apiece: Caroline, Dorchester, Frederick, Harford, Somerset, Washington and Worcester.

# Hagerstown Bike License Sales Lag

HAGERSTOWN (AP) — The prospect is that about two-thirds of the 3,600 bike owners in this city are going to be riding around with out-of-date licenses Sept. 1.

The first of next month is when new licenses take effect. But during the registration period of July and the first week of August, only about 1,200 have brought the licenses up to date, said police Sgt. Grayson Dornberger. Three days remain to register.

He said apparently most bike owners are under the impression that last year's registration, the first ever, was all that was necessary. Police can impound bicycles of offenders, but it would be a big task.

# "Open" Invitations To Burglars Found

HAGERSTOWN (AP) — Strolling, nighttime burglars would have had an easy time of it at 154 stores and offices here in the past seven months.

Police Chief Blair Overton said that's how many establishments had unlocked doors at night since the first of the year. Officers making the rounds found all kinds of offices where the proprietor had been forgetful, including one bank.

When an officer finds an unlocked door, he telephones the owner, no matter what time of the night.

# Single Transit System For D.C. Area Suggested

BALTIMORE (AP)—The Maryland Public Service Commission Wednesday withheld immediate comment on the offer of D. C. Transit System to make an extensive study of service in the Maryland suburbs of Washington.

In a letter to the PSC suggesting the survey, D. C. Transit hinted it is best qualified to provide one integrated, coordinated system.

The company said in the letter signed by President O. Roy Chalk that it is willing to make the survey which may cost from $50,000 to $100,000.

But, it added, "before making this study, we wish to know whether the Public Service Commission is satisfied to permit the present inadequacies to continue, or whether the commission is prepared to take such steps as may be necessary to provide Montgomery and Prince Georges counties with an integrated, coordinated mass transit system."

Two other companies operate in the area, Suburban Transit and W. M. A. Transit Co. In May, the PSC rejected D. C. Transit's request to extend its Z4 line from Four Corners to Wheaton, a distance of .84 miles. PSC said the line could only be lengthened to within a half mile of Wheaton.

Chalk's letter pointed out, "There is a confused pattern of routes and a serious lack of coordination in the existing transit service. This confusion and lack of coordination results from the spasmodic and irregular growth of the various communities, many of which are widely separated and detached.

"A transit operator must be encouraged to provide the required service. He must be afforded fair treatment by the regulatory bodies and not be restricted from selected profitable routes.

"The general proposition that competition is healthy does not always apply to transit operations which have traditionally been franchised as public utilities. Where certain areas cannot support more than one transportation company, permission granted to several competing lines frequently injures and harms the transit service."

Chalk contended that revision of routes by each transit company in the area would not solve the problem. He said there still would be a "deplorable lack of coordination and the neglect of certain areas. . ."

D. C. Transit suggested that a single company "which is most able and best disposed to fill the public transit needs" throughout the two counties should be permitted to provide service in the area.

Chalk suggested any study should keep the following four factors in mind: Need for service, fitness and willingness of a transit company to provide adequate service under progressive management, public support, and economic soundness of the total transit program.

# Woman Relates Story Of Kidnap, Beating, Rape

BALTIMORE (AP) — A beaten, semi-conscious woman told police she was raped and tossed out of a car after being abducted by four men in Baltimore Tuesday night.

In another incident, a 20-year-old girl said she fought off a man after he threw her to a lawn and threatened to knife her.

The woman in her 40s who said she was pulled into a car by four men outside a tavern, was found sprawled on a lawn in Anne Arundel County early Wednesday.

Police said the Baltimore woman had been tossed down a highway embankment before she made her way to the spot where she was found on Furnace Branch Road. Her clothing was blood-spattered.

Doctors at University hospital said she apparently had been beaten about the face, choked and had suffered a back injury.

She told Anne Arundel police she knew the men who pulled her into the car. She said one raped her and the others forced her into perverted acts.

A 20-year-old telephone operator from suburban Parkville, Patricia Ann Stilson, said a youthful assailant knocked her down and threatened to stab her if she screamed.

She said that when she saw the lights of an oncoming car she screamed anyway and the youth fled.

# Drowning Toll Shows Decline

BALTIMORE (AP) — Eighty-five persons drowned in Maryland waters during the first seven months of the year.

This was 10 fewer than during the same period of 1957, said Dr. Arthur S. Kraus, chief of the division of vital records and statistics of the State Health Department.

However, drownings in July of this year totaled more than twice as many as in the same month last year, 36 compared with 17.

Baltimore City leads in drownings this year with 21. Among the counties, Anne Arundel with its long Chesapeake Bay shoreline has had the most—13. Only three of those victims were Anne Arundel residents.

# Jobless Longshoreman Lands $25,000 Rockfish

BALTIMORE (AP) — William Simmons, jobless longshoreman who does a lot of angling, landed a $25,000 rockfish today under the Chesapeake Bay Bridge.

The 10-pound prize had a tag on his lower jaw, "Diamond Jim III."

It was a promotional stunt by a local brewery which dumped the fish June 19 about 15 miles away from the spot where it was caught.

Simmons, 30, was fishing from a boat with two companions when he got the strike. At first the fish spit out the lure with a small live eel as bait. The second time it struck, Simmons landed it.

It was 10 minutes later before he and his friends noticed the tag saying "this fish is worth $25,000."

The tanned, T - shirted, mustachioed fisherman said he would buy a home and pay a lot of bills. He and his wife are expecting their first child in December.

What are his immediate plans? Simmons says he plans to go deep sea fishing for a week.

### TOO MUCH SPORT

MANCHESTER, England (UPI) —The Granda Television Service Sunday rejected an opportunity to televise the Duke of Edinburgh playing polo Monday. An official arranging the company's telecasts for its north of England audiences said "Monday's program is already overloaded with sport."

### EMBARRASSES PRINCE PHILIP

LONDON (UPI) — Lt. Cmdr. Peter Dillnot started the sailboat Bluebottle in the wrong direction in a race Tuesday — but what made it really bad was that Prince Philip, husband of the Queen, was one of the three crewmen.

"I misread the program and directed Prince Philip to the northeast," Dillnot said. "It's going to take me a little time to live this thing down."

# Hagerstown Debates Water Problem

HAGERSTOWN (AP)—The mayor and City Council are debating a weighty water matter.

It's this: How many more suburban homes can the city supply with water without running into a costly new project to run an auxiliary line to the Potomac River.

Estimates are it would cost more than 2 million dollars and city users would have to foot most of the bill.

Councilman Ralph Fiery said Wednesday that allowing more developments to attach to the city water supply hastens the day for building a new line. He mentioned the 350-house development south of the city as one that will want to be serviced by the city.

Most of the burden for financing it would fall on city users, since they must pay for 70 per cent of the costs of capitalization and suburban users 30 per cent. This ratio has been upheld in a decision by the Court of Appeals.

The meadowlark was picked as the state bird of Nebraska in 1929.

# Parties Are Continuing For Marjorie Hutcheson

Mrs. Ralph Isiminger entertained with a dessert bridge party and surprise kitchen shower in compliment to Miss Marjorie Hutcheson yesterday afternoon at her home, Roberts Place. The hostess was assisted by her daughter, Miss Carol Isiminger, a sorority sister of the bride-elect.

The daughter of Mr. and Mrs. Arch M. Hutcheson, 518 Beall Street, Miss Hutcheson is the fiancee of Reginald Allen Traband, son of Mrs. Thelma A. Traband, Hyattsville, and the late C. Reginald Traband. The wedding is to be Saturday at 4 in First Presbyterian Church.

Various shades of pink flowers were used in the decorations throughout the house, and on the tables. The gifts were concealed in a "pie" made of a clothes basket covered in bronze paper.

Prizes were won by Mrs. Ernest Hutcheson, Baltimore; Mrs. Louis Curl, Mrs. Leo Wilson and Mrs. Marvin Andrews. Other guests were Mrs. H. L. Nesbitt, Mrs. Paul Butts, Mrs. Earl Price, Mrs. Albert Paye, Mrs. I. N. Evans, Mrs. C. N. Speicher, Mrs. John J. Biggs, Mrs. Leslie E. Randall, Mrs. William Taymans, Baltimore, Mrs. Thomas Hutcheson, Mrs. A. M. Hutcheson, Mrs. John Robinson and Mrs. Donald McIntyre.

# Open House Visitors Increase

The number of visitors attending the series of Wednesday Open House observance at the Allegany County Historical Society, is growing each week, Mrs. Walter C. Capper, chairman, reports.

A feature of yesterday's exhibit, shown by Louis B. Young, and greatly admired, was a hanging stained glass panel dated 1598, described as "a view through a window into the Middle Ages." It is the seal of a German shooting club; the member roster and coat of arms surround the central view of a target match. Here, on a brilliant green, the members are seen with their guns, dogs and the court jester. The panel is in true stained glass technique, with metallic oxides on both surfaces. Essentially it is the art of the miniaturist, the glass itself being joined at random with lead. Modern stained glass is more mosaic processes, as it usually is cut pieces of colored glass joined to strengthen a form. Mr. Young pointed out that the oldest extant firearm, in the Nurenburg museum, dates from the end of the 14th Century. It would appear this panel is the oldest colored European portrayal of the use of the gun.

Next in drawing the attention of the visitors was a "monkey band." It was modeled by Johann Joachim Kandler for Augustus the Strong, elector of Saxony and King of Poland. It was made to deride Count Bruhl, director of the court orchestra, with whom Kandler had long feuded. The oldest of these figures date circa 1760, and are true Dresden made at the original Meissen factory. Others are later restrikes. The complete "monkey band," of which there is no full collection, is believed to contain 20 pieces. Originally the figures were used as dining table decorations.

Other exhibits included a lacquer demon mask, Japanese theatre, 18th Century. The base is papier mache, overdecorated. The highly stylized oriental theatre, such as the Kubiyki, leans heavily on the masquerade. An iron demon mask, dug up in the Ryukyu Islands, is the Nara school, 8th Century, and superb example of archaic Japanese art. A similar mask in the imperial collection is pictured in the recent book, "Masterpieces of Japanese Art."

A jointed wooden figure made in Germany during the 17th Century was made of linden wood. The figures had two primary uses, as art forms, and as figures used by the barber surgeons as medicine dolls. A woman consulting the doctor would indicate on the figure the local point of her ailment as an aid in diagnosis, instead of the patient having an examination.

A miniature wine barrel in the Latticino technique, Venetian glass, Island of Murano, 16th Century; and a 17th Century Spanish brass and steel strike for tinder box, of which there is a large collection in the Smithsonian Institute; and a woodcarving brought from Greece about 50 years ago. The stylized seashell from which a woman emerges, plus her attire, suggests Venus emerging from the sea. The carving shows a rather decayed Byzantine influence, probably late 12th Century.

The daughter of Mr. and Mrs. Arch M. Hutcheson, 518 Beall Street, Miss Hutcheson is the fiancee of Reginald Allen Traband, son of Mrs. Thelma A. Traband, Hyattsville, and the late C. Reginald Traband. The wedding is to be Saturday at 4 in First Presbyterian Church.

Various shades of pink flowers were used in the decorations throughout the house, and on the tables. The gifts were concealed in a "pie" made of a clothes basket covered in bronze paper.

Prizes were won by Mrs. Ernest Hutcheson, Baltimore; Mrs. Louis Curl, Mrs. Leo Wilson and Mrs. Marvin Andrews. Other guests were Mrs. H. L. Nesbitt, Mrs. Paul Butts, Mrs. Earl Price, Mrs. Albert Paye, Mrs. I. N. Evans, Mrs. C. N. Speicher, Mrs. John J. Biggs, Mrs. Leslie E. Randall, Mrs. William Taymans, Baltimore, Mrs. Thomas Hutcheson, Mrs. A. M. Hutcheson, Mrs. John Robinson and Mrs. Donald McIntyre.

Mrs. Andrews was hostess for a dessert bridge Tuesday evening in compliment to Miss Hutcheson. She combined the bridal motif with yellow and white flowers in her decorations. A bride's book was presented to the bride-elect, and prizes were awarded to Mrs. Evans, Mrs. Randall and Mrs. Robinson. Other guests were Mrs. Arch Hutcheson, Mrs. Ruth Hutcheson, Mrs. Ernest Hutcheson, Mrs. Nesbitt, Mrs. Isiminger, Mrs. McIntyre, Mrs. Biggs, Mrs. Taymans and Miss. Isiminger.

## Entertained At Party

Attending were Roger Norris, Joy Mathews, James Mauk, Donna Robertson, Leonard McKenzie, Mary Susan Lyons, Bernard Gross, Darlene Browne, Larry Welsh, Kenneth Becker, George Loy and Lois Jean Paoletti.

# Open House Visitors Increase

The number of visitors attending the series of Wednesday Open House observance at the Allegany County Historical Society, is growing each week, Mrs. Walter C. Capper, chairman, reports.

A feature of yesterday's exhibit, shown by Louis B. Young, and greatly admired, was a hanging stained glass panel dated 1598, described as "a view through a window into the Middle Ages." It is the seal of a German shooting club; the member roster and coat of arms surround the central view of a target match. Here, on a brilliant green, the members are seen with their guns, dogs and the court jester. The panel is in true stained glass technique, with metallic oxides on both surfaces. Essentially it is the art of the miniaturist, the glass itself being joined at random with lead. Modern stained glass is more mosaic processes, as it usually is cut pieces of colored glass joined to strengthen a form. Mr. Young pointed out that the oldest extant firearm, in the Nurenburg museum, dates from the end of the 14th Century. It would appear this panel is the oldest colored European portrayal of the use of the gun.

Next in drawing the attention of the visitors was a "monkey band." It was modeled by Johann Joachim Kandler for Augustus the Strong, elector of Saxony and King of Poland. It was made to deride Count Bruhl, director of the court orchestra, with whom Kandler had long feuded. The oldest of these figures date circa 1760, and are true Dresden made at the original Meissen factory. Others are later restrikes. The complete "monkey band," of which there is no full collection, is believed to contain 20 pieces. Originally the figures were used as dining table decorations.

Other exhibits included a lacquer demon mask, Japanese theatre, 18th Century. The base is papier mache, overdecorated. The highly stylized oriental theatre, such as the Kubiyki, leans heavily on the masquerade. An iron demon mask, dug up in the Ryukyu Islands, is the Nara school, 8th Century, and superb example of archaic Japanese art. A similar mask in the imperial collection is pictured in the recent book, "Masterpieces of Japanese Art."

A jointed wooden figure made in Germany during the 17th Century was made of linden wood. The figures had two primary uses, as art forms, and as figures used by the barber surgeons as medicine dolls. A woman consulting the doctor would indicate on the figure the local point of her ailment as an aid in diagnosis, instead of the patient having an examination.

A miniature wine barrel in the Latticino technique, Venetian glass, Island of Murano, 16th Century; and a 17th Century Spanish brass and steel strike for tinder box, of which there is a large collection in the Smithsonian Institute; and a woodcarving brought from Greece about 50 years ago. The stylized seashell from which a woman emerges, plus her attire, suggests Venus emerging from the sea. The carving shows a rather decayed Byzantine influence, probably late 12th Century.

Hostesses were Mrs. A. N. Billings, Mrs. Irene MacDonald, Mrs. Emma Everstine and Miss Louise Zihlman.

August 13, Mrs. Eleanor Murrill, Mrs. Robert M. King, Mrs. George Hazelwood and Mrs. W. Earle Cobey will be hostesses.

# Cadillac License Suspended 40 Days

The Allegany County Board of Alcoholic Beverage License Commissioners yesterday issued an order suspending the permit of the Cadillac Liquor Store, Inc., from August 10 through September 18.

It followed a hearing before the board Tuesday when testimony was taken concerning the employment of a minor in the Cadillac Lounge. The Cadillac Lounge was fined by Judge Morgan C. Harris last October 21 on two counts in the employment of Harry W. Little, 19, a member of a local orchestra.

The Maryland Court of Appeals ruled that employment of a minor in an orchestra amounted to employing him in connection with the sale of alcoholic beverages. The high court said the evidence was slim on the charge of allowing minors to loiter about the bar.

Added to the order of the Liquor Board yesterday was the admonition: "Should the licensee in this case at any time hereafter be found guilty of violating the alcoholic regulations of the board, the board will be compelled to revoke this license."

The board also ordered the license delivered to the board office until the termination of the suspension.

The license of the Cadillac firm is in the name of Jane R. Molinari, John L. Ferrin and William D. Trozzo.

This is the second suspension this year for the Cadillac Lounge. After a hearing February 18, the Liquor Board suspended the permit for 25 days. This suspension was on a conviction in the sale of intoxicants to three girls under the age of 21.

## Hospital Sets Baby Record

The all-time record for babies born in a month at Memorial Hospital was broken during July, John A. Moberly, superintendent announced.

There were 163 new citizens ushered into the world in the maternity quarters of the hospital.

That record dates back to the date the hospital was opened in 1929.

Some of the increase is due to the closing of the maternity section in Sacred Heart Hospital.

# Cadillac License Suspended 40 Days

The Allegany County Board of Alcoholic Beverage License Commissioners yesterday issued an order suspending the permit of the Cadillac Liquor Store, Inc., from August 10 through September 18.

It followed a hearing before the board Tuesday when testimony was taken concerning the employment of a minor in the Cadillac Lounge. The Cadillac Lounge was fined by Judge Morgan C. Harris last October 21 on two counts in the employment of Harry W. Little, 19, a member of a local orchestra.

The Maryland Court of Appeals ruled that employment of a minor in an orchestra amounted to employing him in connection with the sale of alcoholic beverages. The high court said the evidence was slim on the charge of allowing minors to loiter about the bar.

Added to the order of the Liquor Board yesterday was the admonition: "Should the licensee in this case at any time hereafter be found guilty of violating the alcoholic regulations of the board, the board will be compelled to revoke this license."

The board also ordered the license delivered to the board office until the termination of the suspension.

The license of the Cadillac firm is in the name of Jane R. Molinari, John L. Ferrin and William D. Trozzo.

This is the second suspension this year for the Cadillac Lounge. After a hearing February 18, the Liquor Board suspended the permit for 25 days. This suspension was on a conviction in the sale of intoxicants to three girls under the age of 21.

More than 44 million of the 50 million U. S. households will receive a newspaper today.

## Former Board Members Honored

Three former members of the board of governors of Memorial Hospital were honored for their service at a dinner meeting of the board last night at the Cumberland Country Club.

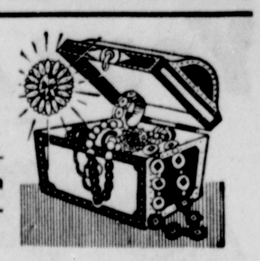

They are Edmund S. Burke, William H. Lemmert and Roy W. Eves. Burke reached the voluntary age of retirement while Lemmert and Eves held their membership by virtue of their offices.

George B. Newman, executive vice president of Kelly-Springfield Tire Company replaced Burke;. James Orr, Lemmert, and Mayor J. Edwin Keech, Eves.

## Five Sentenced In Juvenile Court In Theft Case

Robert E. Adams, 22, of 209 Hay Street, was sentenced to two years in the House of Correction on a charge of contributing to the delinquency of minors at a hearing yesterday before Juvenile Magistrate Fred H. Anderson.

Adams was charged along with Robert E. Dawson, 18, of 445 Columbia Street, with contributing to the delinquency of three minor youths in connection with the breaking and entering of at least three business establishments in the area.

Dawson, who is stationed with the Army paratroopers at Fort Bragg, N. C., was given a six months suspended sentence with the provision that $150 be made in restitution to the business places.

## Rising Stocks And Inflation Prospects

Rises of stock quotations in the Wall Street market, in excess of foreseeable prospect of business earnings, put the experts on the trail of the probable cause. They can see no other reason than expectation of a sharp inflationary trend.

It is not merely that an increase of $8 billion in the $280 billion debt ceiling has been recommended by the White House. That in itself might not be an important factor. But Congress is taking preliminary steps now that, if carried through, will create deficits for many years to come and push the debt well beyond $300 billion.

Congress is preparing to increase metals and wool subsidies. Many types of liberalized terms for mortgages and government grants for housing are in the works. A Senate committee recommends $1.2 billion more for defense than the President proposed.

Lumping these items, the likelihood of a federal deficit of more than $10 billion this fiscal year is real. That would be in excess of the last big deficit of $9.4 billion during the Korean War.

Commenting on inflation-stimulating deficits, Barron's Weekly says:

"A federal deficit creates the possibility for eventual price stimulation to the extent that the borrowing is financed by commercial banks, since such a method transfers money from private bank accounts to the U. S. Treasury and thus substantially increases the money supply, which is the foundation of expanded credit."

The philosophy of the times is for more government action, higher debts and cheaper dollars. Yet there are protests against the soaring cost of living and taxes. But the preponderance of evidence is that the American people feel trapped in a never-ending inflation cycle as the French were.

## These Days

By George E. Sokolsky

### *Nationalism*

Nationalism is an expression of the will of a people to be unified in their political life. In most instances, nationalism is strongest among the smaller and weaker peoples or those who have had the experience of being a colony or new states that have recently come into existence either by revolution or partition. Nationalism is weakest in such countries as the United States and Great Britain which seek a comity of peoples.

**Nationalism is normal in history whether one thinks of the city states of Greece, the revolt of Bar Kockba against Rome, the emergence of the national states of Europe after the French Revolution or the establishment of Israel after almost 2,000 years of Diaspora or the emergence of Arab nationalism in the Crescent of Fertility which surrounds the desert after being held captive in the Ottoman Empire.**

Such peoples as the Armenians or the Kurds or the Jews who have long been without lands of their own have maintained the strongest nationalistic concepts, often associated with religious sectarianism. They remain not only unconquered but resistant to absorption because of this nationalistic motivation which is subject neither to analysis nor logical explanation because it is one of the facts of history of which one says that it exists because it exists.

Nasser's Egyptianism at first gave the appearance of a revival of Egyptian nationalism and won sympathy for its cause because whereas among the Great Powers, particularly the Western ones, internationalism usually prevails, there being a deep sympathy for the so-called underdog nations that are fighting for nationalism. Thus, Nasser evoked sympathy and friendship.

But he soon emerged as an imperialism of Hitleresque characteristics. His book, "Philosophy of the Revolution," mimics "Mein Kampf," and his desire to build an Arab state from the Atlantic to Pakistan is mindful of the Nordic postulates of Hitler, Rosenberg and the dreamier Nazis.

Not a single Arab state was liberated by Nasser or by a revolutionary movement. The twelve of them, all freed from the Ottoman Empire, were products of Western grants of independence and sovereignty. True, the motives of the West were not eleemosynary, but a fact is a fact whatever the motive.

Nasser's United Arab Republic is Nasser. There is no state; there is only a single, individual master.

The danger that Israel faces is that sooner or later it could be absorbed by Nasser into the United Arab Republic. This has been made possible by the American attitude during the Suez crisis, an attitude which is now generally admitted to have been an error. The resistance to Nasser in Lebanon, the willingness of the new government of Iraq to recognize its obligations to the West, the unwillingness of Libya, Sudan and Tunis to join him, are signboards of the emerging Middle Eastern opposition to Nasser. After all, Israel, Turkey and Iran are not Arab states at all; many of the African states, such as Algeria, Morocco, and Tunis have Western orientations and will not submit to Nasser's dictation.

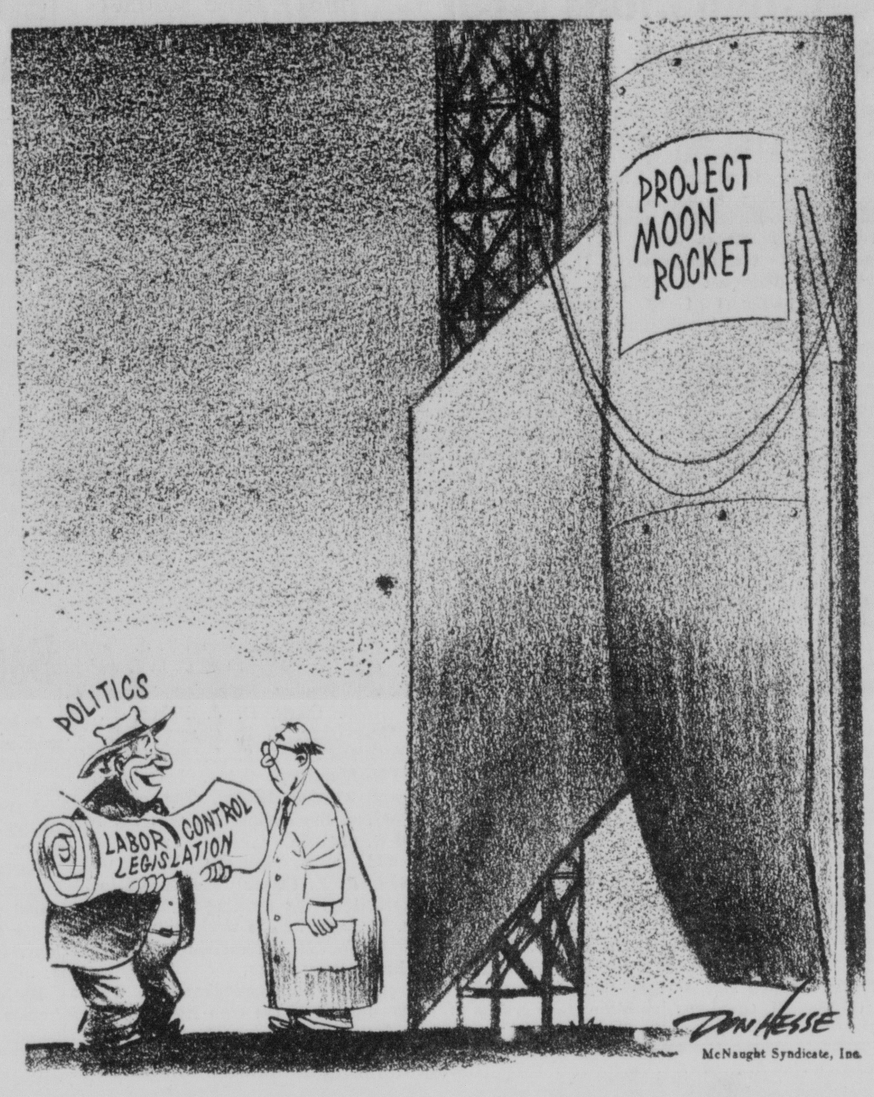

**It is impossible for Israel to organize a coalition with any Arab states because of the accelerated public opinion in Arab countries by radio and newspapers out of Cairo and Damascus. It would, for instance, be to the interest of such a country as Jordan to form an alliance with Israel, but that would now not be possible. Nevertheless, as Nasser goes too far in accumulating Arab states, Jordan will soon be forced to build protectives against possible destruction. After all, Israel does have an effective military force and widespread diplomatic and political capacity.**

The United States has guaranteed the independence of Israel, of the Baghdad Pact countries, and Great Britain is in the Baghdad Pact and is pledged to Jordan. Therefore it is not possible for the United States or Great Britain to refrain from impeding Nasser's imperialism, whereas they are pledged to support the emerging nationalism of all countries in this area, including the non-Arabic countries, Israel, Turkey and Iran.

This is a realistic view of the Middle Eastern situation, one that will face both Eisenhower and Khrushchev at Geneva when they meet. Out of it can come war; out of it may also come a discouragement for the further development of Nasser imperialism which is beneficial neither for the United States nor Soviet Russia in the long run.

## 'Could You Drop This Off Somewhere?'

## Mao, Khrushchev And The Balance Of Terror

By Joseph Alsop

WASHINGTON

There is one thing you can say for certain about Nikita Khrushchev's long meeting with Mao Tse-tung. Their communique contains the most threatening language that has ever appeared in any Communist statement of this character.

"The aggressive bloc of Western powers," says the communique, ". . . (are) bringing mankind to the brink of a war catastrophe. They should know, however, that if the imperialist war maniacs should dare to impose war on the people of the world, all countries and peoples who love peace and freedom will unite closely to wipe out clean the imperialist aggressors and so establishing everlasting world peace."

Those words, being interpreted, are a threat to "wipe out clean" the leading nations of the free world, and so establish a Communist world empire. They reflect the change in the balance of terror (as the great Churchill used to call it) which has been flaccidly permitted by the present American leadership.

There is also another thing that you can say, with at least a high degree of certainty, about this Khrushchev - Mao get - together. The announced presence of the Chinese and Soviet defense ministers, Marshal Peng Teh-huai and Marshal Rodion Malinovsky, means that important military topics were on the agenda. If the meeting's only purpose had been to keep the Chinese happy about the famous summit meeting that is supposed to relax tensions, the two Marshals would not have been asked to join the party.

The Peking talks were beyond doubt an event of the utmost importance — the kind of event that positively demands to be interpreted. The two points above, concerning the language of the communique and the presence of the Marshals, are the only solid ground on which an interpretation can be based. But why this sudden, extreme threat? And what military topics were the Marshals there to talk about?

There is at least one intensely disagreeable but quite possible answer to both questions. The Marshals may have been chatting about another attempt on Quemoy and the Matsus — the little offshore islands the Chinese Communists threatened to take in 1954-'55.

Three years have passed since the Kremlin switched the Communist pressure-hose from the Far East to the Middle East. By now, the pressure-hose has pretty well washed out every vital Western position in the Middle East. The State Department is not admitting it yet in public but it has privately acknowledged that Nasser's most recent success in Baghdad has at least thoroughly undermined all the positions that virtually seem to remain, in Saudi Arabia, in Jordan and Lebanon, and in the Persian Gulf Coast sheikhdoms.

In this same period the last three years, the balance of terror has also been allowed to tilt perilously far in favor of the Communist bloc. And at the climax of this period, in the recent Middle Eastern crisis, the Western powers have talked big; but they have also let their feebleness and lack of resolution show all too plainly, between the mouthfuls of big talk.

All these parallel developments have the utmost meaning for the very exposed positions, like Quemoy and the Matsus and Berlin too, for that matter. Nothing whatever has defended these positions except the appearance of American resoluteness plus the balance of terror.

When the Chinese Communists were last threatening to seize the little islands off Formosa, Secretary Dulles's announced policy was to "keep them guessing" about what our response would be. They do not need to guess very hard now, to know that the American government, in the new and far more unfavorable balance of terror, is not going to use H-bombs to save Quemoy.

Since then, moreover, the Chinese Communists have completed every imaginable military preparation for an attack on the offshore islands or, indeed, an attack on Formosa. Fukien Province, which used to be empty and cut off from China by its surrounding mountains, is now dotted with air fields and fully opened up to support a major operation. Meanwhile if you leave out the H-bombs, our forces in the Pacific are now far weaker than they were when the Korean aggression took place.

It is a pretty frightening pattern. As yet only a small minority in the U. S. government thinks that Khrushchev and Mao talked about exploiting this pattern at their recent meeting. But if something is not done to change the pattern, it will be exploited next time, if not this time.

## Air Force Tries To Hide General's Copter Crash During Fishing Trip

By Drew Pearson

WASHINGTON — The fishing trips of the Air Force top brass are causing resentment among enlisted men, to say nothing of dipping into the taxpayers' money. Last week a fishing trip by the top general of the Air Force, Chief of Staff Tom White, came a cropper when his helicopter cracked up about 100 miles from Goose Bay, Labrador.

Cost to the taxpayers for the H-21 helicopter, No. 534401 was close to $200,000.

It was left to lie in the wilds of Labrador, near the Sandhill River, and when safety officers convened an investigation board and asked for the records, the board was called off. General White's name was then removed from the records. Furthermore, the No. 534401 is now listed as "cross country." This means that it is still officially flying somewhere across country, despite the fact that it's wrecked.

The helicopter crackup took place on Friday, August 1. General White was much more frank than those who tried to cover up for him at Goose Bay. Calling this writer, he said:

"I understand you inquired whether I was in a helicopter accident. I was. I don't like to be in accidents but I also don't like any coverup and I'm glad to tell you the facts. I was in a helicopter that crashed on a recreation fishing trip to Labrador."

When General White was told that some of the enlisted men griped about the trek of generals to Goose Bay, he replied: "Yes, but I'm glad to say that 1,400 enlisted men also enjoyed fishing on the Labrador Lakes. We down here in Washington can't get get away very often. We work at top speed and when we can get off we too like to get a break from pressure."

The others who have enjoyed Labrador fishing include Gen. Nathan Twining, Chairman of the Joint Chiefs of Staff, who's been in Labrador this week; Gen. Curtis LeMay, Vice Chief of Staff, who's also been there this week; together with Gen. Edwin W. Rawlins, Commander of the Air Materiel Command at Wright Patterson Air Base, who flies in from Dayton, Ohio; and Gen. Earle Partridge, Commander-in-Chief of the North American Air Defense Command, who flies in from Colorado.

Goose Bay has established various fishing camps within one to two hundred miles as a recreation area. They are serviced by H-21 helicopters and SA-16 amphibious planes, which normally are supposed to service the men camped in lonely radar stations in the arctic wilderness watching for surprise attack.

However, those planes are now busy flying fishing parties. An average of ten planes and helicopters is assigned to the fishing service, operating about twenty hours daily at a minimum cost of $15 an hour. It should be noted, however, that the enlisted men and officers who have to spend their bleak Arctic winters in this area deserve all the fishing recreation they can get. Arctic nights are long and monotonous.

The Rural Electrification Administration was founded under Roosevelt because private utilities refused to build power lines and telephones to farm areas. ## Peace And The B52

By Bob Considine

SEATTLE — The symbol of the peace — such as it is — is the breath-taking sight of 8-engined B-52's still coming off the production lines here at Boeing's huge plant. All you can do is whistle softly at the sight of a line of the intercontinental H-bombers, their huge rakish tails jutting four stories high, their vast wings deceptively droopy. One passes this line on the way in from Seattle's airport to town, and arrives in the city reassured.

Perhaps not even the people who build these incredible airplanes fully appreciate what they mean to the free world. They hear the statesmen of the West speak of "deterrent forces" and "massive retaliation." Really, it's a lot simpler to say. In truth, Nikita Khrushchev and every other ambitious thug in the Kremlin is scared out of his wits by the B-52's and the men of the Strategic Air Command who have been painstakingly trained to fly them to appointed targets.

We detected that fear running through the interviews with Khrushchev and other leaders last November. They spoke of their great ICBMs and what they could obliterate with these missiles. But invariably the talk would come back to the B-52 and what SAC could do in return.

Britain once forced a century of peace on the world through the sheer power of her navy, the Pax Britannica. Today we have the Pax Boeing, or the Pax Sac.

It is a mark of the versatility of the Boeing plant that in addition to building more B-52's it is turning out the Bomarc, a 200-mile range anti-aircraft and anti-missile rocket; working on the Air Force's Dyna - Soar project (which one day will produce a space bomber), and jumping back into the commercial field with both feet.

Boeing's 707 jetliner will soon open its doors to air travelers. A slightly smaller lighter pure jet, the Boeing 720, will follow for shorter hops. As for the 707, the day it takes its first paying passengers in the air it will be the most-tested aircraft ever delivered either to the military or the transport lines.

The prototype, which cost Boeing $15,000,000 of its own money, first flew in 1955. The progenitor of that prototype, the B-47, flew in 1947. The military version of the 707, the K-135 jet tanker, has been roaming the earth — gassing up B-47s and B-52s — for two years.

As for the strength of the 707, one of these $5,000,000 planes was built not long ago simply to be systematically destroyed. It went through a torture test which must have been excruciating to watch. Its fuselage was secured and then its wing was pressured up, down, and twisted. Then the body had to take it from the giant presses. The 707 would not break until it had withstood violence it could not conceivably ever meet in the air. But Boeing had to know.

## New Pills Stop Itch Of Mosquito Bites

By Dr. Theodore R. Van Dellen

The new mosquito pill is an antihistaminic drug. This product is not new; it has been used in allergy for several years.

What is its relationship to mosquitoes? Redness, swelling, and itching following a mosquito bite is thought to be an allergic reaction comparable to hives. Antihistamic salves and creams relieve itching and it is reasonable to assume that a product containing this chemical will do the same when taken internally.

The new pill does not prevent skeeters from biting. In this respect it differs from an insect repellent. But it takes the itch out of the bite so that the individual is not aware that the mosquito has been busy eating on him.

The pill was tried on 100 youngsters by a Chicago physician who is part owner of a summer camp for boys and girls. These youngsters were interviewed after they had been bitten by mosquitos and 98 per cent complained of intense itching. Many had secondary infections from scratching too vigorously.

They were instructed to take the antihistaminic tablet every night and another in the morning if needed. All but four campers noted immediate relief. Scratching ceased and the infected bites cleared up rapidly. No itching occurred on subsequent days in those who took the pills every evening, even though they had innumerable bites.

There are many types of antihistaminic drugs. Drowsiness is one of the side reactions. Some persons are affected more than others and some of these products lead to more sleepiness than others. In this group of campers and counselors, none reported this symptom.

The majority of repellents have withstood the test of time but some are sticky and messy. Further work on the antihistaminic compounds will be necessary before they can be endorsed as itch relievers.

**RINGING EARS**

F. D. writes: Does ear ringing lead to deafness eventually?

REPLY

No. These noises may precede or accompany deafness but do not cause hearing loss. Among the causes of ear ringing are obstruction of the eustachian tube or taking too must quinine. Send a stamped, self-addressed envelope for our leaflet on ear noises.

**OCCUPATIONAL HAZARDS**

L. R. writes: What are the occupational hazards of veterinarians?

REPLY

Other than being kicked, bitten, and scratched, the major hazard is zoonoses. More than 86 diseases are transmitted to man by animals but most veterinarians have been trained to protect themselves.

**UNSATURATED FATS**

C. T. writes: Are vegetable fats the unsaturated fats?

REPLY

In general, yes. The list includes olive, sunflower seed, saffron seed, safflower seed, cottonseed, palm, peanut, and coconut oils.

**ENLARGED VEINS**

L. D. writes: Do dilated veins on the face show that a person is drinking too much?

REPLY

No. Although alcohol is one of many causes.

**BLAND VEGETABLES**

T. W. writes: Can a person with ulcerative colitis eat cooked,pureed vegetables?

REPLY

Yes. Cooking and pureeing usually reduce residual bulk to a minimum.

**PRESSURE AND SURGERY**

D. F. writes: Does a person's blood pressure drop during and immediately after an operation?

REPLY

Yes, more so during the operation.

**COFFEE AND ALLERGY**

M. L. writes: Did you ever hear of allergy to coffee?

REPLY

No, but coffee bean dust has caused asthma or hay fever. On the other hand, many asthmatics are relieved by drinking a cup of strong coffee. It is not as effective as epinephrine but represents a good home remedy.

**ATHLETE'S FOOT**

D. L. writes: What was the jungle rot the fellows in the South Pacific complained of in World War II?

REPLY

A fungous infection allied to American style athlete's foot, but made worse by excessive heat and humidity combined with war time bathing facilities.

TOMORROW: Adjusting to middle-age.

**To the limit of space questions pertaining to the prevention of disease will be answered. Personal replies will be made when return stamped envelope is enclosed. Telephone inquiries not accepted. Dr. Van Dellen will not make diagnosis or prescribe for individual diseases.**

# Rising Stocks And Inflation Prospects

Rises of stock quotations in the Wall Street market, in excess of foreseeable prospect of business earnings, put the experts on the trail of the probable cause. They can see no other reason than expectation of a sharp inflationary trend.

It is not merely that an increase of $8 billion in the $280 billion debt ceiling has been recommended by the White House. That in itself might not be an important factor. But Congress is taking preliminary steps now that, if carried through, will create deficits for many years to come and push the debt well beyond $300 billion.

Congress is preparing to increase metals and wool subsidies. Many types of liberalized terms for mortgages and government grants for housing are in the works. A Senate committee recommends $1.2 billion more for defense than the President proposed.

Lumping these items, the likelihood of a federal deficit of more than $10 billion this fiscal year is real. That would be in excess of the last big deficit of $9.4 billion during the Korean War.

Commenting on inflation-stimulating deficits, Barron's Weekly says:

"A federal deficit creates the possibility for eventual price stimulation to the extent that the borrowing is financed by commercial banks, since such a method transfers money from private bank accounts to the U. S. Treasury and thus substantially increases the money supply, which is the foundation of expanded credit."

The philosophy of the times is for more government action, higher debts and cheaper dollars. Yet there are protests against the soaring cost of living and taxes. But the preponderance of evidence is that the American people feel trapped in a never-ending inflation cycle as the French were.

# These Days

**By George E. Sokolsky**

## *Nationalism*

Nationalism is an expression of the will of a people to be unified in their political life. In most instances, nationalism is strongest among the smaller and weaker peoples or those who have had the experience of being a colony or new states that have recently come into existence either by revolution or partition. Nationalism is weakest in such countries as the United States and Great Britain which seek a comity of peoples.

**Nationalism is normal in history whether one thinks of the city states of Greece, the revolt of Bar Kockba against Rome, the emergence of the national states of Europe after the French Revolution or the establishment of Israel after almost 2,000 years of Diaspora or the emergence of Arab nationalism in the Crescent of Fertility which surrounds the desert after being held captive in the Ottoman Empire.**

Such peoples as the Armenians or the Kurds or the Jews who have long been without lands of their own have maintained the strongest nationalistic concepts, often associated with religious sectarianism. They remain not only unconquered but resistant to absorption because of this nationalistic motivation which is subject neither to analysis nor logical explanation because it is one of the facts of history of which one says that it exists because it exists.

Nasser's Egyptianism at first gave the appearance of a revival of Egyptian nationalism and won sympathy for its cause because whereas among the Great Powers, particularly the Western ones, internationalism usually prevails, there being a deep sympathy for the so-called underdog nations that are fighting for nationalism. Thus, Nasser evoked sympathy and friendship.

But he soon emerged as an imperialism of Hitleresque characteristics. His book, "Philosophy of the Revolution," mimics "Mein Kampf," and his desire to build an Arab state from the Atlantic to Pakistan is mindful of the Nordic postulates of Hitler, Rosenberg and the dreamier Nazis.

Not a single Arab state was liberated by Nasser or by a revolutionary movement. The twelve of them, all freed from the Ottoman Empire, were products of Western grants of independence and sovereignty. True, the motives of the West were not eleemosynary, but a fact is a fact whatever the motive.

Nasser's United Arab Republic is Nasser. There is no state; there is only a single, individual master.

The danger that Israel faces is that sooner or later it could be absorbed by Nasser into the United Arab Republic. This has been made possible by the American attitude during the Suez crisis, an attitude which is now generally admitted to have been an error. The resistance to Nasser in Lebanon, the willingness of the new government of Iraq to recognize its obligations to the West, the unwillingness of Libya, Sudan and Tunis to join him, are signboards of the emerging Middle Eastern opposition to Nasser. After all, Israel, Turkey and Iran are not Arab states at all; many of the African states, such as Algeria, Morocco, and Tunis have Western orientations and will not submit to Nasser's dictation.

**It is impossible for Israel to organize a coalition with any Arab states because of the accelerated public opinion in Arab countries by radio and newspapers out of Cairo and Damascus. It would, for instance, be to the interest of such a country as Jordan to form an alliance with Israel, but that would now not be possible. Nevertheless, as Nasser goes too far in accumulating Arab states, Jordan will soon be forced to build protectives against possible destruction. After all, Israel does have an effective military force and widespread diplomatic and political capacity.**

The United States has guaranteed the independence of Israel, of the Baghdad Pact countries, and Great Britain is in the Baghdad Pact and is pledged to Jordan. Therefore it is not possible for the United States or Great Britain to refrain from impeding Nasser's imperialism, whereas they are pledged to support the emerging nationalism of all countries in this area, including the non-Arabic countries, Israel, Turkey and Iran.

This is a realistic view of the Middle Eastern situation, one that will face both Eisenhower and Khrushchev at Geneva when they meet. Out of it can come war; out of it may also come a discouragement for the further development of Nasser imperialism which is beneficial neither for the United States nor Soviet Russia in the long run.

## 'Could You Drop This Off Somewhere?'

# Mao, Khrushchev And The Balance Of Terror

**By Joseph Alsop**

WASHINGTON

There is one thing you can say for certain about Nikita Khrushchev's long meeting with Mao Tse-tung. Their communique contains the most threatening language that has ever appeared in any Communist statement of this character.

"The aggressive bloc of Western powers," says the communique, ". . . (are) bringing mankind to the brink of a war catastrophe. They should know, however, that if the imperialist war maniacs should dare to impose war on the people of the world, all countries and peoples who love peace and freedom will unite closely to wipe out clean the imperialist aggressors and so establishing everlasting world peace."

Those words, being interpreted, are a threat to "wipe out clean" the leading nations of the free world, and so establish a Communist world empire. They reflect the change in the balance of terror (as the great Churchill used to call it) which has been flaccidly permitted by the present American leadership.

There is also another thing that you can say, with at least a high degree of certainty, about this Khrushchev - Mao get - together. The announced presence of the Chinese and Soviet defense ministers, Marshal Peng Teh-huai and Marshal Rodion Malinovsky, means that important military topics were on the agenda. If the meeting's only purpose had been to keep the Chinese happy about the famous summit meeting that is supposed to relax tensions, the two Marshals would not have been asked to join the party.

The Peking talks were beyond doubt an event of the utmost importance — the kind of event that positively demands to be interpreted. The two points above, concerning the language of the communique and the presence of the Marshals, are the only solid ground on which an interpretation can be based. But why this sudden, extreme threat? And what military topics were the Marshals there to talk about?

There is at least one intensely disagreeable but quite possible answer to both questions. The Marshals may have been chatting about another attempt on Quemoy and the Matsus — the little offshore islands the Chinese Communists threatened to take in 1954-'55.

Three years have passed since the Kremlin switched the Communist pressure-hose from the Far East to the Middle East. By now, the pressure-hose has pretty well washed out every vital Western position in the Middle East. The State Department is not admitting it yet in public but it has privately acknowledged that Nasser's most recent success in Baghdad has at least thoroughly undermined all the positions that virtually seem to remain, in Saudi Arabia, in Jordan and Lebanon, and in the Persian Gulf Coast sheikhdoms.

In this same period the last three years, the balance of terror has also been allowed to tilt perilously far in favor of the Communist bloc. And at the climax of this period, in the recent Middle Eastern crisis, the Western powers have talked big; but they have also let their feebleness and lack of resolution show all too plainly, between the mouthfuls of big talk.

All these parallel developments have the utmost meaning for the very exposed positions, like Quemoy and the Matsus and Berlin too, for that matter. Nothing whatever has defended these positions except the appearance of American resoluteness plus the balance of terror.

When the Chinese Communists were last threatening to seize the little islands off Formosa, Secretary Dulles's announced policy was to "keep them guessing" about what our response would be. They do not need to guess very hard now, to know that the American government, in the new and far more unfavorable balance of terror, is not going to use H-bombs to save Quemoy.

It is a pretty frightening pattern. As yet only a small minority in the U. S. government thinks that Khrushchev and Mao talked about exploiting this pattern at their recent meeting. But if something is not done to change the pattern, it will be exploited next time, if not this time.

# Peace And The B52

**By Bob Considine**

SEATTLE — The symbol of the peace — such as it is — is the breath-taking sight of 8-engined B-52's still coming off the production lines here at Boeing's huge plant. All you can do is whistle softly at the sight of a line of the intercontinental H-bombers, their huge rakish tails jutting four stories high, their vast wings deceptively droopy. One passes this line on the way in from Seattle's airport to town, and arrives in the city reassured.

Perhaps not even the people who build these incredible airplanes fully appreciate what they mean to the free world. They hear the statesmen of the West speak of "deterrent forces" and "massive retaliation." Really, it's a lot simpler to say. In truth, Nikita Khrushchev and every other ambitious thug in the Kremlin is scared out of his wits by the B-52's and the men of the Strategic Air Command who have been painstakingly trained to fly them to appointed targets.

We detected that fear running through the interviews with Khrushchev and other leaders last November. They spoke of their great ICBMs and what they could obliterate with these missiles. But invariably the talk would come back to the B-52 and what SAC could do in return.

Britain once forced a century of peace on the world through the sheer power of her navy, the Pax Britannica. Today we have the Pax Boeing, or the Pax Sac.

It is a mark of the versatility of the Boeing plant that in addition to building more B-52's it is turning out the Bomarc, a 200-mile range anti-aircraft and anti-missile rocket; working on the Air Force's Dyna - Soar project (which one day will produce a space bomber), and jumping back into the commercial field with both feet.

Boeing's 707 jetliner will soon open its doors to air travelers. A slightly smaller lighter pure jet, the Boeing 720, will follow for shorter hops. As for the 707, the day it takes its first paying passengers in the air it will be the most-tested aircraft ever delivered either to the military or the transport lines.

The prototype, which cost Boeing $15,000,000 of its own money, first flew in 1955. The progenitor of that prototype, the B-47, flew in 1947. The military version of the 707, the K-135 jet tanker, has been roaming the earth — gassing up B-47s and B-52s — for two years.

As for the strength of the 707, one of these $5,000,000 planes was built not long ago simply to be systematically destroyed. It went through a torture test which must have been excruciating to watch. Its fuselage was secured and then its wing was pressured up, down, and twisted. Then the body had to take it from the giant presses. The 707 would not break until it had withstood violence it could not conceivably ever meet in the air. But Boeing had to know.

# New Pills Stop Itch Of Mosquito Bites

**By Dr. Theodore R. Van Dellen**

The new mosquito pill is an antihistaminic drug. This product is not new; it has been used in allergy for several years.

What is its relationship to mosquitoes? Redness, swelling, and itching following a mosquito bite is thought to be an allergic reaction comparable to hives. Antihistamic salves and creams relieve itching and it is reasonable to assume that a product containing this chemical will do the same when taken internally.

The new pill does not prevent skeeters from biting. In this respect it differs from an insect repellent. But it takes the itch out of the bite so that the individual is not aware that the mosquito has been busy eating on him.

The pill was tried on 100 youngsters by a Chicago physician who is part owner of a summer camp for boys and girls. These youngsters were interviewed after they had been bitten by mosquitos and 98 per cent complained of intense itching. Many had secondary infections from scratching too vigorously.

They were instructed to take the antihistaminic tablet every night and another in the morning if needed. All but four campers noted immediate relief. Scratching ceased and the infected bites cleared up rapidly. No itching occurred on subsequent days in those who took the pills every evening, even though they had innumerable bites.

There are many types of antihistaminic drugs. Drowsiness is one of the side reactions. Some persons are affected more than others and some of these products lead to more sleepiness than others. In this group of campers and counselors, none reported this symptom.

The majority of repellents have withstood the test of time but some are sticky and messy. Further work on the antihistaminic compounds will be necessary before they can be endorsed as itch relievers.

**RINGING EARS**

F. D. writes: Does ear ringing lead to deafness eventually?

REPLY

No. These noises may precede or accompany deafness but do not cause hearing loss. Among the causes of ear ringing are obstruction of the eustachian tube or taking too must quinine. Send a stamped, self-addressed envelope for our leaflet on ear noises.

**OCCUPATIONAL HAZARDS**

L. R. writes: What are the occupational hazards of veterinarians?

REPLY

Other than being kicked, bitten, and scratched, the major hazard is zoonoses. More than 86 diseases are transmitted to man by animals but most veterinarians have been trained to protect themselves.

**UNSATURATED FATS**

C. T. writes: Are vegetable fats the unsaturated fats?

REPLY

In general, yes. The list includes olive, sunflower seed, saffron seed, safflower seed, cottonseed, palm, peanut, and coconut oils.

**ENLARGED VEINS**

L. D. writes: Do dilated veins on the face show that a person is drinking too much?

REPLY

No. Although alcohol is one of many causes.

**BLAND VEGETABLES**

T. W. writes: Can a person with ulcerative colitis eat cooked,pureed vegetables?

REPLY

Yes. Cooking and pureeing usually reduce residual bulk to a minimum.

**PRESSURE AND SURGERY**

D. F. writes: Does a person's blood pressure drop during and immediately after an operation?

REPLY

Yes, more so during the operation.

**COFFEE AND ALLERGY**

M. L. writes: Did you ever hear of allergy to coffee?

REPLY

No, but coffee bean dust has caused asthma or hay fever. On the other hand, many asthmatics are relieved by drinking a cup of strong coffee. It is not as effective as epinephrine but represents a good home remedy.

**ATHLETE'S FOOT**

D. L. writes: What was the jungle rot the fellows in the South Pacific complained of in World War II?

REPLY

A fungous infection allied to American style athlete's foot, but made worse by excessive heat and humidity combined with war time bathing facilities.

TOMORROW: Adjusting to middle-age.

**To the limit of space questions pertaining to the prevention of disease will be answered. Personal replies will be made when return stamped envelope is enclosed. Telephone inquiries not accepted. Dr. Van Dellen will not make diagnosis or prescribe for individual diseases.**

# Try And Stop Me

**By Bennett Cerf**

A glamour girl whose escapades are faithfully chronicled in the best gossip columns confided to one scribe that she always jumped out of bed the first moment the sun's rays shone into her boudoir. She neglected to add that her boudoir window faces west.

A lady investor explained the secret of her stock operations to a gentleman friend. "I just look at a company's annual balance sheet," she stated. "If the total assets and the total liabilities are exactly the same, I know everything's all right."

Two actresses who make believe they love each other dearly were dining together at the Algonquin. "I've just reached the dangerous age—30, you know," admitted one coyly. "How amazing," reacted the other. "What delayed you?"

The marriage of a prominent sports magnate has reached the nip-and-tuck stage: he takes the nip—and she has to tuck him into bed.

# Mrs. Helen Holt Wins Easily For Secretary Of State Nomination

CHARLESTON, W. Va. (UPI)—Mrs. Helen Holt, the second woman ever nominated for statewide office in West Virginia, will face assistant state treasurer Joe F. Burdett in the general election for an unexpired two year term as secretary of state.

Both nominees won easily in Tuesday's primary, Mrs. Holt turning back a challenge by Republican Mary K. Holt of Weston and Burdett winning in a seven-man Democratic field by a 2-to-1 margin over his nearest opponent.

Mrs. Holt, widow of the late former U. S. Sen. Rush D. Holt, has been serving as secretary of state by appointment since the death last December of D. Pitt O'Brien. Mary K. Holt is the wife of Helen's brother-in-law.

Mrs. Holt was appointed to the House of Delegates in 1955 to fill the vacancy created by the death of her husband, and in 1956 led the ticket in the race for delegate to the Republican national convention.

Mrs. Holt polled 89,883 votes to 15,047 for her opponent with more than 99 per cent of the vote tabulated. The only other woman previously nominated for a statwide post was Mrs. Chauncey Hinerman of Marshall County, the GOP nominee for secretary of state in 1940.

Burdett received 63,447 votes to 31,963 for runnerup Sam B. Chilton of Charleston, who was seeking the office for the eighth time —all unsuccessfully.

# Mrs. Helen Holt Wins Easily For Secretary Of State Nomination

CHARLESTON, W. Va. (UPI)—Mrs. Helen Holt, the second woman ever nominated for statewide office in West Virginia, will face assistant state treasurer Joe F. Burdett in the general election for an unexpired two year term as secretary of state.

Both nominees won easily in Tuesday's primary, Mrs. Holt turning back a challenge by Republican Mary K. Holt of Weston and Burdett winning in a seven-man Democratic field by a 2-to-1 margin over his nearest opponent.

Mrs. Holt, widow of the late former U. S. Sen. Rush D. Holt, has been serving as secretary of state by appointment since the death last December of D. Pitt O'Brien. Mary K. Holt is the wife of Helen's brother-in-law.

Mrs. Holt was appointed to the House of Delegates in 1955 to fill the vacancy created by the death of her husband, and in 1956 led the ticket in the race for delegate to the Republican national convention.

Mrs. Holt polled 89,883 votes to 15,047 for her opponent with more than 99 per cent of the vote tabulated. The only other woman previously nominated for a statwide post was Mrs. Chauncey Hinerman of Marshall County, the GOP nominee for secretary of state in 1940.

## Visit Relatives

FROSTBURG — Mrs. Eva Broadwater and daughter Mary Lee and Donald Mull, Salisbury, Pa., visited relatives in Cohocton, N. Y.

Burdett's only previous bid for statewide office was made in 1956 when he ran fourth in a five-man field for the Democratic nomination for governor. He previously served as president of the now defunct State Board of Control in charge of state institutions.

Burdett received 63,447 votes to 31,963 for runnerup Sam B. Chilton of Charleston, who was seeking the office for the eighth time —all unsuccessfully.

## Two Men Injured

LONACONING—William Green and Stephen Whittington, who were injured Monday evening at West Main Street, Lonaconing, when struck by an automobile, returned to their homes Wednesday afternoon to convalesce from their injuries.

Other vote totals with all but 18 of the state's 2,803 precincts tabulated, gave 29,595 to John Alderson of Richwood, former chief clerk under O'Brien; 24,283 to George E. Baker of Clarksburg; 16,645 to Robert Alfred of Weston; 13,014 to Earl C. Hahn of St. Marys and 9,813 to former House of Delegates member James D. Loop of Charleston.

# Frederick Legion Tops Cumberland In Regional Final, 4-3

## Keller, Moss Triples Win Game In 7th

### Michael Defeats Richards; Victors In State Tourney

Don Keller, son of the former New York Yankee Charley Keller, and Tommy Moss slammed back-to-back triples in the 7th inning to break a 3-3 tie to give Francis Scott Key Post of Frederick a 4-3 decision over Fort Cumberland Post No. 13, of Cumberland, in the "rubber" game of a three-game series for the American Legion junior baseball regional championship yesterday at McCurdy Field, Frederick.

The victory advanced Frederick into the first round of the Maryland Department Tournament which gets under way today at College Park.

In a twin bill here Saturday, Cumberland won the first game of the series, 2-1, and Frederick took the nightcap affair by the score of 8-3.

**Michael Fans Twelve**

Tommy "Tinker" Michael who lost a pitching duel to Dave Richards in the series opener, squared accounts yesterday by limiting Cumberland to six hits while his strikeout victims totaled 12.

Richards, who pitched a one-hitter and struck out 17 on Saturday, was nicked for eight safeties, including a pair of three-baggers, issued five bases on balls and fanned nine.

Frederick scored its first run in the second inning when Michael drew a pass, pilfered second base, also third and raced home when Wes Broadwater let Leroy Morris' throw get away from him.

The defending state champions added two more tallies in the third frame to take a 3-0 lead. Dale Ramsburg singled, stole second and scored on a base hit by Loren Young. Singles by Keller and Moss sent over Frederick's third tally.

Cumberland broke into the scoring column in the fourth, when Rich Murray tripled down the left field line and crossed the plate on a passed ball by Moss.

**Locals Tie Score**

The Mountain District team tied it up with a pair of tallies in the top of the sixth. Donnie Lewis was hit by a pitched ball, moved to second on a passed ball and came home on a single by Rich Garlitz. Garlitz swiped second base and sprinted over with the tying marker on Wes Broadwater's base wallop.

Garlitz turned in the game's best fielding play in the eighth inning when he speared a hot grounder back of second base and tossed out the batter for the final out with third base occupied.

Broadwater and Garlitz obtained two hits each for the losers while Keller and Moss shared four of Frederick's eight blows.

Dr. Erwin Mayer, Baltimore club physician, closed the gash with three stitches and said there would not be any complications.

## Giants Drop 8-7 Verdict To Cards

ST. LOUIS (UPI)—Stan Musial drove in three runs with a single and double and Chuck Stobbs turned in a fine relief job to lead the St. Louis Cardinals to an 8-7 victory over the San Francisco Giants Wednesday night.

The loss, the Giants' eighth in their last nine, dropped them six full games behind the league-leading Milwaukee Braves.

The Cards spotted Frisco to a 5-0 edge before unlimbering a 12-hit attack off Al Worthington, Don Johnson and Paul Giel.

Stobbs held the Giants to three harmless hits from the second through the seventh inning before retiring because of a blistered finger.

## Milwaukee Open Draws Top Golfers

### Leading Money Winners To Vie

MILWAUKEE (AP) — Nine of professional golf's 10 leading money winners took a bead Wednesday on the $5,300 first prize of the $35,000 Milwaukee Open Tournament starting Friday on Tripoli Golf Club's tricky but sometimes tractable layout.

The only absentee among the select 10 is Dow Finsterwald of Tequesta, Fla., No. 4 on the PGA money list with winnings of $25,338. The PGA champ was called to New York on business.

The others include Ken Venturi, the pretourney favorite from San Francisco; Masters Champion Arnold Palmer of Latrobe, Pa., and Tommy Bolt, the National Open king from Crystal River, Fla.

Palmer heads the list with $37,157. Venturi, fresh from his one-stroke $9,000 triumph in the Chicago Open and defending champion here, is third with $30,870. Bolt ranks fifth with $25,140 in winnings.

## Orioles Drop 10th Straight

### Ditmar Hurls Yanks To 3 To 1 Victory

BALTIMORE (AP) — Art Ditmar hurled the New York Yankees to a 3-1 victory over the Baltimore Orioles Wednesday night, extending the Baltimore losing streak to 10 games—longest in the major leagues this season.

Lefty Jack Harshman wasted another fine effort allowing seven hits and striking out eight, as the Orioles failed to generate any semblance of an attack. Ditmar upped his record to 8-2.

Harshman, who entered the game with a 2.82 earned run average, suffered his 10th loss against eight victories. Several of his defeats have been in similar low-scoring games. Only twice in his 18 decisions have the Orioles scored more than four runs.

Harshman gave up two singles to start the game, then retired 15 men in a row before the Yanks erupted for two runs in the sixth.

The Old Exports moved 1½ games ahead in the City Softball League race by defeating the Hermans yesterday at Post Field by the score of 2-1 as Junior Brelsford gained the verdict over Hayden Phillips in a pitchers' battle.

Brelsford yielded only four hits and struck out 11 and registered his eighth win in 12 decisions.

The Old Exports broke a 1-1 deadlock in the 4th when "Chuck" Eirich singled, took second on Downton's sacrifice and scored the winning run on an overthrow of first base.

Bill Burke of the winners and Gene Basilio of the Hermans collected two hits each. Smoky Howe excelled at third base for the Old Exports. The loss dropped the Hermans into the league cellar.

Chaney's Transportation upset the Sports Shoppe at Stitcher Field by the score of 8-6.

Rich Smith, Sports Shoppe hurler, who lost a 1-0 no-hitter Friday to the K. of C., struck out ten batsmen and dropped a five-hitter yesterday.

The losers collected nine safeties, including a two-bagger by "Sonny" Method and a double and single by Eddie Powelson. Kenny Perdew, who supplanted Dale Walker in the third inning, received credit for the win.

Paul Stickley with a double and single and "Sonny" Jack with a pair of one-base knocks paced Chaney's at the plate. Louie Arnone turned in two nice running catches in right field for the winners. Scores:

## Liston Stops Bethea Early

### Chicago Bout Ends In Opening Round

CHICAGO (UPI) — Sonny Liston finished trial horse Wayne Bethea in two quick flurries of punches Wednesday night for a technical knockout victory at 1:09 of the first round of the Wednesday night television fight.

Liston, weighing 206 to Bethea's 204, took charge before the gongs echo died. Bethea never landed a serious punch.

Liston started his foe toward his ninth pro defeat in 28 fights with a left jab, his specialty punch, and then moved in with both hands to the head. On the eight punch of the series, Bethea toppled after a left hand to the head.

He staggered to his feet at the count of four and at the count of eight moved into action again. But he hardly had reached the center of the ring before Liston moved in with another series of combinations which rocked Bethea against the ropes.

He staggered across the ring, and referee Bernie Weissman halted the action to inspect Bethea. Then he stopped the bout due to cuts inside the mouth and Bethea's obviously unstable condition.

It was Liston's 19th victory in the 20 pro bouts and his 12th straight. It earned him an impressive bid for a title shot against champion Floyd Patterson.

Truman Gibson, president of the International Boxing Club who was present, immediately announced that he would guarantee Patterson $250,000 to risk his title against Liston.

## Phillies Whip Cincinnati, 8-5

CINCINNATI (UPI) — Ted Kazanski clouted a three-run homer and Robin Roberts and Dick Farrell then combined to pitch the Philadelphia Phillies to an 8-5 victory over the Cincinnati Redlegs Wednesday night.

Roberts had an 8-3 edge going into the ninth, when Frank Robinson and Don Hoak blasted him for home runs. A single by Walt Dropo and double by John Temple brought on Farrell to get Jerry Lynch on an infield roller for the final out.

Kazanski, who later drove in his fourth run on an infield forceout, slammed his third homer off the starter, and loser, Harvey Haddix in the third.

Roberts scored three times and drove in a run with a single and double while gaining his 12th victory and 5th in succession.

Bob Thurman's fourth homer produced one Redleg run in the sixth to cut the Phils' lead to 6-3 but they added to that with two off Brooks Lawrence in the ninth.

## Brewer Tosses Three-Hitter, Bosox Win, 8-2

### Jensen Poles 31st, Sievers Hits Pair

BOSTON (AP) — Boston right-hander Tom Brewer, untouchable until Roy Sievers homered with two out in the sixth inning, defeated Washington 8-2 Wednesday on three hits.

Sievers was the villain with a pair of homers. Ossie Alvarez singled for the other safety.

The hard luck South Carolinian, moving his curve ball with unerring accuracy, was backed by Frank Malzone, Jackie Jensen and Ted Lepcio home runs and a Ted Williams triple—good for his 1,700th run batted in.

Off to a poor start after mumps kept him from taking spring training, Brewer held the Senator batters hitless for 5 two-thirds innings though he yielded four walks and had two errors behind him.

Brewer's no-hit bid ended on an 0-2 pitch to Sievers who smashed it into the screen in left center. Sievers added his 30th homer as leadoff man in the ninth to pull within one of American League leader Jensen.

## Lions Wallop Kiwanis, 13-1, Trail By One

### Ron Evans Fans 16, Rotary Wins, 4-2

Manager John Daum's Lions Club swatsmiths racked up 15 hits last night and trounced the first place Kiwanis Club in a Hot Stove League game at Penn Avenue Field by the score of 13-1.

It marked the end of the Kiwanians' six-game winning streak and the victory put the Lions one game off the pace. Kiwanis now leads with 12-4 and the Lions own an 11-5 record.

Ronnie Evans, Jimmy Bell and Bucky Whiteman sparked the Lions' attack with three hits each. Evans and Bell slammed a double and two singles each, Whiteman pounded a triple, two-bagger and single and Jimmy Stratton had two hits, including a two-base wallop.

Ronnie Evans posted his sixth win against no losses and fired the third strike past 16 batsmen. Charley Boone, the first of three Kiwanis pitchers, was the loser.

The only hits yielded by Evans were Price's single and Boone's triple.

At Fort Hill Field, the Rotary Club broke a five-game losing streak by whipping the Cumberland Optimist Club, 4-2.

Marty O'Toole, the third of four Rotary pitchers to see action, got the win and Jim Stewart was the loser.

Ranker's triple was among the four hits credited to the Rotarians. Stewart garnered three safeties and Proudfoot two for the Optimists. Scores:

## Pierce Wins 11th, Cerv Clouts 29th

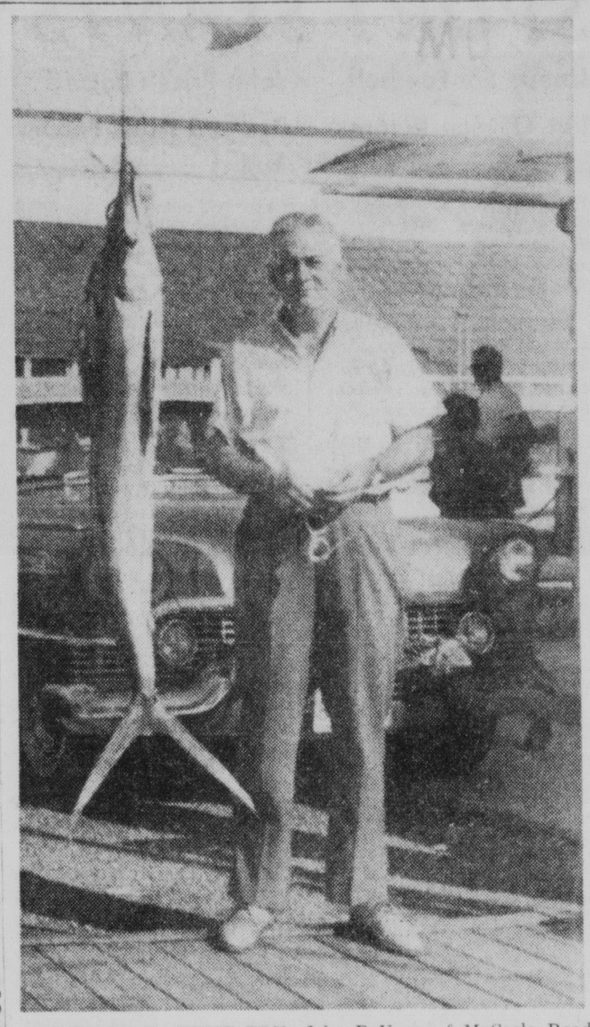

KANSAS CITY, Mo. (UPI) — Chicago's Billy Pierce hurled his 11th win of the season Wednesday night as he stopped the Kansas City Athletics 4-2. Bob Cerv's 29th home run of the season with one on base accounted for the losers' runs.

Pierce was the whole show as he fanned three, walked one, singled and scored a run and was never in trouble after the first inning.

In the opening inning, Bill Tuttle singled for Kansas City, Cerv homered and Hector Lopez bopped a single—and that was the only time Pierce permitted more than one hit in an inning.

## Willey Hurls 3-Hitter, Braves Defeat Bucs, 2-1

### Aaron's Two-Run Homer Beats Law In First Inning

MILWAUKEE (UPI) — Milwaukee rookie Carlton Willey fashioned a three-hit, 2-1, victory over the Pittsburgh Pirates Wednesday night to drop the Bucs further into the pack of distant challengers to the Braves' commanding National League lead.

Hank Aaron's 25th home run of the season with one man on in the first inning provided the margin of victory for the smooth - working right hander in his pitchers' battle with Pittsburgh's Vernon Law.

Center - fielder Bill Virdon hit Willey's second pitch of the ball game into the right field seats in the Pittsburgh first. Thereafter, Willey allowed only two hits and a base on balls to face a total of 31 men in the game.

Willey, who has moved into the Braves' pitching rotation with a string of well-pitched games, garnered his sixth win against three losses. He struck out seven Bucs.

It was the second straight win for the Braves over the Buccaneers, who came in town on the crest of a first division drive that had netted them 10 out of 12 contests. Law allowed only six hits in the seven innings he worked before being lifted for a pinch-hitter. One of the hits was Red Schoendienst's single in the first, putting him on base when Aaron's homer went into the left field bleachers.

Virdon got two of the three hits off Willey when he added a double to his home run to lead off the ninth inning. But Willey left him stranded on second on a line out, strikeouts of Dick Stuart and Frank Thomas to end the game.

## Dodgers Whip Chicago, 5-2

### Neal Belts No. 19, Ties Robinson Mark

CHICAGO (AP) — Charley Neal tied a Dodger club record of 19 home runs by a second baseman and Los Angeles defeated the Chicago Cubs, 5-2 Wednesday in the opener of a two-game series.

Jackie Robinson set the mark in 1951, and matched it in 1952. Neal drove a pitch by Chicago loser Johnny Briggs into the left field cat-walk to climax the Dodgers' winning three-run spurt in the sixth.

Los Angeles scored a run in the first when outfielder Norm Larker delivered a sacrifice fly behind singles by Peewee Reese and catcher John Roseboro.

Briggs, a four-time winner, suffered his second setback. He was tagged for Roseboro's leadoff double in the sixth and Larker's run-making single before Neal delivered his homer. Neal now has 22 runs batted in the past 25 games.

## Keller, Moss Triples Win Game In 7th

### Michael Defeats Richards; Victors In State Tourney

Don Keller, son of the former New York Yankee Charley Keller, and Tommy Moss slammed back-to-back triples in the 7th inning to break a 3-3 tie to give Francis Scott Key Post of Frederick a 4-3 decision over Fort Cumberland Post No. 13, of Cumberland, in the "rubber" game of a three-game series for the American Legion junior baseball regional championship yesterday at McCurdy Field, Frederick.

The victory advanced Frederick into the first round of the Maryland Department Tournament which gets under way today at College Park.

In a twin bill here Saturday, Cumberland won the first game of the series, 2-1, and Frederick took the nightcap affair by the score of 8-3.

**Michael Fans Twelve**

Tommy "Tinker" Michael who lost a pitching duel to Dave Richards in the series opener, squared accounts yesterday by limiting Cumberland to six hits while his strikeout victims totaled 12.

Richards, who pitched a one-hitter and struck out 17 on Saturday, was nicked for eight safeties, including a pair of three-baggers, issued five bases on balls and fanned nine.

Frederick scored its first run in the second inning when Michael drew a pass, pilfered second base, also third and raced home when Wes Broadwater let Leroy Morris' throw get away from him.

The defending state champions added two more tallies in the third frame to take a 3-0 lead. Dale Ramsburg singled, stole second and scored on a base hit by Loren Young. Singles by Keller and Moss sent over Frederick's third tally.

Cumberland broke into the scoring column in the fourth, when Rich Murray tripled down the left field line and crossed the plate on a passed ball by Moss.

**Locals Tie Score**

The Mountain District team tied it up with a pair of tallies in the top of the sixth. Donnie Lewis was hit by a pitched ball, moved to second on a passed ball and came home on a single by Rich Garlitz. Garlitz swiped second base and sprinted over with the tying marker on Wes Broadwater's base wallop.

Garlitz turned in the game's best fielding play in the eighth inning when he speared a hot grounder back of second base and tossed out the batter for the final out with third base occupied.

Broadwater and Garlitz obtained two hits each for the losers while Keller and Moss shared four of Frederick's eight blows.

Dr. Erwin Mayer, Baltimore club physician, closed the gash with three stitches and said there would not be any complications.

Berra, who will not start Wednesday night's game, said "I'm ready to play right now."

Mayer said the injury was not serious and Berra could return to action Thursday.

## Giants Drop 8-7 Verdict To Cards

ST. LOUIS (UPI)—Stan Musial drove in three runs with a single and double and Chuck Stobbs turned in a fine relief job to lead the St. Louis Cardinals to an 8-7 victory over the San Francisco Giants Wednesday night.

The loss, the Giants' eighth in their last nine, dropped them six full games behind the league-leading Milwaukee Braves.

The Cards spotted Frisco to a 5-0 edge before unlimbering a 12-hit attack off Al Worthington, Don Johnson and Paul Giel.

Stobbs held the Giants to three harmless hits from the second through the seventh inning before retiring because of a blistered finger.

## Milwaukee Open Draws Top Golfers

### Leading Money Winners To Vie

MILWAUKEE (AP) — Nine of professional golf's 10 leading money winners took a bead Wednesday on the $5,300 first prize of the $35,000 Milwaukee Open Tournament starting Friday on Tripoli Golf Club's tricky but sometimes tractable layout.

The only absentee among the select 10 is Dow Finsterwald of Tequesta, Fla., No. 4 on the PGA money list with winnings of $25,338. The PGA champ was called to New York on business.

The others include Ken Venturi, the pretourney favorite from San Francisco; Masters Champion Arnold Palmer of Latrobe, Pa., and Tommy Bolt, the National Open king from Crystal River, Fla.

Palmer heads the list with $37,157. Venturi, fresh from his one-stroke $9,000 triumph in the Chicago Open and defending champion here, is third with $30,870. Bolt ranks fifth with $25,140 in winnings.

## Orioles Drop 10th Straight

### Ditmar Hurls Yanks To 3 To 1 Victory

BALTIMORE (AP) — Art Ditmar hurled the New York Yankees to a 3-1 victory over the Baltimore Orioles Wednesday night, extending the Baltimore losing streak to 10 games—longest in the major leagues this season.

Lefty Jack Harshman wasted another fine effort allowing seven hits and striking out eight, as the Orioles failed to generate any semblance of an attack. Ditmar upped his record to 8-2.

Harshman, who entered the game with a 2.82 earned run average, suffered his 10th loss against eight victories. Several of his defeats have been in similar low-scoring games. Only twice in his 18 decisions have the Orioles scored more than four runs.

Harshman gave up two singles to start the game, then retired 15 men in a row before the Yanks erupted for two runs in the sixth.

Brelsford yielded only four hits and struck out 11 and registered his eighth win in 12 decisions.

The Old Exports broke a 1-1 deadlock in the 4th when "Chuck" Eirich singled, took second on Downton's sacrifice and scored the winning run on an overthrow of first base.

Bill Burke of the winners and Gene Basilio of the Hermans collected two hits each. Smoky Howe excelled at third base for the Old Exports. The loss dropped the Hermans into the league cellar.

Chaney's Transportation upset the Sports Shoppe at Stitcher Field by the score of 8-6.

Rich Smith, Sports Shoppe hurler, who lost a 1-0 no-hitter Friday to the K. of C., struck out ten batsmen and dropped a five-hitter yesterday.

The losers collected nine safeties, including a two-bagger by "Sonny" Method and a double and single by Eddie Powelson. Kenny Perdew, who supplanted Dale Walker in the third inning, received credit for the win.

Paul Stickley with a double and single and "Sonny" Jack with a pair of one-base knocks paced Chaney's at the plate. Louie Arnone turned in two nice running catches in right field for the winners. Scores:

## Liston Stops Bethea Early

### Chicago Bout Ends In Opening Round

CHICAGO (UPI) — Sonny Liston finished trial horse Wayne Bethea in two quick flurries of punches Wednesday night for a technical knockout victory at 1:09 of the first round of the Wednesday night television fight.

Liston, weighing 206 to Bethea's 204, took charge before the gongs echo died. Bethea never landed a serious punch.

Liston started his foe toward his ninth pro defeat in 28 fights with a left jab, his specialty punch, and then moved in with both hands to the head. On the eight punch of the series, Bethea toppled after a left hand to the head.

He staggered to his feet at the count of four and at the count of eight moved into action again. But he hardly had reached the center of the ring before Liston moved in with another series of combinations which rocked Bethea against the ropes.

He staggered across the ring, and referee Bernie Weissman halted the action to inspect Bethea. Then he stopped the bout due to cuts inside the mouth and Bethea's obviously unstable condition.

It was Liston's 19th victory in the 20 pro bouts and his 12th straight. It earned him an impressive bid for a title shot against champion Floyd Patterson.

Truman Gibson, president of the International Boxing Club who was present, immediately announced that he would guarantee Patterson $250,000 to risk his title against Liston.

## Phillies Whip Cincinnati, 8-5

CINCINNATI (UPI) — Ted Kazanski clouted a three-run homer and Robin Roberts and Dick Farrell then combined to pitch the Philadelphia Phillies to an 8-5 victory over the Cincinnati Redlegs Wednesday night.

Roberts had an 8-3 edge going into the ninth, when Frank Robinson and Don Hoak blasted him for home runs. A single by Walt Dropo and double by John Temple brought on Farrell to get Jerry Lynch on an infield roller for the final out.

Kazanski, who later drove in his fourth run on an infield forceout, slammed his third homer off the starter, and loser, Harvey Haddix in the third.

Roberts scored three times and drove in a run with a single and double while gaining his 12th victory and 5th in succession.

Bob Thurman's fourth homer produced one Redleg run in the sixth to cut the Phils' lead to 6-3 but they added to that with two off Brooks Lawrence in the ninth.

## Brewer Tosses Three-Hitter, Bosox Win, 8-2

### Jensen Poles 31st, Sievers Hits Pair

BOSTON (AP) — Boston right-hander Tom Brewer, untouchable until Roy Sievers homered with two out in the sixth inning, defeated Washington 8-2 Wednesday on three hits.

Sievers was the villain with a pair of homers. Ossie Alvarez singled for the other safety.

The hard luck South Carolinian, moving his curve ball with unerring accuracy, was backed by Frank Malzone, Jackie Jensen and Ted Lepcio home runs and a Ted Williams triple—good for his 1,700th run batted in.

Off to a poor start after mumps kept him from taking spring training, Brewer held the Senator batters hitless for 5 two-thirds innings though he yielded four walks and had two errors behind him.

Brewer's no-hit bid ended on an 0-2 pitch to Sievers who smashed it into the screen in left center. Sievers added his 30th homer as leadoff man in the ninth to pull within one of American League leader Jensen.

### Ron Evans Fans 16, Rotary Wins, 4-2

Manager John Daum's Lions Club swatsmiths racked up 15 hits last night and trounced the first place Kiwanis Club in a Hot Stove League game at Penn Avenue Field by the score of 13-1.

It marked the end of the Kiwanians' six-game winning streak and the victory put the Lions one game off the pace. Kiwanis now leads with 12-4 and the Lions own an 11-5 record.

Ronnie Evans, Jimmy Bell and Bucky Whiteman sparked the Lions' attack with three hits each. Evans and Bell slammed a double and two singles each, Whiteman pounded a triple, two-bagger and single and Jimmy Stratton had two hits, including a two-base wallop.

Ronnie Evans posted his sixth win against no losses and fired the third strike past 16 batsmen. Charley Boone, the first of three Kiwanis pitchers, was the loser.

The only hits yielded by Evans were Price's single and Boone's triple.

At Fort Hill Field, the Rotary Club broke a five-game losing streak by whipping the Cumberland Optimist Club, 4-2.

Marty O'Toole, the third of four Rotary pitchers to see action, got the win and Jim Stewart was the loser.

Ranker's triple was among the four hits credited to the Rotarians. Stewart garnered three safeties and Proudfoot two for the Optimists. Scores:

KANSAS CITY, Mo. (UPI) — Chicago's Billy Pierce hurled his 11th win of the season Wednesday night as he stopped the Kansas City Athletics 4-2. Bob Cerv's 29th home run of the season with one on base accounted for the losers' runs.

Pierce was the whole show as he fanned three, walked one, singled and scored a run and was never in trouble after the first inning.

## Willey Hurls 3-Hitter, Braves Defeat Bucs, 2-1

### Aaron's Two-Run Homer Beats Law In First Inning

MILWAUKEE (UPI) — Milwaukee rookie Carlton Willey fashioned a three-hit, 2-1, victory over the Pittsburgh Pirates Wednesday night to drop the Bucs further into the pack of distant challengers to the Braves' commanding National League lead.

Hank Aaron's 25th home run of the season with one man on in the first inning provided the margin of victory for the smooth - working right hander in his pitchers' battle with Pittsburgh's Vernon Law.

Center - fielder Bill Virdon hit Willey's second pitch of the ball game into the right field seats in the Pittsburgh first. Thereafter, Willey allowed only two hits and a base on balls to face a total of 31 men in the game.

Willey, who has moved into the Braves' pitching rotation with a string of well-pitched games, garnered his sixth win against three losses. He struck out seven Bucs.

It was the second straight win for the Braves over the Buccaneers, who came in town on the crest of a first division drive that had netted them 10 out of 12 contests. Law allowed only six hits in the seven innings he worked before being lifted for a pinch-hitter. One of the hits was Red Schoendienst's single in the first, putting him on base when Aaron's homer went into the left field bleachers.

Virdon got two of the three hits off Willey when he added a double to his home run to lead off the ninth inning. But Willey left him stranded on second on a line out, strikeouts of Dick Stuart and Frank Thomas to end the game.

## Midland Jolts Barton Out Of 1st Place Tie

### Winters Is Victor Over Johnson, 3-2

Midland knocked Barton out of a first place tie with Westernport in the Twilight Baseball League by spilling the Braves yesterday at Barton by the score of 3-2, in a pitching duel in which George Winters emerged the victor over Billy "Gas House" Johnson.

The victory enabled Midland to take over the runner-up spot with a 15-4 record while Barton dropped to third place with 17-5. Westernport is on top with 17 wins and 4 losses.

Winters held Barton to two hits, both of which were credited to Fazenbaker, and struck out six in posting his fifth win against one defeat.

In suffering his second loss against six triumphs, Johnson yielded five hits, two of which were doubles by Tommy Dunn.

Midland sewed up the game quickly, scoring all its runs in the first inning. Dunn's first two-base wallop drove in two of the tallies.

Cumberland will play host to Midland today while Westernport is scheduled to play at Midland on Friday. Score:

## Dodgers Whip Chicago, 5-2

### Neal Belts No. 19, Ties Robinson Mark

CHICAGO (AP) — Charley Neal tied a Dodger club record of 19 home runs by a second baseman and Los Angeles defeated the Chicago Cubs, 5-2 Wednesday in the opener of a two-game series.

Jackie Robinson set the mark in 1951, and matched it in 1952. Neal drove a pitch by Chicago loser Johnny Briggs into the left field cat-walk to climax the Dodgers' winning three-run spurt in the sixth.

Los Angeles scored a run in the first when outfielder Norm Larker delivered a sacrifice fly behind singles by Peewee Reese and catcher John Roseboro.

Briggs, a four-time winner, suffered his second setback. He was tagged for Roseboro's leadoff double in the sixth and Larker's run-making single before Neal delivered his homer. Neal now has 22 runs batted in the past 25 games.

# U.S. Track Team Wins 23 Out Of 30 Events In Budapest

## Glenn Davis Sets World's Hurdles Mark

### Runs 400 In :49.2 And Scores Eighth Victory In 11 Days

By STERLING SLAPPEY
Associated Press Sports Writer

BUDAPEST (AP) — America's Glenn Davis broke the world record Wednesday in the 400-meter hurdles and probably set another world mark by winning his eighth race in 11 days against major opposition.

The blond, pugnosed quarter-miler from Columbus, Ohio, ran the 400-meter hurdles in :49.2 to take three-tenths of a second off the accepted world mark that he himself set two years ago.

He stumbled and hit the final hurdle to miss breaking the 49-second mark.

**Win 23 Events**

The victory came in a track meet among athletes of the United States, Hungary and Czechoslovakia, which the United States dominated by winning 23 out of 30 events.

No scores, either official or unofficial, can be kept on such meets because of the uneven number of entries from the countries in each events, and because some events were run twice.

Since July 27 when the touring American track team first appeared in Moscow, Davis has won every race he entered.

He has run 400-meter flat races, 400-meter hurdles, and anchored the winning 1,600-meter relay teams. He has competed against runners from Russia, Poland, Hungary and Czechoslovakia.

American Coach George Eastment said it was "extremely unlikely that any other runner ever won so many races in such a short time against such opposition as we have seen on this trip.

In the final day of the two-session meet, Americans won 12 of 15 events. This is remarkable in itself, but it is even more remarkable when it is considered that the team has been traveling, changing its food and drinking water, living in hotels and staying up late hours on trips since July 20.

**Other U. S. Winners**

Besides Davis, other American winners and their performances Wednesday were: Hayes Jones, Pontiac, Mich., 110-meter hurdles, :13.6; Charles Dumas, Los Angeles, high jump, 6 feet, 11.08 inches; Lucinda Williams, Tennessee State, women's 200-meter dash, :24.1; Earlene Brown, Los Angeles, women's shot put, 52 feet, 11.44 inches.

Rink Babka, Palo Alto, Calif., discus, 188 feet, 4.68 inches; Ed Collymore, Cambridge, Mass., 200-meter dash, :20.9; Margaret Matthews, Tennessee State, women's broad jump, 20 feet, 3.31 inches for an American record; Kent Floerke, Kansas City, hop, step and jump, 50 feet, 7.09 inches; Lillian Green, New York, women's 400-meter run, :58.4; Al Hall, Hanson, Mass., hammer throw, 214 feet, 11.97 inches, and Tom Courtney, Livingston, N. J., 800-meter run, 1:47.0.

## Cranston Upsets Sam Giammalva

SOUTH ORANGE, N.J. (UPI)—John Cranston of San Marino, Calif., Wednesday scored his second straight upset in the Eastern Grass Courts Tennis championships by knocking out eighth-seeded Sam Giammalva of Houston, Tex., to move into the quarter-final round.

Cranston, a left hander with a twisting serve, beat the American Davis Cup player, 6-3, 0-6, 6-4, in a match marked by brilliant exchanges from the back court. Cranston turned in the tourney's biggest upset Tuesday by eliminating Wimbledon and Australian champion Ashley Cooper.

## Campanella To Have Program On Radio

NEW YORK (UPI)—Roy Campanella, the paralyzed Dodger catcher, is going back to work—from his hospital bed.

Radio station WINS announced that starting Monday, Aug. 11, Campanella will be the host on a five-minute sports program from 6 to 6:05 p.m. e.d.t. five days a week on a program to be called "Campy's Corner."

Campanella will tape the show from his bed in Bellevue Medical Center's rehabilitation quarters. The guests on his first program will be baseball commissioner Ford Frick, Yankee catcher Yogi Berra and sportscaster Mel Allen.

## First Landing, With Arcaro Up, Is Easy Victor

SARATOGA SPRINGS, N. Y., Aug. 6—(AP) — Christopher T. Chenery's First Landing romped to triumph, the shortest-priced winner at the meeting in today's 56th running of the sporting $14,100 Saratoga Special.

Confidently handled by Eddie Arcaro, the two-year-old homebred son of Turn-To-Hildene sped six furlongs in 1:12 4-5 on a fast track to score easily by seven lengths, to get $13,800 of the winner-take-all prize money and pay $2.50, $2.20 in the mutuels which due to the small field of four that went postward, afforded no show betting. A mid-week crowd of 12,205 applauded the result.

Cambridge Stable's Pilot finished second, paid $2.40 place, and was four and half lengths before Eugene Constantin's Don't Alibi who nosed out North Pole 2nd for the show spot.

Governor Averell Harriman was in the winner's circle to present the special's trophy to Mr. and Mrs. Chenery, Arcaro and Trainer Casey Hayes standing by to participate in the brief ceremony.

**REMEMBER** Pat O'Brien, of Midland, the former jockey who rode at Fairgo, Charles Town and many of the other tracks in bygone days?

Pat is now an owner-trainer and is planning to race his stable of three horses at Charles Town.

**O'Brien now owns Croton Boy and Rectortown and he also trains Big Switch, owned by Paul Baker, of LaVale.**

The three thoroughbreds are being sent from Fairgo to the West Virginia track. The meeting there runs through Labor Day.

**A PITCHING RECORD** worth noting is owned by Johnny Price, the ace of the Kiwanis Club, current pace-setter in the Hot Stove Baseball League.

He heads the pitchers of the league with a 7-0 record. He set the season high for strikeouts on June 30 when he fanned 25 Rotarians in a nine-inning game. In other games he has mowed down 16, 14 twice and 13 via the strikeout route. His complete games include two one-hitters and two four hitters. He yielded only one run in the first 34 innings he pitched and in 48 innings he has given up only six runs. He has scored three wins via the shutout route.

**Price has beaten every team in the league at least once but the Cumberland Optimists.**

Here are the scores of the games that he won: B'nai B'rith 10-2, Lions 1-0, Bedford Road 4-0 and 13-3, Rotary 2-1, Elks 9-3 and Jaycees 4-0.

Kiwanis leads the league with a 12-3 record.

**DON ENGLE**, Barrelville's southpaw ace, holds the distinction of having completed two seasons in the Pen-Mar Little League without a loss.

His two-year record is 16-0.

**Last season he reeled off 10 consecutive wins as Barrelville wound up with a 2-0 record.**

This season Don finished up with 6-0.

**WHEN** Stan Musial spoke before the Rotary Club at Somerset, Pa., last Friday he came up with what we thought was a very sensible answer when asked what he thought of Senate hearings on professional sports.

"To be honest with you, I wish they'd let us alone. We're all happy the way the game is now. The fans like the game, the players like the game and the owners like the game. The less changes that are made, the better off we'll all be," declared Stan The Man.

**BEDFORD HIGH** School, one of LaSalle's opponents during the coming grid campaign, has added the Forsha twins — John and James, of Johnstown, Pa. — to its coaching staff.

**The Forshas replace Arthur Grimm, now in military service, and John Waltman, resigned, as Coach Harold Wilkinson's assistants.**

Others on the Bison grid staff are Bob Andrews and Bob Bowser.

**CARROLL SHELBY**, of Dallas, Texas, winner of the Edgar D. Vandegrift Memorial Trophy in the sports car feature race at the Cumberland Municipal Airport in 1957, and Paul O'Shea, of Rye, N. Y., who also has raced here in the past, were in the news the past weekend.

They have become the first American drivers to apply for competition licenses in the newly formed Road Racing Division of the United States Auto Club.

Shelby was national sports car racing champion in 1956 and O'Shea earned similar honors in 1955.

Driving a Ferrari, Shelby won the second annual Breakneck Sports Car Hill Climb at Flintstone in 1956 in the record time of 1:12.40 for the mile and a half course. He averaged 60 MPH and won the trophy donated by the Pittsburgh Plate Glass Company.

The Road Racing Division of the U. S. A. C. has scheduled events this year at Lime Rock, Conn., Marlboro, Md., Sept. 21, Danville, Va., Sept. 28 and Riverside, Calif.

**In 1959 the division will sanction ten or more professional road races throughout the United States.**

The U. S. A. C. has headquarters in Speedway, Ind., and has opened a new office in New York City.

**DURING** a game last week at Kansas City between the Yankees and Athletics, Hank Bauer attempted to stretch a triple into an inside-the-park homer but was called out at the plate.

The most disappointed people were those who congregated at Bauer's snack bar, situated outside of Kansas City.

**A free meal is offered at the Bauer-owned establishment to all persons present when Hank hits a home run.**

There were 65 persons there when Bauer was called out at the plate.

## Senators Explode In 8th To Defeat Dan Dodgers, 9-4

**DAN DIVISION**

| Team | W. | L. | Pct. |

| Athletics | 5 | 5 | .500 |
| Braves | 6 | 7 | .462 |
| Tigers | 6 | 8 | .429 |
| Indians | 2 | 10 | .167 |

Scoring five runs in the eighth on one hit, three walks, a fielder's choice and sacrifice fly, Manager Al Manges' Senators knocked off the front-running Dodgers yesterday at Penn Avenue Field by the score of 9-4 and moved within 1½ games of first place in the Dan Division of the Dapper Dan Little League.

It was the sixth consecutive win for the Senators and was credited to Carl Hubble, relief pitcher, who replaced John Roy on the mound in the 7th inning. Hubble's homer, incidentally, was the big blow in the extra inning game as it came with two mates aboard. He also had a single and recorded his third win of the season.

John Roy collected three hits and Gary Ranker rapped a two-bagger for the winners. Stitcher had two of the Dodgers' three hits, a double and single.

The Dodgers have two more games to play and the Senators only one. For the race to end in a tie the Dodgers must lose their remaining games while the Senators are copping the final.

Roy and Hubble struck out 12 and Stitcher and Shook whiffed 15. Score:

Manager Howard "Farmer" Northcraft's Phillies unloosed a 24-hit barrage against four pitchers to clobber the Cardinals by the score of 21 to 3 yesterday at East Side Field and took over sole possession of first place in the Dapper Division of the Dapper Dan Little League.

While the Phils were belting the pellet to all corners of the lot, Ronnie Shobe was turning back the opposition with three hits and mowing down nine via the strikeout route.

Howard Reynolds clouted a pair of homers, Vinnie DelaGrange blasted a triple and four singles for a perfect day in five trips, Jimmy Mertens slammed a triple, double and two singles and Olin Perkins and Ronnie Shobe had three safeties each. DelaGrange featured in centerfield with a nice running catch. Score:

## Shoemaker Pilots Munch And Milly K To Cleopatra Wins

CHICAGO, Aug. 6 (AP)—Willie Shoemaker, the nation's leading rider, booted home winners in both divisions of the Cleopatra Handicap for 3-year-old fillies at Arlington Park today.

Scoring his third and fourth victories of the day, Shoemaker rode Munch to a 3½ length triumph in the first Cleopatra Division and urged Milly K to a 2¼ length verdict in the second division.

Each division grossed $22,600 and each paid the winner $13,375. There were 11 contenders in each division.

Shoemaker, who started today with 198 winners, has ridden four winners in a day three times since his arrival at Arlington Park nine days ago.

Munch was trailed across by My Carrie and Edna Allen in the first division.

Milly K caught Wonder Star halfway down the stretch and bounded ahead under Shoemaker's prodding. Milly K., owned by Kerr Stables, returned $14.60, $5.20 and $3.20. Wonder Star paid $5.60 and $3.60 and Well Away returned $3.00 for third. Milly K's time for the mile was 1:35 3/5.

It takes 65 to 100 mink skins to make a coat.

## Tribe Leads, 1-0, Rain Halts Game

DETROIT (UPI) — Rain which turned the outfield into a lake, sent water cascading from the stands like Niagara Falls and flooded the dugouts, Wednesday forced the postponement of the Detroit Tigers - Cleveland Indians game.

The Indians were leading 1-0 in the top of the third with two out and two out. They scored their run in the second on Minnie Minoso's single, Jim Bunning's wild pitch, and Larry Doby's single.

The game will be played as part of a double-header Sept. 20.

# U.S. Track Team Wins 23 Out Of 30 Events In Budapest

## Glenn Davis Sets World's Hurdles Mark

### Runs 400 In :49.2 And Scores Eighth Victory In 11 Days

By STERLING SLAPPEY
Associated Press Sports Writer

BUDAPEST (AP) — America's Glenn Davis broke the world record Wednesday in the 400-meter hurdles and probably set another world mark by winning his eighth race in 11 days against major opposition.

The blond, pugnosed quartermiler from Columbus, Ohio, ran the 400-meter hurdles in :49.2 to take three-tenths of a second off the accepted world mark that he himself set two years ago.

He stumbled and hit the final hurdle to miss breaking the 49-second mark.

**Win 23 Events**

The victory came in a track meet among athletes of the United States, Hungary and Czechoslovakia, which the United States dominated by winning 23 out of 30 events.

No scores, either official or unofficial, can be kept on such meets because of the uneven number of entries from the countries in each events, and because some events were run twice.

Since July 27 when the touring American track team first appeared in Moscow, Davis has won every race he entered.

He has run 400-meter flat races, 400-meter hurdles, and anchored the winning 1,600-meter relay teams. He has competed against runners from Russia, Poland, Hungary and Czechoslovakia.

American Coach George Eastment said it was "extremely unlikely that any other runner ever won so many races in such a short time against such opposition as we have seen on this trip.

In the final day of the two-session meet, Americans won 12 of 15 events. This is remarkable in itself, but it is even more remarkable when it is considered that the team has been traveling, changing its food and drinking water, living in hotels and staying up late hours on trips since July 20.

**Other U. S. Winners**

Besides Davis, other American winners and their performances Wednesday were: Hayes Jones, Pontiac, Mich., 110-meter hurdles, :13.6; Charles Dumas, Los Angeles, high jump, 6 feet, 11.08 inches; Lucinda Williams, Tennessee State, women's 200-meter dash, :24.1; Earlene Brown, Los Angeles, women's shot put, 52 feet, 11.44 inches.

Rink Babka, Palo Alto, Calif., discus, 188 feet, 4.68 inches; Ed Collymore, Cambridge, Mass., 200-meter dash, :20.9; Margaret Matthews, Tennessee State, women's broad jump, 20 feet, 3.31 inches for an American record; Kent Floerke, Kansas City, hop, step and jump, 50 feet, 7.09 inches; Lillian Green, New York, women's 400-meter run, :58.4; Al Hall, Hanson, Mass., hammer throw, 214 feet, 11.97 inches, and Tom Courtney, Livingston, N. J., 800-meter run, 1:47.0.

## Cranston Upsets Sam Giammalva

SOUTH ORANGE, N.J. (UPI)—John Cranston of San Marino, Calif., Wednesday scored his second straight upset in the Eastern Grass Courts Tennis championships by knocking out eighth-seeded Sam Giammalva of Houston, Tex., to move into the quarter-final round.

Cranston, a left hander with a twisting serve, beat the American Davis Cup player, 6-3, 0-6, 6-4, in a match marked by brilliant exchanges from the back court. Cranston turned in the tourney's biggest upset Tuesday by eliminating Wimbledon and Australian champion Ashley Cooper.

## Campanella To Have Program On Radio

NEW YORK (UPI)—Roy Campanella, the paralyzed Dodger catcher, is going back to work—from his hospital bed.

Radio station WINS announced that starting Monday, Aug. 11, Campanella will be the host on a five-minute sports program from 6 to 6:05 p.m. e.d.t. five days a week on a program to be called "Campy's Corner."

Campanella will tape the show from his bed in Bellevue Medical Center's rehabilitation quarters. The guests on his first program will be baseball commissioner Ford Frick, Yankee catcher Yogi Berra and sportscaster Mel Allen.

MAKES COMEBACK — Bill Holland is coming out of retirement as an auto racer and will be seen in action at the Bedford (Pa.) He also copped the Indianapolis "500" in 1949. Time trials Saturday start at 1 p.m. The first of the five events will get under way at 2:30 p.m.

## First Landing, With Arcaro Up, Is Easy Victor

SARATOGA SPRINGS, N. Y., Aug. 6—(AP) — Christopher T. Chenery's First Landing romped to triumph, the shortest-priced winner at the meeting in today's 56th running of the sporting $14,100 Saratoga Special.

Confidently handled by Eddie Arcaro, the two-year-old homebred son of Turn-To-Hildene sped six furlongs in 1:12 4-5 on a fast track to score easily by seven lengths, to get $13,800 of the winner-take-all prize money and pay $2.50, $2.20 in the mutuels which due to the small field of four that went postward, afforded no show betting. A mid-week crowd of 12,205 applauded the result.

Cambridge Stable's Pilot finished second, paid $2.40 place, and was four and half lengths before Eugene Constantin's Don't Alibi who nosed out North Pole 2nd for the show spot.

Governor Averell Harriman was in the winner's circle to present the special's trophy to Mr. and Mrs. Chenery, Arcaro and Trainer Casey Hayes standing by to participate in the brief ceremony.

**REMEMBER** Pat O'Brien, of Midland, the former jockey who rode at Fairgo, Charles Town and many of the other tracks in bygone days?

Pat is now an owner-trainer and is planning to race his stable of three horses at Charles Town.

**O'Brien now owns Croton Boy and Rectortown and he also trains Big Switch, owned by Paul Baker, of LaVale.**

The three thoroughbreds are being sent from Fairgo to the West Virginia track. The meeting there runs through Labor Day.

**A PITCHING RECORD** worth noting is owned by Johnny Price, the ace of the Kiwanis Club, current pace-setter in the Hot Stove Baseball League.

He heads the pitchers of the league with a 7-0 record. He set the season high for strikeouts on June 30 when he fanned 25 Rotarians in a nine-inning game. In other games he has mowed down 16, 14 twice and 13 via the strikeout route. His complete games include two one-hitters and two four hitters. He yielded only one run in the first 34 innings he pitched and in 48 innings he has given up only six runs. He has scored three wins via the shutout route.

**Price has beaten every team in the league at least once but the Cumberland Optimists.**

Here are the scores of the games that he won: B'nai B'rith 10-2, Lions 1-0, Bedford Road 4-0 and 13-3, Rotary 2-1, Elks 9-3 and Jaycees 4-0.

Kiwanis leads the league with a 12-3 record.

**DON ENGLE**, Barrelville's southpaw ace, holds the distinction of having completed two seasons in the Pen-Mar Little League without a loss.

His two-year record is 16-0.

**Last season he reeled off 10 consecutive wins as Barrelville wound up with a 2-0 record.**

This season Don finished up with 6-0.

**WHEN** Stan Musial spoke before the Rotary Club at Somerset, Pa., last Friday he came up with what we thought was a very sensible answer when asked what he thought of Senate hearings on professional sports.

"To be honest with you, I wish they'd let us alone. We're all happy the way the game is now. The fans like the game, the players like the game and the owners like the game. The less changes that are made, the better off we'll all be," declared Stan The Man.

**BEDFORD HIGH** School, one of LaSalle's opponents during the coming grid campaign, has added the Forsha twins — John and James, of Johnstown, Pa. — to its coaching staff.

**The Forshas replace Arthur Grimm, now in military service, and John Waltman, resigned, as Coach Harold Wilkinson's assistants.**

Others on the Bison grid staff are Bob Andrews and Bob Bowser.

**CARROLL SHELBY**, of Dallas, Texas, winner of the Edgar D. Vandegrift Memorial Trophy in the sports car feature race at the Cumberland Municipal Airport in 1957, and Paul O'Shea, of Rye, N. Y., who also has raced here in the past, were in the news the past weekend.

They have become the first American drivers to apply for competition licenses in the newly formed Road Racing Division of the United States Auto Club.

Shelby was national sports car racing champion in 1956 and O'Shea earned similar honors in 1955.

Driving a Ferrari, Shelby won the second annual Breakneck Sports Car Hill Climb at Flintstone in 1956 in the record time of 1:12.40 for the mile and a half course. He averaged 60 MPH and won the trophy donated by the Pittsburgh Plate Glass Company.

The Road Racing Division of the U. S. A. C. has scheduled events this year at Lime Rock, Conn., Marlboro, Md., Sept. 21, Danville, Va., Sept. 28 and Riverside, Calif.

**In 1959 the division will sanction ten or more professional road races throughout the United States.**

The U. S. A. C. has headquarters in Speedway, Ind., and has opened a new office in New York City.

**DURING** a game last week at Kansas City between the Yankees and Athletics, Hank Bauer attempted to stretch a triple into an inside-the-park homer but was called out at the plate.

The most disappointed people were those who congregated at Bauer's snack bar, situated outside of Kansas City.

**A free meal is offered at the Bauer-owned establishment to all persons present when Hank hits a home run.**

There were 65 persons there when Bauer was called out at the plate.

## Senators Explode In 8th To Defeat Dan Dodgers, 9-4

DAN DIVISION

| Team | W. | L. | Pct. |

| Athletics | 5 | 5 | .500 |
| Braves | 6 | 7 | .462 |
| Tigers | 6 | 8 | .429 |
| Indians | 2 | 10 | .167 |

Scoring five runs in the eighth on one hit, three walks, a fielder's choice and sacrifice fly, Manager Al Manges' Senators knocked off the front-running Dodgers yesterday at Penn Avenue Field by the score of 9-4 and moved within 1½ games of first place in the Dan Division of the Dapper Dan Little League.

It was the sixth consecutive win for the Senators and was credited to Carl Hubble, relief pitcher, who replaced John Roy on the mound in the 7th inning. Hubble's homer, incidentally, was the big blow in the extra inning game as it came with two mates aboard. He also had a single and recorded his third win of the season.

John Roy collected three hits and Gary Ranker rapped a two-bagger for the winners. Stitcher had two of the Dodgers' three hits, a double and single.

The Dodgers have two more games to play and the Senators only one. For the race to end in a tie the Dodgers must lose their remaining games while the Senators are copping the final.

Roy and Hubble struck out 12 and Stitcher and Shook whiffed 15. Score:

Manager Howard "Farmer" Northcraft's Phillies unloosed a 24-hit barrage against four pitchers to clobber the Cardinals by the score of 21 to 3 yesterday at East Side Field and took over sole possession of first place in the Dapper Division of the Dapper Dan Little League.

While the Phils were belting the pellet to all corners of the lot, Ronnie Shobe was turning back the opposition with three hits and mowing down nine via the strikeout route.

Howard Reynolds clouted a pair of homers, Vinnie DelaGrange blasted a triple and four singles for a perfect day in five trips, Jimmy Mertens slammed a triple, double and two singles and Olin Perkins and Ronnie Shobe had three safeties each. DelaGrange featured in centerfield with a nice running catch. Score:

## Shoemaker Pilots Munch And Milly K To Cleopatra Wins

CHICAGO, Aug. 6 (AP)—Willie Shoemaker, the nation's leading rider, booted home winners in both divisions of the Cleopatra Handicap for 3-year-old fillies at Arlington Park today.

Scoring his third and fourth victories of the day, Shoemaker rode Munch to a 3½ length triumph in the first Cleopatra Division and urged Milly K to a 2¼ length verdict in the second division.

Each division grossed $22,600 and each paid the winner $13,375. There were 11 contenders in each division.

Shoemaker, who started today with 198 winners, has ridden four winners in a day three times since his arrival at Arlington Park nine days ago.

Munch was trailed across by My Carrie and Edna Allen in the first division.

Milly K caught Wonder Star halfway down the stretch and bounded ahead under Shoemaker's prodding. Milly K., owned by Kerr Stables, returned $14.60, $5.20 and $3.20. Wonder Star paid $5.60 and $3.60 and Well Away returned $3.00 for third. Milly K's time for the mile was 1:35 3/5.

## Tribe Leads, 1-0, Rain Halts Game

DETROIT (UPI) — Rain which turned the outfield into a lake, sent water cascading from the stands like Niagara Falls and flooded the dugouts, Wednesday forced the postponement of the Detroit Tigers - Cleveland Indians game.

The Indians were leading 1-0 in the top of the third with two out and two out. They scored their run in the second on Minnie Minoso's single, Jim Bunning's wild pitch, and Larry Doby's single.

The game will be played as part of a double-header Sept. 20.

# Herb Elliott Sets New World Record Of 3:54.5 For Mile

## Five In Race Better Four Minute Mark

### Four Surpass John Landy's 1954 Record; Ron Delany Is Third

By DONAL O'HIGGINS
United Press International

DUBLIN, Ireland (UPI)—Herb Elliott, 20-year-old Australian foot-racing phenomenon, set a new world record of three minutes, 54.5 seconds Wednesday in the greatest "miracle mile" ever run.

Five milers all broke the four-minute barrier, four of them surpassing the listed world record of 3:58.0 in a drizzling rain at the Clonliffe Harriers and Crusaders track and field meet.

Elliott shaved 3.5 seconds off the recognized world mark set by Australia's John Landy at Turku, Finland, June 21, 1954.

**Delany Is Third**

Merv Lincoln of Australia trailed Elliott to the tape by 15 yards in 3:55.9 and Ron Delany of Ireland was third in 3:57.5. Murray Halberg of New Zealand, who finished fourth, also was credited with a 3:57.5 clocking. Albert Thomas, another Australian runner, finished fifth in 3:58.6.

The four-minute barrier, which eluded the world's greatest runners throughout history until Roger Bannister of England showed everyone the way on May 6, 1954, with a 3:59.4 clocking, now has been broken a total of 45 times by 20 different runners.

A 3:57.2 mile performance by England's Derek Ibbotson in July of 1957 has not been recognized as a record on the grounds that he was "paced" during the race.

**Drizzle Helps Course**

Monday's light rain was not sufficient to make the track at Santry stadium heavy. In fact, track officials said the light drizzle helped to put the course in good condition. Since there was no following wind or any other questionable factor, officials had little doubt that the feat would obtain record recognition.

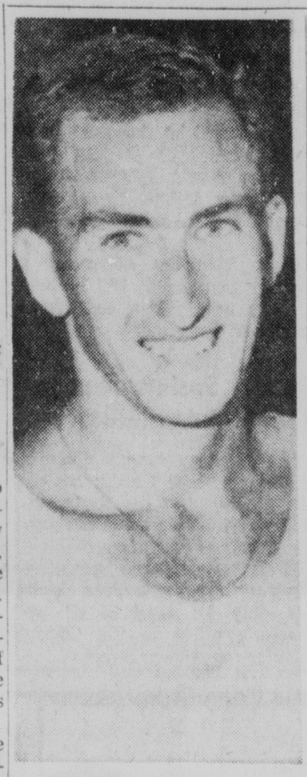

"The pace was terrific," Elliott gushed happily after the race. He said that during the first half-mile he knew he was running the fastest race of his life.

"It was definitely my night," he said. "Conditions were perfect. And I must thank the wonderful enthusiasm of the Irish crowd for their terrific applause on my last lap."

Elliott's fractional times were: 58 seconds for the first quarter; 1:58 for the half, and 2:59 for three-quarters. He ran the final quarter in a phenomenal 55.5 seconds.

**8th Time Under Four**

This was the eighth time that Elliott ran the mile in less than four minutes. All of these races were run this year. While competing in California earlier this year, Elliott ran two miles that also beat Landy's listed record, although these had not yet received formal recognition. He was timed in 3:57.8 at Los Angeles on May 16 and in 3:57.9 at Bakersfield on June 21.

SETS NEW MARK — Australia's Herb Elliott yesterday clocked a fabulous 3:54.5 in winning the mile run at Dublin, Ireland. Four of his competitors also finished under the four-minute mark. It was the eighth time this year that Elliott ran the mile in less than four minutes.

## Trainer Reinstated After Suspension For Cruelty To Animals

CHARLES TOWN, W. Va. (UPI)—Dr. William R. Porter, a veterinarian from Berryville, Va., has been ruled off the Charles Town race track because he did not hold a license to practice there, it was disclosed Wednesday.

Track stewards also said the State Racing Commission had reinstated trainer E. L. Miller of Martinsburg after he was suspended by stewards for alleged cruelty to animals. The commission upheld a $250 fine against Miller, they said.

In other action by the commission, an application by jockey William Richmond, who was suspended at Waterford Park, Chester, in 1953, was tabled pending a report from Florida racing officials on Richmond's status there.

## Nahodah Wins Before 30,075 On Closing Day

### Attendance, Bets Down At Monmouth

OCEANPORT, N. J., Aug. 6 (AP)—Nahodah, owned by the Montpelier Stable of Mrs. Marion DuPont Scott of Orange, Va., carried high weight of 124 pounds to victory in the $22,750 Rumson Handicap feature of Monmouth's Park's closing day program this afternoon.

Joe Culmone drove the 9-5 favorite in the crowd of 30,075 to a two and a quarter length score over Mrs. George C. White's War Trouble, an entry with Even Stroke. William G. Helis Jr.'s True Verdict was third in the field of seven who contested the 13th running of the six furlong stake.

In registering his third success in eight starts this season and his second in stakes, the 5-year old gelding by Nasrullah out of Accra by Annapolis earned the net to the winner of $14,537.50. Nahodah, winner of the Wilson Handicap at Jamaica in his previous start, was second to Decathlon in the Rumson a year ago.

Mrs. Scott's homebred was timed in 1.11 and paid $5.60, $3.20 and $2.40. War Trouble, who was in with 118 pounds and was ridden by W. M. Cook, returned $3.20 and $2.40. True Verdict, who also carried 118 and was piloted by Howard Grant, paid $2.80 for show.

Attendance for the 50-day meeting declined 1.4 per cent from the total of 1,045,369, a record established last season. This year's attendance was 1,030,284. Wagering was expected to be four per cent less than the 1957 total of $91,642,862. Last season's handle was also a Monmouth record.

Willie Hartack, idle today, led the jockey standings with 63 winners in 247 chances.

## Wheeling Groom Barred For Using Battery On Horse

WHEELING, W. Va. (UPI) — One Wheeling Downs groom has been barred from the track and another suspended for six months for allegedly using an "electrical" device to stimulate a horse.

Racing stewards barred groom Walter Allen Claypool Tuesday night and referred the case to the State Racing Commission for further action. Claypool's address was listed as Wheeling Downs.

Stewards said Lee Gates, 46, of Akron, Ohio, suspended for six months, admitted using the device while Claypool held the animal prior to a race last Thursday night.

The device, which is operated from flashlight batteries, is designed to shock horses to increase their speed.

# Herb Elliott Sets New World Record Of 3:54.5 For Mile

## Five In Race Better Four Minute Mark

### Four Surpass John Landy's 1954 Record; Ron Delany Is Third

By DONAL O'HIGGINS
United Press International

DUBLIN, Ireland (UPI)—Herb Elliott, 20-year-old Australian foot-racing phenomenon, set a new world record of three minutes, 54.5 seconds Wednesday in the greatest "miracle mile" ever run.

Five milers all broke the four-minute barrier, four of them surpassing the listed world record of 3:58.0 in a drizzling rain at the Clonliffe Harriers and Crusaders track and field meet.

Elliott shaved 3.5 seconds off the recognized world mark set by Australia's John Landy at Turku, Finland, June 21, 1954.

**Delany Is Third**

Merv Lincoln of Australia trailed Elliott to the tape by 15 yards in 3:55.9 and Ron Delany of Ireland was third in 3:57.5. Murray Halberg of New Zealand, who finished fourth, also was credited with a 3:57.5 clocking. Albert Thomas, another Australian runner, finished fifth in 3:58.6.

The four-minute barrier, which eluded the world's greatest runners throughout history until Roger Bannister of England showed everyone the way on May 6, 1954, with a 3:59.4 clocking, now has been broken a total of 45 times by 20 different runners.

A 3:57.2 mile performance by England's Derek Ibbotson in July of 1957 has not been recognized as a record on the grounds that he was "paced" during the race.

**Drizzle Helps Course**

Monday's light rain was not sufficient to make the track at Santry stadium heavy. In fact, track officials said the light drizzle helped to put the course in good condition. Since there was no following wind or any other questionable factor, officials had little doubt that the feat would obtain record recognition.

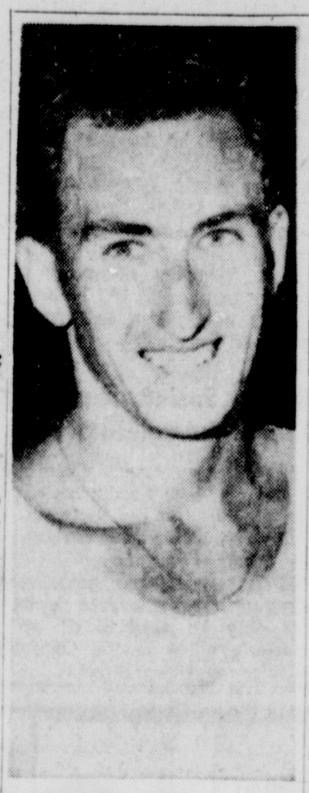

"The pace was terrific," Elliott gushed happily after the race. He said that during the first half-mile he knew he was running the fastest race of his life.

"It was definitely my night," he said. "Conditions were perfect. And I must thank the wonderful enthusiasm of the Irish crowd for their terrific applause on my last lap."

Elliott's fractional times were: 58 seconds for the first quarter; 1:58 for the half, and 2:59 for three-quarters. He ran the final quarter in a phenomenal 55.5 seconds.

**8th Time Under Four**

This was the eighth time that Elliott ran the mile in less than four minutes. All of these races were run this year. While competing in California earlier this year, Elliott ran two miles that also beat Landy's listed record, although these had not yet received formal recognition. He was timed in 3:57.8 at Los Angeles on May 16 and in 3:57.9 at Bakersfield on June 21.

**SETS NEW MARK** — Australia's Herb Elliott yesterday clocked a fabulous 3:54.5 in winning the mile run at Dublin, Ireland. Four of his competitors also finished under the four-minute mark. It was the eighth time this year that Elliott ran the mile in less than four minutes. (AP Photofax)

## Trainer Reinstated After Suspension For Cruelty To Animals

CHARLES TOWN, W. Va. (UPI)—Dr. William R. Porter, a veterinarian from Berryville, Va., has been ruled off the Charles Town race track because he did not hold a license to practice there, it was disclosed Wednesday.

Track stewards also said the State Racing Commission had reinstated trainer E. L. Miller of Martinsburg after he was suspended by stewards for alleged cruelty to animals. The commission upheld a $250 fine against Miller, they said.

In other action by the commission, an application by jockey William Richmond, who was suspended at Waterford Park, Chester, in 1953, was tabled pending a report from Florida racing officials on Richmond's status there.

## Nahodah Wins Before 30,075 On Closing Day

### Attendance, Bets Down At Monmouth

OCEANPORT, N. J., Aug. 6 (AP)—Nahodah, owned by the Montpelier Stable of Mrs. Marion DuPont Scott of Orange, Va., carried high weight of 124 pounds to victory in the $22,750 Rumson Handicap feature of Monmouth's Park's closing day program this afternoon.

Joe Culmone drove the 9-5 favorite in the crowd of 30,075 to a two and a quarter length score over Mrs. George C. White's War Trouble, an entry with Even Stroke. William G. Helis Jr.'s True Verdict was third in the field of seven who contested the 13th running of the six furlong stake.

In registering his third success in eight starts this season and his second in stakes, the 5-year old gelding by Nasrullah out of Accra by Annapolis earned the net to the winner of $14,537.50. Nahodah, winner of the Wilson Handicap at Jamaica in his previous start, was second to Decathlon in the Rumson a year ago.

Mrs. Scott's homebred was timed in 1.11 and paid $5.60, $3.20 and $2.40. War Trouble, who was in with 118 pounds and was ridden by W. M. Cook, returned $3.20 and $2.40. True Verdict, who also carried 118 and was piloted by Howard Grant, paid $2.80 for show.

Attendance for the 50-day meeting declined 1.4 per cent from the total of 1,045,369, a record established last season. This year's attendance was 1,030,284. Wagering was expected to be four per cent less than the 1957 total of $91,642,862. Last season's handle was also a Monmouth record.

Willie Hartack, idle today, led the jockey standings with 63 winners in 247 chances.

# J. B. Chenoweth Loses Bid For Nomination

CHARLESTON, W. Va. (UPI)—John B. Chenoweth of Elkins went down to defeat in his primary bid for Democratic nomination to a second term in the West Virginia Senate, but 13 other incumbents won places on the November general election ballot.

Chenoweth, former Randolph County sheriff, ran third in a field of five for the 12th District race. Carl E. Gainer, Richwood businessman, won the nomination by some 600 votes over Earl Stalnaker of Elkins. Chenoweth was more than 200 behind Stalnaker.

Three of the incumbents who won renomination to the 17 of the 32 Senate seats at stake had no primary opposition. Ten others who won party nods likewise had no opposition.

Two Republican women won nominations to bid to become the first of their sex to be elected to the upper body of the Legislature. They are Elizabeth V. Hallanan, Charleston, assistant state public institutions commissioner, in the 8th District, and Peggy Kessinger of Shady Spring in the 9th District. Mrs. Kessinger had no opposition.

The closest race was in the 15th District where veteran Sen. Dayton R. Stemple pulled away from Del. Richard Young in the late tabulating to win the Republican renomination by about 600 votes.

This will be the lineup for the Nov. 4 general election for the 17 Senate seats at stake — 12 of them now held by Democrats who have an overall 21-11 overall majority (Republicans listed first).

1st District: Chester R. Hubbard, Wheeling, vs Arch W. Riley, Wheeling.

2nd: John E. Carrigan, Sherrard, vs C. Edward Pastilong, Moundsville.

3rd: Joseph M. Handlan, Parkersburg, vs George Barnett, Parkersburg.

4th: Vernon Mc Coy, Ravenswood, vs Paul R. Moore, Ravenswood.

5th (short term): Bernard Sammons, Huntington, vs C. H. McKown, Wayne.

5th (full term): Roy V. Graham, Huntington, vs Lyle A. Smith, Huntington.

6th: James G. Collier, Kermit, vs Glenn Taylor, Matewan.

7th: Republican candidate to be named to oppose Lloyd Jackson, Hamlin.

8th: Elizabeth V. Hallanan, Charleston, vs J. Hornor Davis, Charleston.

9th: Peggy Kessinger, Shady Spring, vs Jack A. Nuckols, Beckley.

10th: C. S. Weaver Jr., Hinton, vs O. Roy Parker, Union.

11th: L. M. LaFollette, White Sulphur, vs William Jasper, Lewisburg.

12th: Dave J. Teter, Elkins, vs Carl E. Gainer, Richwood.

13th: Edgar S. White, Clarksburg, vs Walter A. Holden, Salem.

14th: John Crynock, Morgantown, vs William Moreland, Morgantown.

15th: Dayton R. Stemple, Philippi, vs Loyd L. Shriver, Grafton.

16th: C. S. Musser, Shepherdstown, vs Clarence E. Martin, Martinsburg.

A good permanent can be combed in several different do-it-yourself ways.

## Secrets Of Charm

# by John Robert Powers

### No More Fuzz

One of the greatest spirit-lifters for any time of the year, but particularly in summer, is a permanent wave. During these carefree months, it makes life so much easier.

Have you been afraid of getting a permanent because your hair frizzes too easily? This is foolish because a frizzy permanent is really a thing of the past.

Today, there's a permanent wave for nearly every kind of hair. There are dozens of types and brands. You always have a choice—either a home-type permanent or one done by your hairdresser. Whichever you decide on, though, try a test curl before the entire head is done. You should even do this with the home permanent.

But whether you're of the do-it-yourself school or a salon devotee, start it all off with a good haircut by a professional. He can snip, shape and style it so that your permanent will be more successful. Also, so that you can handle your own wave easier at home.

You may have curls all over your head, or just on the ends. With a new wave, you can vary your hair-do and change your looks. It's good for the morale, and you can be a flattering conversation piece as you comb it in several different ways.

A permanent is the first step toward good hair styling, except in the case of naturally curly hair. Very curly hair doesn't need a permanent (but it must be disciplined so that it will behave). If you have some natural wave, but not enough in the back so that you have the nightly pin-up routine, then you can just get a wave on the ends.

If you're awkward at making pin curls and at using curlers, by all means leave your wave to an expert. Also, if your hair has become damaged, from overbleaching, it will require special, expert handling.

One last thing: remember you don't want too much curl or too little—hit the happy medium. This is always the secret of a good permanent.

THE GREATEST EVENT IN MOTION PICTURE HISTORY
THE TEN COMMANDMENTS

Cecil B. DeMille's film dramatization of "THE TEN COMMANDMENTS" is the biggest production in the history of the screen—guided by the man whose motion pictures have been seen by one and a half times the total population of the entire world.
Ten years were spent in planning the production, three years were devoted to research and preliminary exploration, three years were required for preparation and writing of the script and, finally, more than two years were spent in the actual filming.
An imposing cast, as enormous as the film itself and unparalleled in its combinations of distinguished players, was assembled by Mr. DeMille from the screen, the stage, television and radio, blending the top talents of every theatrical field.

# J. B. Chenoweth Loses Bid For Nomination

CHARLESTON, W. Va. (UPI)—John B. Chenoweth of Elkins went down to defeat in his primary bid for Democratic nomination to a second term in the West Virginia Senate, but 13 other incumbents won places on the November general election ballot.

Chenoweth, former Randolph County sheriff, ran third in a field of five for the 12th District race. Carl E. Gainer, Richwood businessman, won the nomination by some 600 votes over Earl Stalnaker of Elkins. Chenoweth was more than 200 behind Stalnaker.

Three of the incumbents who won renomination to the 17 of the 32 Senate seats at stake had no primary opposition. Ten others who won party nods likewise had no opposition.

Two Republican women won nominations to bid to become the first of their sex to be elected to the upper body of the Legislature. They are Elizabeth V. Hallanan, Charleston, assistant state public institutions commissioner, in the 8th District, and Peggy Kessinger of Shady Spring in the 9th District. Mrs. Kessinger had no opposition.

The closest race was in the 15th District where veteran Sen. Dayton R. Stemple pulled away from Del. Richard Young in the late tabulating to win the Republican renomination by about 600 votes.

This will be the lineup for the Nov. 4 general election for the 17 Senate seats at stake — 12 of them now held by Democrats who have an overall 21-11 overall majority (Republicans listed first).

1st District: Chester R. Hubbard, Wheeling, vs Arch W. Riley, Wheeling.

2nd: John E. Carrigan, Sherrard, vs C. Edward Pastilong, Moundsville.

3rd: Joseph M. Handlan, Parkersburg, vs George Barnett, Parkersburg.

4th: Vernon Mc Coy, Ravenswood, vs Paul R. Moore, Ravenswood.

5th (short term): Bernard Sammons, Huntington, vs C. H. McKown, Wayne.

5th (full term): Roy V. Graham, Huntington, vs Lyle A. Smith, Huntington.

6th: James G. Collier, Kermit, vs Glenn Taylor, Matewan.

7th: Republican candidate to be named to oppose Lloyd Jackson, Hamlin.

8th: Elizabeth V. Hallanan, Charleston, vs J. Hornor Davis, Charleston.

9th: Peggy Kessinger, Shady Spring, vs Jack A. Nuckols, Beckley.

10th: C. S. Weaver Jr., Hinton, vs O. Roy Parker, Union.

11th: L. M. LaFollette, White Sulphur, vs William Jasper, Lewisburg.

12th: Dave J. Teter, Elkins, vs Carl E. Gainer, Richwood.

13th: Edgar S. White, Clarksburg, vs Walter A. Holden, Salem.

14th: John Crynock, Morgantown, vs William Moreland, Morgantown.

15th: Dayton R. Stemple, Philippi, vs Loyd L. Shriver, Grafton.

16th: C. S. Musser, Shepherdstown, vs Clarence E. Martin, Martinsburg.

A good permanent can be combed in several different do-it-yourself ways.

## Secrets Of Charm

# by John Robert Powers

### No More Fuzz

One of the greatest spirit-lifters for any time of the year, but particularly in summer, is a permanent wave. During these carefree months, it makes life so much easier.

Have you been afraid of getting a permanent because your hair frizzes too easily? This is foolish because a frizzy permanent is really a thing of the past.

Today, there's a permanent wave for nearly every kind of hair. There are dozens of types and brands. You always have a choice—either a home-type permanent or one done by your hairdresser. Whichever you decide on, though, try a test curl before the entire head is done. You should even do this with the home permanent.

But whether you're of the do-it-yourself school or a salon devotee, start it all off with a good haircut by a professional. He can snip, shape and style it so that your permanent will be more successful. Also, so that you can handle your own wave easier at home.

You may have curls all over your head, or just on the ends. With a new wave, you can vary your hair-do and change your looks. It's good for the morale, and you can be a flattering conversation piece as you comb it in several different ways.

A permanent is the first step toward good hair styling, except in the case of naturally curly hair. Very curly hair doesn't need a permanent (but it must be disciplined so that it will behave). If you have some natural wave, but not enough in the back so that you have the nightly pin-up routine, then you can just get a wave on the ends.

If you're awkward at making pin curls and at using curlers, by all means leave your wave to an expert. Also, if your hair has become damaged, from overbleaching, it will require special, expert handling.

One last thing: remember you don't want too much curl or too little—hit the happy medium. This is always the secret of a good permanent.

THE GREATEST EVENT IN MOTION PICTURE HISTORY
THE TEN COMMANDMENTS

Cecil B. DeMille's film dramatization of "THE TEN COMMANDMENTS" is the biggest production in the history of the screen—guided by the man whose motion pictures have been seen by one and a half times the total population of the entire world.
Ten years were spent in planning the production, three years were devoted to research and preliminary exploration, three years were required for preparation and writing of the script and, finally, more than two years were spent in the actual filming.
An imposing cast, as enormous as the film itself and unparalleled in its combinations of distinguished players, was assembled by Mr. DeMille from the screen, the stage, television and radio, blending the top talents of every theatrical field.

# Stahr Is Highest Paid University Head

MORGANTOWN, W. Va. (UPI) —West Virginia University President-elect Elvis J. Stahr Jr., 42, will be the highest paid president in the university's history but not the youngest.

When Stahr's appointment was announced last weekend, it was reported that the vice chancellor at the University of Pittsburgh would be the youngest man ever to head WVU when he takes over next February.

However, a check of records here showed that Jerome Hall Raymond was only 28 when he was inaugurated as president in 1897.

Bill Hart, editor of the Morgantown Dominion News, reported, however, his records show that even Raymond was not the youngest president of the University. He said John R. Thompson, who became president prior to the 1890's was the youngest at 25.

Stahr, former dean of the law college and provost at the University of Kentucky, will receive a salary of $30,000, or $8,000 a year more than retiring president Irvin Stewart.

Stewart, who was 47 at the time he became president in 1946, will leave the university Aug. 26. College of Law Dean Clyde L. Colson will serve as acting president pending Stahr's arrival.

## Stahr Is Highest Paid University Head

MORGANTOWN, W. Va. (UPI) —West Virginia University President-elect Elvis J. Stahr Jr., 42, will be the highest paid president in the university's history but not the youngest.

When Stahr's appointment was announced last weekend, it was reported that the vice chancellor at the University of Pittsburgh would be the youngest man ever to head WVU when he takes over next February.

However, a check of records here showed that Jerome Hall Raymond was only 28 when he was inaugurated as president in 1897.

Bill Hart, editor of the Morgantown Dominion News, reported, however, his records show that even Raymond was not the youngest president of the University. He said John R. Thompson, who became president prior to the 1890's was the youngest at 25.

Stahr, former dean of the law college and provost at the University of Kentucky, will receive a salary of $30,000, or $8,000 a year more than retiring president Irvin Stewart.

Stewart, who was 47 at the time he became president in 1946, will leave the university Aug. 26. College of Law Dean Clyde L. Colson will serve as acting president pending Stahr's arrival.

# Copper Price Cut Stirs Selling Wave In Market

NEW YORK (UPI)—A copper price cut and a warning by President Eisenhower against too high prices touched off a late sell-off on volume which kept reporting tickers as much as seven minutes behind floor transactions.

Copper stocks lost 2 points or more in Magma, Miami, Phelps Dodge, Kennecott and Anaconda and there were a few other sharp declines but the list, over-all, showed the narrow irregularity which had marked trading throughout the session.

Volume, despite the late activity, totaled only 3,440,000 shares, contrasted with Tuesday's 4,210,000.

Reporting tickers ran late three times during the day — twice briefly in the first hour with prices steady and then again from 2:40 to 3:19 p.m.

A ½ cent a pound copper price cut by a leading custom smelter touched off the selling and it was accelerated by President Eisenhower's warning to management and labor that too high prices could bring trouble from consumers.

Aluminum shares went down with the coppers — 2¾ in Alcoa, 1¾ Kaiser, 1½ Aluminum — and there were some substantial declines in steels. U. S. Steel, Bethlehem, Republic, Lukens and National were off around a point.

**DAILY CRYPTOQUOTE — Here's how to work it:**

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

The bidding:

| South | West | North | East |
|---|---|---|---|
| 1 spade | 2 clubs | 2 hearts | Pass |
| 3 spades | Pass | 4 hearts | Double |
| 4 spades | Double | Pass | Pass |
| Pass | | | |

Opening lead: Heart ace.

The lot of the bridge writer is not at all times a bed of roses. He spends day after day impressing his flock with the maxim that "The place for the ace is on the king" when along comes a situation in which the gesture of placing one's ace on the king is a simple act of hara-kiri.

It's a bit discouraging to the student after he has mastered the textbook principle to find that he must start all over again to learn a lot of exceptions. And it's a bit wearing on the scribe to make excuses for all these exceptions. Observe today's case.

East's double of four hearts was strictly of the bullying type. The fact that East had no reason to believe he could defeat North was the least objection to the double. Even if he were quite convinced that the heart bid was down, it would be bad tactics to chase the opposition to some other contract which might be unbeatable.

The ace of hearts was cashed, and West made the proper shift to the king of diamonds. He naturally hoped that East held the queen at least, but even if he didn't it was the correct play. Declarer surely has no more hearts, and if the ace of diamonds can be removed from dummy, discards will not be available on the high hearts.

Had declarer taken the king with the ace the contract would have been defeated. Presumably the king of hearts would be led and a discard taken. West would ruff and get out of his hand with a trump, and declarer would have to lose four tricks.

But declarer refused to take the king of diamonds. The suit was continued, and the trick taken in the closed hand. Trumps were extracted and then the discards taken by entering dummy with the ace of diamonds. West is still waiting for partner to take a trick.

## Chicago Grains

CHICAGO (UPI)—Grain futures prices closed fairly firm, with some easier prices in corn, on the Chicago Board of Trade Wednesday.

Wheat closed up ¼ to ¾ cent; corn (old) off ¼ to ⅝ cent; (new) off ⅜ to 1 cent; oats up ¼ to off ⅞ cent; rye up ⅜ to off ¼ cent; soybeans off 1¾ to 2⅛ cents.

Mill buying strengthened wheat futures and pushed most contracts into strong price levels. Export interests drew a good deal of attention, particularly Poland's reported purchase of two cargoes of red wheat and India's expected buying of hard wheat shortly. Southwestern grain belt regions showed diminished farm selling of cash crops.

Easier prices dominated a quiet corn market trade throughout the day. Liquidation was noticed in the old December option and vigorous cash house selling sparked business in the September contract.

Rallies were seen in oats as one elevator house sold December and bought in September deliveries. Commission houses seemed interested only in the December contract.

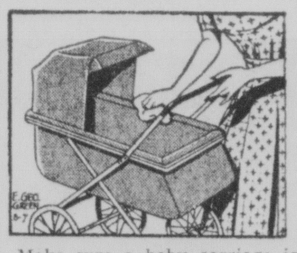

A decline in oil prices injected easiness into soybean crop prices. Trade was moderately active. Here, the November option experienced some commercial buying. The range:

# Copper Price Cut Stirs Selling Wave In Market

NEW YORK (UPI)—A copper price cut and a warning by President Eisenhower against too high prices touched off a late sell-off on volume which kept reporting tickers as much as seven minutes behind floor transactions.

Copper stocks lost 2 points or more in Magma, Miami, Phelps Dodge, Kennecott and Anaconda and there were a few other sharp declines but the list, over-all, showed the narrow irregularity which had marked trading throughout the session.

Volume, despite the late activity, totaled only 3,440,000 shares, contrasted with Tuesday's 4,210,000.

Reporting tickers ran late three times during the day — twice briefly in the first hour with prices steady and then again from 2:40 to 3:19 p.m.

A ½ cent a pound copper price cut by a leading custom smelter touched off the selling and it was accelerated by President Eisenhower's warning to management and labor that too high prices could bring trouble from consumers.

Aluminum shares went down with the coppers — 2¾ in Alcoa, 1¾ Kaiser, 1½ Aluminum — and there were some substantial declines in steels. U. S. Steel, Bethlehem, Republic, Lukens and National were off around a point.

**DAILY CRYPTOQUOTE — Here's how to work it:**

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

The bidding:

| South | West | North | East |
|---|---|---|---|
| 1 spade | 2 clubs | 2 hearts | Pass |
| 3 spades | Pass | 4 hearts | Double |
| 4 spades | Double | Pass | Pass |
| Pass | | | |

Opening lead: Heart ace.

The lot of the bridge writer is not at all times a bed of roses. He spends day after day impressing his flock with the maxim that "The place for the ace is on the king" when along comes a situation in which the gesture of placing one's ace on the king is a simple act of hara-kiri.

It's a bit discouraging to the student after he has mastered the textbook principle to find that he must start all over again to learn a lot of exceptions. And it's a bit wearing on the scribe to make excuses for all these exceptions. Observe today's case.

East's double of four hearts was strictly of the bullying type. The fact that East had no reason to believe he could defeat North was the least objection to the double. Even if he were quite convinced that the heart bid was down, it would be bad tactics to chase the opposition to some other contract which might be unbeatable.

The ace of hearts was cashed, and West made the proper shift to the king of diamonds. He naturally hoped that East held the queen at least, but even if he didn't it was the correct play. Declarer surely has no more hearts, and if the ace of diamonds can be removed from dummy, discards will not be available on the high hearts.

Had declarer taken the king with the ace the contract would have been defeated. Presumably the king of hearts would be led and a discard taken. West would ruff and get out of his hand with a trump, and declarer would have to lose four tricks.

But declarer refused to take the king of diamonds. The suit was continued, and the trick taken in the closed hand. Trumps were extracted and then the discards taken by entering dummy with the ace of diamonds. West is still waiting for partner to take a trick.

## Chicago Grains

CHICAGO (UPI)—Grain futures prices closed fairly firm, with some easier prices in corn, on the Chicago Board of Trade Wednesday.

Wheat closed up ¼ to ⅜ cent; corn (old) off ¼ to ⅜ cent; (new) off ⅜ to 1 cent; oats up ¼ to off ⅞ cent; rye up ⅜ to off ¼ cent; soybeans off 1¾ to 2⅛ cents.

Mill buying strengthened wheat futures and pushed most contracts into strong price levels. Export interests drew a good deal of attention, particularly Poland's reported purchase of two cargoes of red wheat and India's expected buying of hard wheat shortly. Southwestern grain belt regions showed diminished farm selling of cash crops.

Easier prices dominated a quiet corn market trade throughout the day. Liquidation was noticed in the old December option and vigorous cash house selling sparked business in the September contract.

Rallies were seen in oats as one elevator house sold December and bought in September deliveries. Commission houses seemed interested only in the December contract.

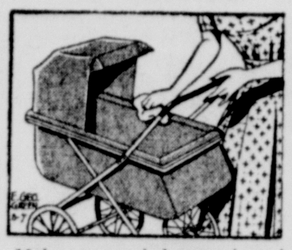

A decline in oil prices injected easiness into soybean crop prices. Trade was moderately active. Here, the November option experienced some commercial buying. The range:

# Registration Tour Starts On August 28

### 24 Communities Will Be Visited

A registration itinerary for the convenience of prospective new voters has been arranged by the Allegany County Board of Election Supervisors to start Thursday, August 28, and end Monday, September 22.

Irvin J. Neat, Republican registrar and chief clerk of the board, observed that any person who will have reached his 21st birthday on or before November 4 and who will have lived in Allegany County at least one year on or before November 4 may register now at the Board of Election Supervisors' headquarters in the Court House basement. The office is open from 9 a. m. until 4 p. m. Monday through Friday and from 9 a. m. until noon on Saturdays.

Mr. Neat cautioned that under a change in the election laws adopted by the General Assembly in Annapolis, the last day to register before a general election now is 42 days instead of the former 30 days. September 22 is the final registration day.

Since the registration books were reopened after the May 20 primary election only 41 prospective new voters had registered up to and including July 31. The new registrants in June and July included 25 Republicans, 13 men and 12 women, and 16 Democrats, 12 men and four women.

John J. Zapf and Miss Bessie R. Baird, substitute registrars, will sit at 20 different places for registration purposes between August 28 and September 17. The registrars to sit at Frostburg, Lonaconing, Westernport and Mt. Savage the last four registration days will be announced later.

The registration itinerary:

Thursday, August 28—McCoole Fire Hall, 2 until 5 p. m.; Devon Club Library, Luke, 6 until 9 p. m.; Friday, August 29—Barton City Hall, 2 until 5 p. m.; Midland Fire Hall, 6 until 9 p. m.; Tuesday, September 2—old school house, Shaft, 2 until 5 p. m.; Allegany Methodist Church, Zihlman, 6 until 9 p. m.; Wednesday, September 3—Ellerslie Community Building, 2 until 5 p. m.; Corriganville Fire Hall, 6 until 9 p. m.; Thursday, September 4—LaVale Fire Hall, 2 until 5 p. m. and 6 until 9 p. m.

Friday, September 5—10 a. m. until 1 p. m., Allegany Ballistics Laboratory, Pinto; 2 until 5 p. m., Armstrong's Store, Rawlings; Monday and Tuesday, September 8 and 9, Herman S. Athey Store, 432 Virginia Avenue, South Cumberland, 2 until 5 p. m. and 6 until 9 p. m.

Wednesday, September 10 — 2 until 5 p. m., Bedford Road Fire Hall; 6 until 9 p. m., Baltimore Pike Fire Hall; Thursday, September 11—2 until 5 p. m., Piney Plains School; 6 until 9 p. m., Flintstone Fire Hall; Monday, September 15, 2 until 5 p. m., Oldtown School; 6 until 9 p. m., North Branch Fire Hall; Tuesday, September 16—2 until 5 p. m. and 6 until 9 p. m., Cresaptown School; Wednesday, September 17—2 until 5 p. m. and 6 until 9 p. m., Eckhart School.

Under an act of the General Assembly there must be simultaneous registration at Frostburg, Lonaconing, Westernport and Mt. Savage the last four days before the books are closed. The schedule calls for special registrars to be at the Frostburg City Hall, Lonaconing City Hall, Westernport City Hall and Mt. Savage Community Building from 1 until 5 p. m. and from 6 until 8 p. m. September 18, 19, 20 and 22.

There also will be longer hours at the Board of Election Supervisors' headquarters in the Court House basement for registration the last four days. On September 18 and 19, the board's office will be open from 9 a. m. until 4 p. m. and from 6 until 9 p. m. On Saturday, September 20, the hours will be 9 a. m. until 4 p. m. and on Monday, September 22, they will be 9 a. m. until 4 p. m. and 6 until 9 p. m.

Mr. Neat warned Cumberland residents that if they have only registered at the City Hall they are not registered to vote in the county election in November. This must be done at the Court House.

# Dystrophy Unit Plans Meeting

An executive meeting of the Allegany-Garrett Chapter of the Muscular Dystrophy Association of America Inc. is being planned for next week.

Fire Chief Virgil A. Parker, president, said he conferred with William W. Eareckson, of Baltimore, executive secretary of the national organization.

During their informal meeting at Central Fire Station, plans for the coming chapter year were discussed. All members are being notified of the meeting next week.

The annual campaign will be held in November, at which time canisters will be placed in business establishments and a house-to-house canvass will be made.

Chief Parker pointed out the chapter is not affiliated with the County United Fund, but chapter has a drive of its own to raise funds.

Local firemen are assisted by volunteer firemen throughout the two counties, as well as other interested organizations.

# Assembly May Have 75-Day Annual Session

### Legislative Council Approves Change

BALTIMORE (AP)—The Legislative Council Wednesday approved a bill calling for 75-day yearly sessions of the General Assembly. The Legislature now meets for 30 days in even-numbered years and 90 days during odd-numbered years.

The Judiciary Committee recommended a bill calling for 60-day sessions each year. But Sen. William James (D-Harford) argued that two months did not give sufficient time to give full attention to the budget.

The committee's bill eventually was amended by Del. Lloyd Simpkins (D-Somerset) increasing by 15 the number of days in each session and providing that the sessions start on the third Wednesday of each January. It was approved in this form.

Under present law, the 30-day sessions are intended solely for budgetary matters and measures dealing with the "general welfare" of the state. Because the general welfare clause was subject to loose interpretation by some legislators, many local bills invariably found their way into the legislative mill.

Sen. Joseph Bertorelli (D - Balto 1st) tried to retain the present 30-90 schedule, with the stipulation that only the budget could be acted upon during the 30-day session. But he failed to get a second to his motion, and it died.

If the bill is enacted by the General Assembly and signed by the governor, it must go on the 1960 ballot as a constitutional amendment.

# Carl Howsare's Cows Dominate Competition

July was definitely Carl Howsare's month insofar as the Potomac Valley Dairy Herd Improvement Association was concerned because four of the top seven butterfat producers came from the herd of the farmer from Bedford Valley, Pa.

Two of Mr. Howsare's cows, Whitie, a grade Holstein, and Debra, a registered Jersey, tied for first place with 89 pounds of July butterfat. Whitie produced 1,970 pounds of milk and Debra yielded 1,710. The Pennsylvanian had cows tied for third and sixth in the July honor roll.

Wilbert R. Paul, Mt. Savage, and C. O. and Elizabeth Miller, Midland, also had two cows each among the ten top butterfat producers in the association. Mr. Paul's top cows were tied for third and tied for ninth. The Millers' cows were fifth and tied for sixth.

Three other dairy farmers had one cow each on the select list. They were Lloyd Nave, Bedford Valley, Pa., whose grade Holstein placed eighth; I. L. Brooke and Sons, Pinto, and Calvin P. Dayton, RFD 1, whose cows were in a three-way tie for ninth place with one owned by Mr. Paul.

Some 932 cows were on test during July. The average production of all cows was 681 pounds of milk, 27.5 pounds of butterfat and 4.03 per cent butterfat.

Despite the showing of Mr. Howsare's four top producers, the herd of C. O. and Elizabeth Miller was high herd for July. The 21 cows on test averaged 1,056 pounds of milk, 46.8 pounds of butterfat and 4.56 per cent butterfat.

# County Reports No Drownings This Summer

### Garrett Has Two Victims

Allegany County has been fortunate in not having any drownings this summer, although 85 persons have drowned in Maryland this year, including two in Garrett County last month.

On July 14, Robert Neel Flora Jr., 15, of Union Grove, drowned while attending the 4-H Club summer camp at Pleasant Valley near Bittinger in Garrett County.

The following day, 62-year-old Irvin Thomas Turner of Pittsburgh drowned in the Bulls Arm sector of Deep Creek Lake while on vacation.

Although the state's toll is still below that for the comparable seven-month period of 1957, when there were 95 deaths, the drownings recorded for the month of July totaled 36, in comparison to only 17 for last July.

Dr. Arthur S. Kraus, chief of the Division of Vital Records and Statistics of the State Department of Health, said drownings have occurred at practically all ages, but the number has been somewhat higher among children and young adults.

Boats were involved in 16 of the cases. Several of the drownings that took place during the winter months resulted from victims falling through the ice while skating and hunting.

Counties other than Allegany which have no reported drownings so far this year are Carroll and Howard.

Since this month is a popular vacation month and because many people go to water resorts over the Labor Day weekend, health officials have emphasized the necessity for taking precautions while swimming or boating.

## Commissioners Receive Thanks

The Allegany County Board of Commissioners on Tuesday received a letter of thanks from the Potomac Park Playground Association expressing thanks for work done on the playground.

Mrs. Norma Wright, association secretary, wrote the letter.

# County Issues 48 Building Permits In July

### $188,625 Cost Tops Last Year

July was another busy month for the Allegany County assessing department as 48 building permits were issued for construction estimated by the builders to cost a total of $188,625.

Both totals exceeded corresponding figures in 1957 when 42 permits were issued in July for construction valued at $173,305.

For the first seven months of this year there have been 247 permits issued for construction costing a total of $3,483,709. The major permit for the year was for the $2,308,254 waste treatment plant being built to handle the waste of the West Virginia Pulp and Paper Company mill at Luke, and of the Tri-Towns. This major construction job has been under way since May.

Both totals exceed corresponding seven-month figures for last year when 239 permits were issued and the price tag was $3,407,080. That included a proposed $2,000,000 shopping center along Winchester Road for which construction has not yet been started. Even with that $2 million job, this year's total still is $76,629 ahead of last year.

July permits for construction in the county authorized work in 16 different election districts in the county. The leader, as usual, was Election District 29 in LaVale with eight permits. Next was Election District 16 at North Branch with five. Tied with four each were Election Districts 7, Cresaptown-Rawlings area; 20, Corriganville-Ellerslie, and 31, McCoole.

Four other election districts were credited with three July building permits each. They included Districts 1, Little Orleans; 3, Flintstone; 12, Frostburg, and 21, Gross. Four districts which had two July building permits each were 2, Oldtown; 4, South End suburban; 6, West Side suburban, and 8, Westernport.

One permit each was issued for work in Election Districts 5, North End suburban; 13, Mt. Savage, and 26, Frostburg.

Twenty-one of the 48 July permits were for construction of new dwellings. Others included eight for additions to dwellings, four for garages, three for foundations, one each for foundation and tool shed, foundation under finished dwelling, storage shed, stable, restaurant and garage, summer cottage, machine shop, shop and apartment, addition to cabin, playroom, renew porch and construction of porch.

# Girl Is Struck By Automobile

A four-year-old local girl was treated at Memorial Hospital last night for injuries sustained when she was struck by an auto on Columbia Street.

Dena Shircliffe, daughter of Mr. and Mrs. Raymond Shircliffe, 22 Maple Street, will return to the hospital today for X-rays.

Attaches said the little girl sustained a possible fractured nose and lacerations of her nose and mouth.

The driver of the car, police said, was William R. Thomas, 238 Columbia Street. The accident occurred about 8:30 p.m. near 421 Columbia Street.

Officer Elmer Shank said the little girl darted into the left front of the auto and that no charges have been preferred pending the outcome of the girl's injuries.

# Boys Freed From City Storm Sewer

### Firemen Find 3 Lads Unhurt

East Side firemen went to the rescue of three youngsters who got themselves into a predicament yesterday evening—stranded at the bottom of a storm sewer in the Valley Road section.

Firemen did not learn just how the boys got into the sewer, where they were reportedly trapped a couple of hours.

Neighbors lowered ropes to the boys but they apparently were afraid to climb the ropes, and so it was decided the firemen should be called.

A roof ladder was lowered into the sewer and one of the firemen climbed down the ladder about 12 or 14 feet to make sure the youngsters got back to safety.

The walls of the sewer, one fireman said, are nearly vertical, and possibly the boys, aged 10 or 12, may have slid down into the sewer while playing.

The lads were trapped in an area at the beginning of the storm sewer in the vicinity of the county home property near Valley Street.

Firemen received the call shortly after 6 p. m.

# Injuries Fatal To Man Struck By Locomotive

Charles Wesley Huff, 61-year-old Locust Grove man who was struck by a Western Maryland Railway freight train Tuesday night, died yesterday in Memorial Hospital.

Mr. Huff was struck by the train on the railway's crossing in that community at about 8:45 p.m. Tuesday. He reportedly walked into the path of the slowly-moving engine as it was pulling two loaded cars and a caboose.

Born at Rawlings, Mr. Huff was a son of the late Leonard W. and Mary S. (Baker) Huff. He had been employed at the Amcelle plant of the Celanese Corporation.

Surviving are his widow, Mrs. Beulah I. (Price) Huff; a son, Charles W. Huff, Baltimore Pike; five daughters, Misses Shirley M. and Barbara E. Huff, Mrs. William A. Erek and Mrs. Charles Hill, all of Baltimore, and Mrs. Robert Elder, this city; a brother, Richard L. Huff, Valley Road; three sisters, Mrs. Mary Granigan, Baltimore; Mrs. Carl T. Cookerly, Baltimore Pike, and Mrs. Samuel Umstot, Short Gap, W Va., 10 grandchildren and three great-grandchildren.

The body is at the George Funeral Home.

A requiem mass will be celebrated tomorrow at 9 a.m. at St. Patrick's Catholic Church. Burial will be in Sunset Memorial Park.

The rosary will be recited today at 8 p.m. at the funeral home.

## River, Rainfall Above 29-Year Average Locally

In the monthly report compiled by engineers of the local Geological Survey team, the observed average daily flow of the Potomac River here during July was 515 cubic feet per second, or 333 million gallons per day.

This is 120 per cent of the 29-year average for the month. Daily flow varied between 1,600 cubic feet per second or 1,047 million gallons a day on July 24, and 180 cubic feet per second or 116 million gallons on July 5.

According to Arthur A. Vickers, engineer in charge here, a very slight increase in storage in the Savage River Reservoir caused an average decrease of two cubic feet per second or 1.29 million gallons. This is 0.4 per cent of the flow in the North Branch at Cumberland. All local readings are taken at the Wiley Ford gage.

The total precipitation at Cumberland, as reported by the Weather Bureau, was 3.87 inches during July. This is 0.57 inches above the July average. Average daily temperature was 75.1 degrees, which is 0.6 degrees above normal.

# State's Mental Units Better, Says Perkins

### Doctor Reassures Legislative Council

BY JACK DAVIS

BALTIMORE (AP)—Maryland's commissioner of mental hygiene reassured the Legislative Council Wednesday that state mental hospitals are vastly improved over conditions that existed several years ago.

Dr. Clifton T. Perkins was called before the between-sessions legislative group to explain the withdrawal of accreditation of two state hospitals—Spring Grove and Springfield—two weeks ago by the Joint Commission on Accreditation of Hospitals.

"Actually," Perkins said, "the hospitals are far better off today in regard to the total picture . . . then they were when originally given accreditation some years ago."

Senate President Goldstein (D-Calvert) broke in.

"Then if our institutions are good, I don't want some jerk from Chicago coming in and saying they're no good."

**What Was Wrong**

Dr. John C. Whitehorn, chairman of the Mental Hospital Advisory Board, told the legislators that loss of accreditation of the two hospitals resulted from a change in accrediting personnel.

"The type of inspection made was from a general hospital inspection point of view, where your patients are in beds," he said. "Naturally, conditions in a mental hospital differ — where your patients are ambulatory."

But the inspection did point out the fact that Maryland's mental hospitals are understaffed, he added.

The commission gave as reasons for withdrawing its accreditation of Spring Grove and Springfield:

1. Overcrowding in patient areas.

2. Deficiencies in plant upkeep with special reference to health and safety hazards.

3. Deficiencies in ratios of professional staff to patients, with special reference to physicians and nurses.

**Five-Year Program**

Dr. Perkins said a proposed five-year program, which he submitted to the Maryland Planning Commission last month, should relieve the crowded conditions at the hospitals and build up their staffs to meet anticipated needs.

Dr. Perkins told the legislators that even though the Accreditation of Hospitals Commission dropped the two institutions, they still are recognized by the American Psychiatric Assn.'s Central Inspection Board.

The total effect on the loss of accreditation, he said, is questionable.

"Of course it is desirable to have this recognition," Perkins said. "It could mean that this loss will make it a bit harder to obtain the services of physicians and nurses which we desperately need."

# Registration Tour Starts On August 28

### 24 Communities Will Be Visited

A registration itinerary for the convenience of prospective new voters has been arranged by the Allegany County Board of Election Supervisors to start Thursday, August 28, and end Monday, September 22.

Irvin J. Neat, Republican registrar and chief clerk of the board, observed that any person who will have reached his 21st birthday on or before November 4 and who will have lived in Allegany County at least one year on or before November 4 may register now at the Board of Election Supervisors' headquarters in the Court House basement. The office is open from 9 a. m. until 4 p. m. Monday through Friday and from 9 a. m. until noon on Saturdays.

Mr. Neat cautioned that under a change in the election laws adopted by the General Assembly in Annapolis, the last day to register before a general election now is 42 days instead of the former 30 days. September 22 is the final registration day.

Since the registration books were reopened after the May 20 primary election only 41 prospective new voters had registered up to and including July 31. The new registrants in June and July included 25 Republicans, 13 men and 12 women, and 16 Democrats, 12 men and four women.

John J. Zapf and Miss Bessie R. Baird, substitute registrars, will sit at 20 different places for registration purposes between August 28 and September 17. The registrars to sit at Frostburg, Lonaconing, Westernport and Mt. Savage the last four registration days will be announced later.

The registration itinerary:

Thursday, August 28—McCoole Fire Hall, 2 until 5 p. m.; Devon Club Library, Luke, 6 until 9 p. m.; Friday, August 29—Barton City Hall, 2 until 5 p. m.; Midland Fire Hall, 6 until 9 p. m.; Tuesday, September 2—old school house, Shaft, 2 until 5 p. m.; Allegany Methodist Church, Zihlman, 6 until 9 p. m.; Wednesday, September 3—Ellerslie Community Building, 2 until 5 p. m.; Corriganville Fire Hall, 6 until 9 p. m.; Thursday, September 4—LaVale Fire Hall, 2 until 5 p. m. and 6 until 9 p. m.

Friday, September 5—10 a. m. until 1 p. m., Allegany Ballistics Laboratory, Pinto; 2 until 5 p. m., Armstrong's Store, Rawlings; Monday and Tuesday, September 8 and 9, Herman S. Athey Store, 432 Virginia Avenue, South Cumberland, 2 until 5 p. m. and 6 until 9 p. m.

Wednesday, September 10 — 2 until 5 p. m., Bedford Road Fire Hall; 6 until 9 p. m., Baltimore Pike Fire Hall; Thursday, September 11—2 until 5 p. m., Piney Plains School; 6 until 9 p. m., Flintstone Fire Hall; Monday, September 15, 2 until 5 p. m., Oldtown School; 6 until 9 p. m., North Branch Fire Hall; Tuesday, September 16—2 until 5 p. m. and 6 until 9 p. m., Cresaptown School; Wednesday, September 17—2 until 5 p. m. and 6 until 9 p. m., Eckhart School.

Under an act of the General Assembly there must be simultaneous registration at Frostburg, Lonaconing, Westernport and Mt. Savage the last four days before the books are closed. The schedule calls for special registrars to be at the Frostburg City Hall, Lonaconing City Hall, Westernport City Hall and Mt. Savage Community Building from 1 until 5 p. m. and from 6 until 8 p. m. September 18, 19, 20 and 22.

There also will be longer hours at the Board of Election Supervisors' headquarters in the Court House basement for registration the last four days. On September 18 and 19, the board's office will be open from 9 a. m. until 4 p. m. and from 6 until 9 p. m. On Saturday, September 20, the hours will be 9 a. m. until 4 p. m. and on Monday, September 22, they will be 9 a. m. until 4 p. m. and 6 until 9 p. m.

Mr. Neat warned Cumberland residents that if they have only registered at the City Hall they are not registered to vote in the county election in November. This must be done at the Court House.

# Assembly May Have 75-Day Annual Session

### Legislative Council Approves Change

BALTIMORE (AP)—The Legislative Council Wednesday approved a bill calling for 75-day yearly sessions of the General Assembly. The Legislature now meets for 30 days in even-numbered years and 90 days during odd-numbered years.

The Judiciary Committee recommended a bill calling for 60-day sessions each year. But Sen. William James (D-Harford) argued that two months did not give sufficient time to give full attention to the budget.

The committee's bill eventually was amended by Del. Lloyd Simpkins (D-Somerset) increasing by 15 the number of days in each session and providing that the sessions start on the third Wednesday of each January. It was approved in this form.

Under present law, the 30-day sessions are intended solely for budgetary matters and measures dealing with the "general welfare" of the state. Because the general welfare clause was subject to loose interpretation by some legislators, many local bills invariably found their way into the legislative mill.

Sen. Joseph Bertorelli (D - Balto 1st) tried to retain the present 30-90 schedule, with the stipulation that only the budget could be acted upon during the 30-day session. But he failed to get a second to his motion, and it died.

If the bill is enacted by the General Assembly and signed by the governor, it must go on the 1960 ballot as a constitutional amendment.

# Carl Howsare's Cows Dominate Competition

July was definitely Carl Howsare's month insofar as the Potomac Valley Dairy Herd Improvement Association was concerned because four of the top seven butterfat producers came from the herd of the farmer from Bedford Valley, Pa.

Two of Mr. Howsare's cows, Whitie, a grade Holstein, and Debra, a registered Jersey, tied for first place with 89 pounds of July butterfat. Whitie produced 1,970 pounds of milk and Debra yielded 1,710. The Pennsylvanian had cows tied for third and sixth in the July honor roll.

Wilbert R. Paul, Mt. Savage, and C. O. and Elizabeth Miller, Midland, also had two cows each among the ten top butterfat producers in the association. Mr. Paul's top cows were tied for third and tied for ninth. The Millers' cows were fifth and tied for sixth.

Three other dairy farmers had one cow each on the select list. They were Lloyd Nave, Bedford Valley, Pa., whose grade Holstein placed eighth; I. L. Brooke and Sons, Pinto, and Calvin P. Dayton, RFD 1, whose cows were in a three-way tie for ninth place with one owned by Mr. Paul.

Some 932 cows were on test during July. The average production of all cows was 681 pounds of milk, 27.5 pounds of butterfat and 4.03 per cent butterfat.

Despite the showing of Mr. Howsare's four top producers, the herd of C. O. and Elizabeth Miller was high herd for July. The 21 cows on test averaged 1,056 pounds of milk, 46.8 pounds of butterfat and 4.56 per cent butterfat.

# County Reports No Drownings This Summer

### Garrett Has Two Victims

Allegany County has been fortunate in not having any drownings this summer, although 85 persons have drowned in Maryland this year, including two in Garrett County last month.

On July 14, Robert Neel Flora Jr., 15, of Union Grove, drowned while attending the 4-H Club summer camp at Pleasant Valley near Bittinger in Garrett County.

The following day, 62-year-old Irvin Thomas Turner of Pittsburgh drowned in the Bulls Arm sector of Deep Creek Lake while on vacation.

Although the state's toll is still below that for the comparable seven-month period of 1957, when there were 95 deaths, the drownings recorded for the month of July totaled 36, in comparison to only 17 for last July.

Dr. Arthur S. Kraus, chief of the Division of Vital Records and Statistics of the State Department of Health, said drownings have occurred at practically all ages, but the number has been somewhat higher among children and young adults.

Boats were involved in 16 of the cases. Several of the drownings that took place during the winter months resulted from victims falling through the ice while skating and hunting.

Counties other than Allegany which have no reported drownings so far this year are Carroll and Howard.

Since this month is a popular vacation month and because many people go to water resorts over the Labor Day weekend, health officials have emphasized the necessity for taking precautions while swimming or boating.

## Commissioners Receive Thanks

The Allegany County Board of Commissioners on Tuesday received a letter of thanks from the Potomac Park Playground Association expressing thanks for work done on the playground.

# County Issues 48 Building Permits In July

### $188,625 Cost Tops Last Year

July was another busy month for the Allegany County assessing department as 48 building permits were issued for construction estimated by the builders to cost a total of $188,625.

Both totals exceeded corresponding figures in 1957 when 42 permits were issued in July for construction valued at $173,305.

For the first seven months of this year there have been 247 permits issued for construction costing a total of $3,483,709. The major permit for the year was for the $2,308,254 waste treatment plant being built to handle the waste of the West Virginia Pulp and Paper Company mill at Luke, and of the Tri-Towns. This major construction job has been under way since May.

Both totals exceed corresponding seven-month figures for last year when 239 permits were issued and the price tag was $3,407,080. That included a proposed $2,000,000 shopping center along Winchester Road for which construction has not yet been started. Even with that $2 million job, this year's total still is $76,629 ahead of last year.

July permits for construction in the county authorized work in 16 different election districts in the county. The leader, as usual, was Election District 29 in LaVale with eight permits. Next was Election District 16 at North Branch with five. Tied with four each were Election Districts 7, Cresaptown-Rawlings area; 20, Corriganville-Ellerslie, and 31, McCoole.

Four other election districts were credited with three July building permits each. They included Districts 1, Little Orleans; 3, Flintstone; 12, Frostburg, and 21, Gross. Four districts which had two July building permits each were 2, Oldtown; 4, South End suburban; 6, West Side suburban, and 8, Westernport.

One permit each was issued for work in Election Districts 5, North End suburban; 13, Mt. Savage, and 26, Frostburg.

Twenty-one of the 48 July permits were for construction of new dwellings. Others included eight for additions to dwellings, four for garages, three for foundations, one each for foundation and tool shed, foundation under finished dwelling, storage shed, stable, restaurant and garage, summer cottage, machine shop, shop and apartment, addition to cabin, playroom, renew porch and construction of porch.

# Girl Is Struck By Automobile

Dena Shircliffe, daughter of Mr. and Mrs. Raymond Shircliffe, 22 Maple Street, will return to the hospital today for X-rays.

Attaches said the little girl sustained a possible fractured nose and lacerations of her nose and mouth.

The driver of the car, police said, was William R. Thomas, 238 Columbia Street. The accident occurred about 8:30 p.m. near 421 Columbia Street.

Officer Elmer Shank said the little girl darted into the left front of the auto and that no charges have been preferred pending the outcome of the girl's injuries.

# Boys Freed From City Storm Sewer

### Firemen Find 3 Lads Unhurt

East Side firemen went to the rescue of three youngsters who got themselves into a predicament yesterday evening—stranded at the bottom of a storm sewer in the Valley Road section.

Firemen did not learn just how the boys got into the sewer, where they were reportedly trapped a couple of hours.

Neighbors lowered ropes to the boys but they apparently were afraid to climb the ropes, and so it was decided the firemen should be called.

A roof ladder was lowered into the sewer and one of the firemen climbed down the ladder about 12 or 14 feet to make sure the youngsters got back to safety.

The walls of the sewer, one fireman said, are nearly vertical, and possibly the boys, aged 10 or 12, may have slid down into the sewer while playing.

The lads were trapped in an area at the beginning of the storm sewer in the vicinity of the county home property near Valley Street.

Firemen received the call shortly after 6 p. m.

# Injuries Fatal To Man Struck By Locomotive

Charles Wesley Huff, 61-year-old Locust Grove man who was struck by a Western Maryland Railway freight train Tuesday night, died yesterday in Memorial Hospital.

Mr. Huff was struck by the train on the railway's crossing in that community at about 8:45 p.m. Tuesday. He reportedly walked into the path of the slowly-moving engine as it was pulling two loaded cars and a caboose.

Born at Rawlings, Mr. Huff was a son of the late Leonard W. and Mary S. (Baker) Huff. He had been employed at the Amcelle plant of the Celanese Corporation.

Surviving are his widow, Mrs. Beulah I. (Price) Huff; a son, Charles W. Huff, Baltimore Pike; five daughters, Misses Shirley M. and Barbara E. Huff, Mrs. William A. Erek and Mrs. Charles Hill, all of Baltimore, and Mrs. Robert Elder, this city; a brother, Richard L. Huff, Valley Road; three sisters, Mrs. Mary Granigan, Baltimore; Mrs. Carl T. Cookerly, Baltimore Pike, and Mrs. Samuel Umstot, Short Gap, W Va., 10 grandchildren and three great-grandchildren.

The body is at the George Funeral Home.

A requiem mass will be celebrated tomorrow at 9 a.m. at St. Patrick's Catholic Church. Burial will be in Sunset Memorial Park.

The rosary will be recited today at 8 p.m. at the funeral home.

## River, Rainfall Above 29-Year Average Locally

In the monthly report compiled by engineers of the local Geological Survey team, the observed average daily flow of the Potomac River here during July was 515 cubic feet per second, or 333 million gallons per day.

This is 120 per cent of the 29-year average for the month. Daily flow varied between 1,600 cubic feet per second or 1,047 million gallons a day on July 24, and 180 cubic feet per second or 116 million gallons on July 5.

According to Arthur A. Vickers, engineer in charge here, a very slight increase in storage in the Savage River Reservoir caused an average decrease of two cubic feet per second or 1.29 million gallons. This is 0.4 per cent of the flow in the North Branch at Cumberland. All local readings are taken at the Wiley Ford gage.

The total precipitation at Cumberland, as reported by the Weather Bureau, was 3.87 inches during July. This is 0.57 inches above the July average. Average daily temperature was 75.1 degrees, which is 0.6 degrees above normal.

# State's Mental Units Better, Says Perkins

### Doctor Reassures Legislative Council

BY JACK DAVIS

BALTIMORE (AP)—Maryland's commissioner of mental hygiene reassured the Legislative Council Wednesday that state mental hospitals are vastly improved over conditions that existed several years ago.

Dr. Clifton T. Perkins was called before the between-sessions legislative group to explain the withdrawal of accreditation of two state hospitals—Spring Grove and Springfield—two weeks ago by the Joint Commission on Accreditation of Hospitals.

"Actually," Perkins said, "the hospitals are far better off today in regard to the total picture . . . then they were when originally given accreditation some years ago."

Senate President Goldstein (D-Calvert) broke in.

"Then if our institutions are good, I don't want some jerk from Chicago coming in and saying they're no good."

**What Was Wrong**

Dr. John C. Whitehorn, chairman of the Mental Hospital Advisory Board, told the legislators that loss of accreditation of the two hospitals resulted from a change in accrediting personnel.

"The type of inspection made was from a general hospital inspection point of view, where your patients are in beds," he said. "Naturally, conditions in a mental hospital differ — where your patients are ambulatory."

But the inspection did point out the fact that Maryland's mental hospitals are understaffed, he added.

The commission gave as reasons for withdrawing its accreditation of Spring Grove and Springfield:

1. Overcrowding in patient areas.

2. Deficiencies in plant upkeep with special reference to health and safety hazards.

3. Deficiencies in ratios of professional staff to patients, with special reference to physicians and nurses.

**Five-Year Program**

Dr. Perkins said a proposed five-year program, which he submitted to the Maryland Planning Commission last month, should relieve the crowded conditions at the hospitals and build up their staffs to meet anticipated needs.

Dr. Perkins told the legislators that even though the Accreditation of Hospitals Commission dropped the two institutions, they still are recognized by the American Psychiatric Assn.'s Central Inspection Board.

The total effect on the loss of accreditation, he said, is questionable.

"Of course it is desirable to have this recognition," Perkins said. "It could mean that this loss will make it a bit harder to obtain the services of physicians and nurses which we desperately need."
